Passionate Years:

The Passionate Years Dorothy Valerie Young,1959 *The Passionate Year* James Hilton,2022-09-15 The *Passionate Year* is a short novel by James Hilton A story detailing a young schoolmaster s rise and fall in his profession and the rise and fall of his marriage Excerpt At a quarter to seven he sank into the wicker armchair in his room and gazed pensively at the red tissue paper in the fire grate He had just a few minutes with nothing particular to do in them before going downstairs to dinner at the Head s He was ready dressed and groomed for the occasion polished up to that pitch of healthy cleanliness and sartorial efficiency which the undergraduate of not many weeks before had been wont to present at University functions of the more fashionable sort He looked extraordinarily young almost boyish in his smartly cut lounge suit and patent shoes he thought so himself as he looked in the mirror he speculated a little humorously whether the head prefect would look older or younger than he did *Passionate Bureaucrat, The: Lessons For The 21st Century From 4,500 Years Of Public Service Reform* Max Everest-phillips,2018-06-28 Effective and impartial public administration is the foundation of state legitimacy This was understood 4 500 years ago when Urukagina the ruler of a small country in Mesopotamia proclaimed the first known reform of public service The quality of public administration will be even more important in the 21st century Successful states will be those that recognise public service as a key determinant of national competitive advantage That realisation will generate a radical change in the image of the civil servant from dull uninspired public official to passionate advocate of the common good This transformation will be the product of the complex challenges arising from the interweaving of globalisation with the 4th Industrial Revolution These and related developments are forcing governments around the world to search for public service that can respond to the unprecedented range of opportunities and threats emerging from a rapidly evolving international context In an increasingly frenetic world ruled by Wicked Ostriches and Black Elephants governments require a civil service capable of achieving five outcomes i unlocking the creativity and collaborative spirit needed to solve complex problems ii overcoming the fallacy that the private sector is inherently more innovative and efficient than the public service iii developing societies that are perceived by their citizens as fair iv fostering the trust of citizens in their governments and v bolstering the legitimacy of the state The author who is Director of the United Nations Development Programme s Global Centre for Public Service Excellence in Singapore suggests that these interconnected aims will result in a new phenomenon the public recognition by political leaders and citizens that future prosperity political stability environmental sustainability and social cohesion are dependent on committed and creative civil servants passionate about promoting the long term national interest I shall pass through this world but once Any good therefore that I can do or any kindness that I can show to any human being let me do it now Let me not defer or neglect it for I shall not pass this way again Mahatma Gandhi

Passionate Principalship Ciaran Sugrue,2005 This is a no holds barred account of school leaders lives and work as they juggle with competing and often conflicting policy initiatives *The Cramoisie Queen* Linda Hamalian,2009-04-24

Caresse Crosby rejected the culturally prescribed roles for women of her era and background in search of an independent creative and socially responsible life. Poet, memoirist, advocate of women's rights and the peace movement, Crosby published and promoted modern writers and artists such as Hart Crane, Dorothy Parker, Salvador Dalí, and Romare Bearden. She also earned a place in the world of fashion by patenting one of the earliest versions of the brassiere. Behind her public success was a chaotic life: three marriages, two divorces, the suicide of her husband Harry Crosby, strained relationships with her children, and legal confrontations over efforts to establish a center for world peace. As the first biographer to consider both the literary and social contexts of Crosby's life, Linda Hamalian details Crosby's professional accomplishments and her personal struggles. *The Cramoisy Queen: A Life of Caresse Crosby* also measures the impact of small presses on modernist literature and draws connections between key writers and artists of the era. In addition to securing a place for Crosby in modern literary and cultural history, *The Cramoisy Queen: A Life of Caresse Crosby* contributes to the field of textual studies, specifically the complexities of integrating autobiography and correspondence into biography. Enhanced by thirty-two illustrations, the volume appeals to a wide range of readers, including literary critics, cultural historians, biographers, and gender studies specialists.

A Passionate Schooling: Key Ideas Behind Steiner Waldorf Education Aldino Mazzone, Susan Laing, 2016-05-22. *A Passionate Schooling* provides a clear scholarly overview of the key ideas behind Steiner Waldorf education. It examines how Rudolf Steiner developed his ideas in the context of his life and the culture in which he lived. *A Passionate Schooling* focuses on Steiner's insights as they relate to the nature of the human being, freedom, and the ideals of education and social renewal: new perspectives on child development, the evolution of consciousness, and the transformation of the self. It also explores the concepts of goodness, beauty, and truth as ideals in education, as well as the adaptability of the Steiner Curriculum. It reinterprets Steiner's ideas in the context of postmodernist thought and contemporary challenges and practices. *A Passionate Schooling* is a revealing text for students of education, teachers, and parents. Passionate Possessions of Faith Robert Glen Guenther, 1994. The Guenther family appears to have originated in Switzerland. Members of the family converted to the Anabaptist movement and were forced to flee first to Moravia and later to the valley of the Vistula in Poland and west Prussia. Eventually, members of the family became Mennonites and moved to the Ukraine, where a number of Germans were settling. One of the Guentheres to move there was Franz Guenther, 1827-1900, who married Maria Warkentin and was the father of six children. In 1878, Franz, Maria, and four of their children immigrated to America. They settled in South Dakota, where one of the children, Cornelius F. Guenther, 1853-1934, married Eva Drksen and was the father of fourteen children. Their many descendants live throughout the United States.

The Face of War Martha Gellhorn, 2018-11-20 A collection of first rate frontline journalism from the Spanish Civil War to US actions in Central America by a woman singularly unafraid of guns Vanity Fair For nearly sixty years Martha Gellhorn's fearless war correspondence made her a leading journalistic voice of her generation From the Spanish Civil War in 1937 through the Central American wars of the mid eighties Gellhorn's candid reporting reflected her deep empathy for people regardless of their political ideology Collecting the best of Gellhorn's writing on foreign conflicts and now with a new introduction by Lauren Elkin The Face of War is a classic of frontline journalism by the premier war correspondent of the twentieth century Ward Just The New York Times Magazine Whether in Java Finland the Middle East or Vietnam she used the same vigorous approach I wrote very fast as I had to she says afraid that I would forget the exact sound smell words gestures which were special to this moment and this place As Merle Rubin noted in his review of this volume for The Christian Science Monitor Martha Gellhorn's courageous independent minded reportage breaks through geopolitical abstractions and ideological propaganda to take the reader straight to the scene of the event

The Beginnings of Critical Realism in America Vernon Parrington, 2017-09-29 This final volume of Vernon Louis Parrington's Pulitzer Prize winning study deals with the decay of romantic optimism It shows that the cause of decay is attributed to three sources stratifying of economics under the pressure of centralization the rise of mechanistic science and the emergence of a spirit of skepticism which with teachings of the sciences and lessons of intellectuals has resulted in the questioning of democratic ideals Parrington presents the movement of liberalism from 1913 to 1917 and the reaction to it following World War I He notes that liberals announced that democratic hopes had not been fulfilled the Constitution was not a democratic instrument nor was it intended to be and while Americans had professed to create a democracy they had in fact created a plutocracy Industrialization of America under the leadership of the middle class and the rise of critical attitudes towards the ideals and handiwork of that class are examined in great detail Parrington's interpretation of the literature during this time focuses on four divisions of development the conquest of America by the middle class the challenge of that overlordship by democratic agrarianism the intellectual revolution brought about by science and the appropriation of science by the middle class and the rise of detached criticism by younger intellectuals A new introduction by Bruce Brown highlights Parrington's life and explains the importance of this volume
