Passionate Mind of Maxine Greene William F. Pinar, 2005-08-08 This collection of work is an analysis and investigation into Maxine Greene the most important philosopher of education in the United States today The book opens and concludes with Greene s own autobiographical statements Trotsky, The Passionate Revolutionary Allan Todd, 2022-09-15 Although

Trotsky was dramatically assassinated just over eighty years ago he remains a controversial figure He has had many biographers over the decades ranging from the overly sympathetic to the extremely hostile Robert Service his most recent biographer expressed the hope that his book would finish off Trotsky a job he believed the ice axe had failed to do in 1940 This biography as expected deals with those aspects for which Trotsky is noted his passionate and fiery oratory which captivated and inspired huge crowds organising the Bolshevik Revolution of November 1917 masterminding the creation of the Red Army and ensuring its victory during the Civil War becoming the most determined opponent of Stalin s creation of a monolithic party and state being a Marxist theoretician of socialist revolution and combatting fascism and of course being the originator of the very specific brand of revolutionary socialism that as early as 1906 became known as Trotskyism However this biography also explores other aspects of Trotsky s life which are not so well known In particular from a very early age his love of writing the world of books and publishing became his first passion it remained his first love and if revolutionary

politics had not taken over his life would have been a very literary one Immediately after the November Revolution he hoped to return to his literary work believing his main practical work as a revolutionary was over His writings on art and literature when compared to the stultifying strictures of the Socialist Realism associated with Stalinism are remarkably sympathetic and open while he also wrote many perceptive articles as a war correspondent covering both the Balkan Wars and the early stages of the First World War Other aspects covered by this biography concern his family life and his relationships with his children Also explored is his love life while it is known he had a brief affair with the Mexican artist Frida Kahlo there are also suggestions he may have had other affairs Whatever the truth of such allegations he certainly maintained a passionate relationship with his long term companion Natalya Sedova and readers should be aware that one proof of that provided towards the end of this book contains very explicit language

The Exile's Papers: The dirt's passion is flesh sorrow Wayne Clifford, 2014-05-14 Wayne Clifford's The Exile's Papers first appeared in 2007 with the publication of The Duplicity of Autobiography but this creative project a four part series of hundreds of surreal straightforward narrative or mythic and endlessly varying sonnets is the culmination of decades of effort In 2009 the series continued with The Face As Its Thousand Ships and now emerges the third installment The Dirt's Passion Is Flesh Sorrow Described by critics as resonant striking quixotic elegant ribald and jazzy Clifford's sonnets defy categories or boundaries He is a master of the form and every page is an example of how a great poet can use a complicated structure to achieve depth of thought beauty and explosive resolutions or in many cases questions In fact every poem reinvents the sonnet itself and despite all poems sharing the same form each one is sharply conclusively differentiated from the others These are sonnets like you've never read before Clifford often draws on his own life experiences fatherhood love death and uncertainty but he also has plenty to say about God pop culture and the foolhardiness of certain current political figures In the end though the collection remains a remarkably cohesive intelligent and death defying foray into an ancient form that never knew what hit it

Popular Iranian Cinema before the Revolution Pedram Partovi, 2017-07-14 Critics and academics have generally dismissed the commercial productions of the late Pahlavi era best known for their songs and melodramatic plots as shallow derivative entertainment Instead they have concentrated on the more recent internationally acclaimed art films claiming that these constitute Iranian national cinema despite few Iranians having seen them Film discourse and even fan talk have long attempted to marginalize the mainstream releases of the 1960s and 1970s with the moniker filmfarsi ironically asserting that such popular favorites were culturally inauthentic This book challenges the idea that filmfarsi is detached from the past and present of Iranians Far from being escapist Hollywood fare merely translated into Persian it claims that the better films of this supposed genre must be taken as both a subject of and source for modern Iranian history It argues that they have an appeal that relies on their ability to rearticulate traditional courtly and religious ideas and forms to problematize in unexpectedly complex and sophisticated ways the modernist agenda that secular nationalist elites wished to impose on their viewers Taken seriously these films raise

questions about standard treatments of Iran's modern history By writing popular films into Iranian history this book advocates both a fresh approach to the study of Iranian cinema as well as a rethinking of the modernity tradition binary that has organized the historiography of the recent past It will appeal to those interested in Iranian cinema Iranian history and culture and more broadly readers dissatisfied with a dichotomous approach to modernity **Exiled Activism** David McKeever, 2020-10-29 This book examines the relationship between exile and activism Drawing on interviews with activists exiled to England following the military coup d'état in Egypt as an illustrative case it considers whether exile presents any barrier to meaningful political participation Through a comparison of activism in Egypt with exiled activism in England the author explores the mechanisms mediating the changes in the activists' activities tracing the conditions for exile in institutions of dictatorship and shedding light on the process by which activism is decertified and fear of repression becomes internalised within a movement a process that is counteracted in the sanctuary and stability of a host country in which activist networks are founded and the exile repertoire is expanded A significant contribution to social movement theory this book will appeal to sociologists and political scientists with interests in political mobilisation and contentious politics

Passionate Spirituality Elizabeth Dreyer, 2005 *Passionate Spirituality* explores the roots and meanings of passion in Western culture and then examines how passion is expressed in the works of two medieval women mystics Hildegard of Bingen and Hadewijch of Brabant and in the lives of contemporary Christians seeking to deepen their own spiritual journeys Too often the term passion is associated only with steamy films sexual sin and emotional excess cutting off the breadth of its meaning and expression for positive good But the great mystics succeed precisely because they hold together both the affective and the intellectual aspects of the spiritual life in creative and convincing ways Their accounts of their mystical experience are important resources for information and understanding about how to talk about God more formally and for what it means to be passionately in love with God and the world **BOOK JACKET Title Summary field provided by Blackwell North America Inc All Rights Reserved** **The Offense of Love** Ovid, 2014 This work brings together a selection of the author's articles written over a period of 20 years observing the place of alcohol in American culture The text also contains several ethnographic studies of bars in San Diego and a study of court mandated programmes for drink drivers *Passion and Paradox* Joan Cocks, 2009-01-10 From Kosovo to Quebec Ireland to East Timor nationalism has been a recurrent topic of intense debate It has been condemned as a source of hatred and war yet embraced for stimulating community feeling and collective freedom Joan Cocks explores the power danger and allure of nationalism by examining its place in the thought of eight politically engaged intellectuals of the nineteenth and twentieth centuries the antagonist of capital Karl Marx the critics of imperialism Rosa Luxemburg Hannah Arendt and Frantz Fanon the liberal pluralist Isaiah Berlin the neonationalist Tom Nairn and the post colonial writers V S Naipaul and Edward Said Cocks not only sheds new light on the complexities of nationalism but also reveals the tensions that have inspired and troubled intellectuals who have sought to lead lives between

detached criticism and political passion In lively conversational prose Cocks assesses their treatment of questions such as the mythology of national identity the right to national self determination and the morality of nationalist violence While ultimately critical of nationalism she engages sympathetically even with its defenders By illuminating the links that distinguished minds have drawn between thought and action on nationalism in politics this stimulating work provides a rich foundation from which we ourselves might think or act more wisely when confronting a phenomenon that in fundamental and perplexing ways has shaped our world

The Love of Nature Among the Romans During the Later Decades of the Republic and the First Century of the Empire Archibald Geikie, 1912

Love, Friendship, and Expediency in Cicero's Letters Gabriel Evangelou, 2022-03-18 By attacking Epicurean philosophy repeatedly in his public writings Cicero established himself as one of Epicurus' most fervent critics The remarks that he makes about Epicureanism in his letters further suggest a genuine conviction that such a philosophy had no place in Roman society This consistency in Cicero's statements has led most scholars to assume that Cicero could not have embraced any of the principles of the Epicurean school This book challenges the conventional view of Cicero as someone who completely rejected Epicurean philosophy even in his private life because of its utilitarian character It argues that his relationship with Pompey Caesar Atticus Quintus Terentia and Tullia encompassed several aspects of Aristotle's account of love and friendship but was nonetheless ultimately based on expediency in accord with Epicurus' conception of While Cicero's statements in his public speeches and his letters to men with an active public life have been scrutinised for his lack of candour or for his tendency to exaggerate his achievements the claims found in his letters to Atticus and to his family have not been treated with equal caution as they tend to be taken at face value The book highlights the large number of discrepancies in his remarks and argues that despite his anti Epicurean statements personal benefit played a vital role in all of his relationships

Love Simon May, 2019 Simon May develops a radically new understanding of love as the emotion we feel towards those we experience as grounding our life as offering us a promise of home in a world that we supremely value He also proposes that the child is supplanting the romantic partner as the supreme object of love

Unaccompanied Women Jane Juska, 2007-12-18 Before I turn 67 I would like to have a lot of sex with a man I like This inspired personal ad from Jane Juska drew tremendous response and swept the retired teacher into a whirlwind existence she barely recognized as her own She relayed her fun and frank exploits in the bestseller *A Round Heeled Woman* Now Juska continues her astonishing story in this much anticipated new adventure Five years after that fateful ad Juska has become a friend and confessor for women of all ages who confide in her their poignant tragic or blissful stories unaccompanied women who are alone for now but ever searching for intimacy And in spite of Juska's own success *unaccompanied* is a description that applies to her as well She's still looking for a man to keep her company not a husband not even a partner but simply the perfect lover once described by Katharine Hepburn as one who lives nearby and visits often *Unaccompanied Women* embraces not only Juska's continuing explorations of Eros note to fans her younger lover Graham is still on the scene but also a blossoming literary career that catapults her from San Francisco to New York London and Paris At book signings earnest men place themselves purposely at the end of the line in order to engage her in private conversations while women linger to confess their own erotic longings and their experiences with the good the bad and even the ugly All the while Juska is coping with the unnerving possibility of losing her home a tiny cottage in Berkeley California and so her search broadens and intensifies not just for love friendship and sex but also for enough money to keep a roof over her head Jane Juska shares all this richness of living in a poignant and humorous exploration of emotional terrain rarely discussed in our society This wise and warmhearted book provides vivid evidence that the pursuit of pleasure and lasting relationships is not just for the young but also for the young at heart

Revolution Plus Love Liu Jianmei, 2003-09-30 In the aftermath of the May Fourth movement a growing expectation of revolution raised important intellectual issues about the position of the individual within a society in turmoil and the shifting boundaries of political and sexual identities The theme of revolution plus love a literary response to the widespread insurrections and upheaval was first popularized in the late 1920s In her examination of this popular but understudied literary formula Liu Jianmei argues that revolution and love are culturally variable entities their interplay a complex and constantly changing literary practice that is socially and historically determined Liu looks at the formulary writing of revolution plus love from the 1930s to the 1970s as a case study of literary politics Favored by leftist writers during the early period of revolutionary literature it continued to influence mainstream Chinese literature up to the 1970s By drawing a historical picture of the articulation and rearticulation of this theme Liu shows how changes in revolutionary discourse force unpredictable representations of gender rules and power relations and how women's bodies reveal the complex interactions

between political representation and gender roles *Revolution Plus Love* is a nuanced and carefully considered work on gender and modernity in China unmatched in its broad use of literary resources It will be of considerable interest to scholars and students of modern Chinese literature women s studies cultural studies and comparative literature *Cuba and the Politics of Passion* Damián J. Fernández, 2000-12-15 Cuban politics has long been remarkable for its passionate intensity and yet few scholars have explored the effect of emotions on political attitudes and action in Cuba or elsewhere This book thus offers an important new approach by bringing feelings back into the study of politics and showing how the politics of passion and affection have interacted to shape Cuban history throughout the twentieth century Damián Fernández characterizes the politics of passion as the pursuit of a moral absolute for the nation as a whole While such a pursuit rallied the Cuban people around charismatic leaders such as Fidel Castro Fernández finds that it also set the stage for disaffection and disconnection when the grand goal never fully materialized At the same time he reveals how the politics of affection taking care of family and friends outside the formal structures of government has paradoxically both undermined state regimes and helped them remain in power by creating an informal survival network that provides what the state cannot or will not
