Thamyris Mythmaking from the Past to Present Nanny M. W. de Vries, Jan Best, *Writing Women's History Since the Renaissance* Mary Spongberg, 2017-03-08 The complaint of Catherine Morland in Jane Austen's *Northanger Abbey* that history has hardly any women at all is not an uncommon one Yet there is evidence to suggest that women have engaged in historical writing since ancient times This study traces the history of women's historical writing reclaiming the lives of individual women historians recovering women's historical writings from the past and focusing on how gender has shaped the genre of history Mary Spongberg brings together for the first time an extensive survey of the progress of women's historical writing from the Renaissance to the present demonstrating the continuities between women's historical writings in the past and the development of a distinctly woman centred historiography *Writing Women's History since the Renaissance* also examines the relationship between women's history and the development of feminist consciousness suggesting that the study of history has alerted women to their unequal status and enabled them to use history to achieve women's rights

Whether feminist or anti feminist women who have had their historical writings published have served as role models for women seeking a voice in the public sphere and have been instrumental in encouraging the growth of a feminist discourse

Novel Approaches to Lesbian History Linda Garber, 2022-01-01 *Novel Approaches to Lesbian History* tells a tale about history and community in our allegedly post identity era examining contemporary novels that depict lesbian characters in recognizable historical situations These imaginative stories provide a politically vital speculative past in the face of a sketchy problematic archive Among the memorable characters in some 200 novels are pirates cowgirls and famous artists ghosts and time travellers immigrants and lovers The best lesbian historical novels are conscientious and buoyant as they engage critical historiographical questions but *Novel Approaches* also discusses the class and race biases that weigh on the genre Some lesbian historical novels are based on archival evidence others on conjecture or fantasy but all convey the true fact that identity is elusive without a past without which its future is nearly impossible *The Lesbian History Sourcebook* Alison Oram, Annmarie Turnbull, 2013-10-18 This groundbreaking critical anthology gathers together a wide range of primary source material on lesbian lives in the past The material here is drawn from a diverse range of sources including court records newspaper reports literary sources writings on lesbianism from psychologists doctors anthropologists as well as personal letters and journals The sources are arranged into thematic chapters covering topics such as archetypes of lesbians cross dressing women and romantic friends the making of lesbianism in culture professional discourse on lesbians public perceptions of lesbianism and women s own experiences This book will be a milestone in the publishing of lesbian history and is set to provoke the impetus for fresh research *Female Intimacies in Seventeenth-Century French Literature* Marianne Legault, 2016-04-15 Examining literary discourses on female friendship and intimacy in seventeenth century France this study takes as its premise the view that unlike men women have been denied for centuries the possibility of same sex friendship The author explores the effect of this homosocial and homoprivileged heritage on the deployment and constructions of female friendship and homoerotic relationships as thematic narratives in works by male and female writers in seventeenth century France The book consists of three parts the first surveys the history of male thinkers denial of female friendship concluding with a synopsis of the cultural representations of female same sex practices The second analyzes female intimacy and homoeroticism as imagined appropriated and finally repudiated by Honoré d'Urfé's pastoral novel *L'Astrée* and Isaac de Benserade's seemingly lesbian friendly comedy *Iphis et Iante* The third turns to unprecedented depictions of female intimate and homoerotic bonds in Madeleine de Scudéry's novel *Mathilde* and Charlotte Rose de Caumont de La Force's fairy tale *Plus Belle que Fée* This study reveals a female literary genealogy of intimacies between women in seventeenth century France and adds to the research in lesbian and queer studies fields in which pre eighteenth century French literary texts are rare *Sisters and Rivals in British Women's Fiction, 1914-39* D. Wallace, 2000-06-21 What happens when two women love the same man This is the first book to examine female rivalry as a distinctive theme in women s fiction and to

analyze the female identified erotic triangle where two women are rivals for the same man as a narrative pattern which has a special resonance for inter war women writers Focusing on five key writers Diana Wallace offers a reconsideration of inter war women s writing and an examination of the links and rivalries between women writers themselves Space and Irish Lesbian Fiction Amy Jeffrey,2022-06-15 Space and Irish Lesbian Fiction offers an original and much needed study of Irish Lesbian fiction Evaluating a wide body of Irish lesbian fiction ranging from the Victorian era to the contemporary age this book advocates for women writers who have been largely ignored in Irish literary history and criticism This volume examines the use and applications of space in Irish lesbian fiction In recent years it can be argued that Irish society has created a new space for LGBT or queer people The concept of space is thus important both symbolically and physically for lesbian literature In asking if Irish women writers have moved out of the shadows so to speak what space is open to the Irish lesbian author How is spatiality reflected in lesbian representation throughout Irish literary history Space and Irish Lesbian Fiction examines a diverse range of writers from the nineteenth century to the contemporary age evaluating the contributions of largely unknown authors who have been overlooked alongside more established voices within Irish literature The concept of liminality that this volume takes as its theme and focus engage with notions of intersectionality thresholds crossings and transitions In suggesting the overlap between the indeterminate threshold of the liminal space and its ambiguously queer potentiality to examine the dynamics of space and its relationship to lesbianism this ground breaking project both locates and charts spaces of queer liminality in Irish lesbian fiction Aemilia Lanyer Marshall Grossman,2021-05-11 Aemilia Lanyer was a Londoner of Jewish Italian descent and the mistress of Queen Elizabeth s Lord Chamberlain But in 1611 she did something extraordinary for a middle class woman of the seventeenth century she published a volume of original poems Using standard genres to address distinctly feminine concerns Lanyer s work is varied subtle provocative and witty Her religious poem *Salve Deus Rex Judaeorum* repeatedly projects a female subject for a female reader and casts the Passion in terms of gender conflict Lanyer also carried this concern with gender into the very structure of the poem whereas a work of praise usually held up the superiority of its patrons the good women in Lanyer s poem exemplify worth women in general The essays in this volume establish the facts of Lanyer s life and use her poetry to interrogate that of her male contemporaries Donne Jonson and Shakespeare Lanyer s work sheds light on views of gender and class identities in early modern society By using Lanyer to look at the larger issues of women writers working within a patriarchal system the authors go beyond the explication of Lanyer s writing to address the dynamics of canonization and the construction of literary history
