particular long despised as superstitious has recovered its place as the native higher religion But while the Chinese state tried from the fifth century on to construct an orthodoxy based on Confucianism Daoism and Buddhism local society everywhere carved out for itself its own geomantically defined space and organized itself around local festivals in honor of gods of its own choosing gods who were often invented and then represented by illiterate mediums Looking at China from the point of view of elite or popular culture therefore produces very different results John Lagerwey has done extensive fieldwork on local society and its festivals This book represents a first attempt to use this new research to integrate top down and bottom up views of Chinese society culture and history It should be of interest to a wide range of China specialists students of religion and popular culture as well as participants in the ongoing interdisciplinary dialogue between historians and anthropologists John Lagerwey is professor of Daoist history at the cole Pratique des Hautes tudes and of Chinese studies at the Chinese University of Hong Kong He is author of Taoist Ritual in Chinese Society and History and editor of the 30 volume Traditional Hakka Society Series as well as the recently published four volume set Early Chinese Religion THE CARMINA Catulle,2024-02-26 The Carmina by Caius Valerius Catullus commonly known as Catullus is a remarkable collection of Roman poetry from the 1st century BCE Catullus often hailed as the master of lyric poetry in Latin presents readers with an intimate and diverse array of verses In The Carmina Catullus explores themes of love desire friendship and social commentary His poetry is known for its emotional intensity ranging from tender expressions of affection to scathing invective Catullus employs a variety of meters and genres showcasing his versatility as a poet Central to the collection are Catullus s love poems particularly those addressed to his beloved Lesbia These poems reveal a complex emotional landscape ranging from ecstasy to heartbreak Additionally Catullus engages in witty and satirical compositions providing a glimpse into the social and political context of ancient Rome The enduring appeal of The Carmina lies in Catullus s ability to capture the complexities of the human experience with vivid and often provocative language His influence extends to later poets and his work remains a testament to the enduring power of lyric poetry Immerse yourself in the passionate and eloquent verses of Catullus where each poem unfolds as a window into the vibrant world of ancient Roman emotions and relationships *The Carmina of Caius Valerius Catullus* Gaius Valerius Catullus,1894 Poetry and Theology in the Modernist Period Anthony Domestico,2017-10-17 What if the religious themes and allusions in modernist poetry are not just metaphors Following the religious turn in other disciplines literary critics have emphasized how modernists like Woolf and Joyce were haunted by Christianity s cultural traces despite their own lack of belief In Poetry and Theology in the Modernist Period Anthony Domestico takes a different tack arguing that modern poets such as T S Eliot W H Auden and David Jones were interested not just in the aesthetic or social implications of religious experience but also in the philosophically rigorous dogmatic vision put forward by contemporary theology These poets took seriously the truth claims of Christian theology for them religion involved intellectual and emotional assent doctrinal articulation and ritual practice Domestico reveals how an important

strand of modern poetry actually understood itself in and through the central theological questions of the modernist era What is transcendence and how can we think and write about it What is the sacramental act and how does its wedding of the immanent and the transcendent inform the poetic act How can we relate kairos holy time to chronos clock time Seeking answers to these complex questions Domestico examines both modernist institutions the Criterion and specific works of modern poetry Eliot s Four Quartets and Jones s The Anathemata The book also traces the contours of what it dubs theological modernism a body of poetry that is both theological and modernist In doing so this book offers a new literary history of the modernist period one that attends both to the material circulation of texts and to the broader intellectual currents of the time *Penguin Sri Aurobindo Reader* Makarand Paranjape,Paranjape,Makarand, **Tell You What** Susanna Andrew,Jolisa Gracewood,2015-11-23 Our editors went out into New Zealand and rounded up a pile of blogs and travelogues memoirs and journalism some of the best true stories from the last year or so We ve got bullies and Barbie chakra and shipwrecks loose lips and AK47s From Oamaru to Xinjiang to New York Tell You What 2016 introduces us to some extraordinary tales of coming out and going home of living and dying of tragedy and transformation *Mirage* ,2014-01-15 The young son of the head of the Chinese traders association the men licensed to deal with foreign merchants in the port of Guangzhou is suddenly burdened with responsibility for his powerful family upon his father s sudden death A latterday Baoyu but with far stronger sexual impulses the son learns both to tame his own libido to some degree and to conduct himself prudently in the Guangzhou society of his time All of this appears in a comparatively littleknown and littlestudied novel called Shenlou zhi which is here translated for the first time The novel was actually first published in 1804 several decades before opium became a factor in the China trade It is not only by far the earliest novel to deal with that trade but also one of the earliest accounts of it Furthermore it has been found to be closely connected to events that occurred in Guangzhou and Huizhou in the years just before the time of its publication the arrival of a new Superintendent of Customs in Guangzhou and the outbreak of rebellion in Huizhou This strikingly original work develops the culture of adolescence that was first described in Honglou meng and also relishes in its account of the rebellion the romantic conventions of Shuihu zhuan **Early Auden, Later Auden** Edward Mendelson,2017-04-25 Presented in one volume for the very first time and updated with new archival discoveries Early Auden Later Auden reintroduces Edward Mendelson s acclaimed two part biography of W H Auden 1907-73 one of the greatest literary figures of the twentieth century This book offers a detailed history and interpretation of Auden s oeuvre spanning the duration of his career from juvenilia to his final works in poetry as well as theatre film radio opera essays and lectures Early Auden Later Auden follows the evolution of the poet s thought offering a comparison of Auden s views at various junctures over a lifetime With penetrating insight Mendelson examines Auden s early ideas methods and personal transitions as reflected in poems manuscripts and private papers The book then links changes in Auden s intellectual emotional and religious experience with his shifting public role showing the depth of his

personal struggles with self and with fame and the means by which these internal conflicts were reflected in his art in later years Featuring a new preface by the author Early Auden Later Auden is an engaging and timeless work that demonstrates Auden s remarkable range and complexity paying homage to his enduring legacy **The Bible in the Light of Nature, of Man, and of God** Alexander Chisholm,1891 *The Master-key* David Blair (Philosophical writer.),1914 *Sappho: Memoir, text, selected renderings, and a literal translation* Henry Thornton Wharton,2022-05-28 In *Sappho Memoir text selected renderings and a literal translation* Henry Thornton Wharton offers a compelling exploration of the poetic legacy of Sappho one of the most enigmatic figures of ancient literature Wharton s work deftly intertwines a biographical memoir with a critical analysis of Sappho s fragments presenting not only the most authentic texts available but also a literal translation that captures the lyrical essence of her verse The book showcases Wharton s scholarly rigor and elegant prose situating Sappho s work within the broader framework of Hellenistic poetry while also engaging readers in a dialogue about themes of love identity and the female voice in antiquity Henry Thornton Wharton was an acclaimed scholar of ancient literature known for his deep interest in classical texts and their translations His academic background is reflected in this work he blends meticulous research with an accessible narrative style making Sappho s poetry resonate with contemporary audiences Wharton s passion for bringing ancient works to modern light is deeply rooted in his belief in the timelessness of their emotional depth and universality which draws readers into Sappho s lyrical world This book is a must read for both scholars of classical literature and poetry enthusiasts alike Wharton s insightful approach not only honors Sappho s contributions but invites readers to engage intimately with her enduring messages Whether you are familiar with her work or new to her poetry Wharton s judicious selections and translations provide an invaluable resource that will enhance your understanding of one of history s greatest poets
