Pascal and the Mystical Tradition, by F. T. H. Fletcher Frank Thomas Herbert Fletcher,1954 **Pascal & Te Mystical Tradition** F.T. Fletcher, *The Immediacy of Mystical Experience in the European Tradition* Miklós Vassányi,Enikő Sepsi,Anikó Daróczi,2017-01-19 This volume examines mystical experiences as portrayed in various ways by authors such as philosophers mystics psychoanalysts writers and peasant women These mystical authors have throughout the ages attempted to convey the unsayable through writings paintings or oral stories The immediate experience of God is the primary source and ultimate goal of these mystical expressions This experience is essentially ineffable yet all mystical authors either consciously or unconsciously feel an urge to convey what they have undergone in the moments of rapture At the same time they are in the role of intermediaries the goal of their self expression either written painted or oral is to make others somehow understand or feel what they have experienced and to lead others toward the spiritual goal of human life This volume studies the mystical experiences and the way they have been described or portrayed in West European culture from Antiquity to the present from an interdisciplinary perspective and approaches the concept of immediate experience in various ways *Studies in Pascal's Ethics* A.W. Baird,2012-12-06 The aim of these studies is to show how Pascal s moral outlook reflects the influence on his thought of the basic doctrine of the three orders This does not mean that an attempt is made to classify all Pascal s moral judgements in order to relate them to that doctrine The intention is rather to distinguish the different moral stances Pascal takes and to ascertain how far the apparent inconsistencies between them can be explained if not reconciled in the light of the orders It is made clear at the outset how the three orders form the framework of Pascal s scale of values with the different orders representing at once categories of moral value and orders of being The peculiar nature of this scale in which moral and ontological values coalesce calls for a double criterion or variable to allow for differences both of degree and of kind Since the criterion of rank in the scale is reality the assigning of value becomes largely

a question of perspective a quality from a given order taken by itself is real and has moral value but when compared with a quality from a higher order it loses both its reality and its worth **Philosophic Classics, Volume III** Forrest

Plott,Mays,2024-09-09 *A History of Philosophy* Frederick Charles Copleston,1993 Conceived originally as a serious presentation of the development of philosophy for Catholic seminary students Frederick Copleston s nine volume *A History Of Philosophy* has journeyed far beyond the modest purpose of its author to universal acclaim as the best history of philosophy in English Copleston an Oxford Jesuit of immense erudition who once tangled with A J Ayer in a fabled debate about the existence of God and the possibility of metaphysics knew that seminary students were fed a woefully inadequate diet of theses and proofs and that their familiarity with most of history s great thinkers was reduced to simplistic caricatures Copleston set out to redress the wrong by writing a complete history of Western philosophy one crackling with incident and intellectual excitement and one that gives full place to each thinker presenting his thought in a beautifully rounded manner and showing his links to those who came after him **A History of Philosophy** Frederick Copleston,1999-09-22 Copleston an Oxford Jesuit and specialist in the history of philosophy first created his history as an introduction for Catholic ecclesiastical seminaries However since its first publication the last volume appearing in the mid 1970s the series has become the classic account for all philosophy scholars and students The 11 volume series gives an accessible account of each philosopher s work but also explains their relationship to the work of other philosophers **Philosophic Classics: From**
