**The Story of Original Loss** Malcolm Owen Slavin, PhD, 2024-05-20 This book explores the universal human existential trauma of original loss a trauma the author describes as arising from our primal human evolutionary loss of experiencing ourselves as innately belonging to and instinctively at home within the larger natural world In this trauma arose our existential awareness of impermanence and mortality along with the need to mourn that loss in order to create a sense of belonging and identity The book describes how the invention of art and group ritual became the collective ways we mourn

our shared existential loss It describes as well how it is the art within the psychoanalytic practice that enables both patient and analyst to grieve their individual versions of our shared original loss Drawing on the work of Winnicott Loewald and Ogden as well as art theory and religion this book offers a new perspective on the intersection of metaphorical artistic thinking and psychoanalysis This book will appeal to psychoanalysts psychotherapists and scholars of poetic visual and musical metaphor creativity evolution and history of art **Divergences Et Convergences** ,2007 *Genetics and the Literary Imagination* Clare Hanson,2020 Studying works by Doris Lessing Ian McEwan A S Byatt Kazuo Ishiguro and Jackie Kay this book explores the impact on literature of the gene centric model of human nature that entered mainstream culture in the wake of the discovery of the structure of DNA **A.S. Byatt and the Heliotropic Imagination** Jane Campbell,2004-05-26 Contemporary writer Byatt uses the term heliotropic in two ways First it refers to her exploration and development of her own relation to the sun and to how her women characters experience adventures of the mind and feelings that bring them into the sun s light Second it refers to the fact that she suffers from seasonal affective disorder and *The Selected Writings of John Witherspoon* Thomas P. Miller,2015-10-07 Considered the first significant teacher of rhetoric in America John Witherspoon also introduced Scottish moral philosophy to this country and as president of Princeton University reformed the curriculum to give emphasis to both studies He was an active pamphleteer on religious and political issues and a signer of the Declaration of Independence Editor Thomas P Miller argues that Witherspoon s career exemplifies the Ciceronian ideal and the eight selections Miller presents from the 1802 American edition of the Works corroborate that claim This paperback edition includes a new preface by the editor that surveys the scholarship published on Witherspoon over the past twenty five years and discusses how Miller s own perspective on Witherspoon has changed during that time *Select writings, ed. by E. Joyce,2023-02-20 This book analyses Barbara Pym s published and unpublished work through a new image that of the troublesome woman It details the political nature of her work highlighting her feminist ideas which are hidden in village like settings and revealed by troublesome women By exploring Pym s written work published and unpublished diaries and notebooks the book shows that this material gives credence to Hilary Pym s interpretation of her sister as a complex person **Refracting the Canon in Contemporary British Literature and Film** ,2016-08-09 Contemporary works of art that remodel the canon not only create complex hybrid and plural products but also alter our perceptions and understanding of their source texts This is the dual process referred to in this volume as refraction that the essays collected here set out to discuss

and analyse by focusing on the dialectic rapport between postmodernism and the canon What is sought in many of the essays is a redefinition of postmodernist art and a re examination of the canon in the light of contemporary epistemology Given this dual process this volume will be of value both to everyone interested in contemporary art particularly fiction drama and film and also to readers whose aim it is to promote a better appreciation of canonical British literature Clever Girls and the Literature of Women's Upward Mobility Mary Eagleton, 2018-02-15 This book follows the figure of the clever girl from the post war to the present and focuses on the fiction plays and memoirs of contemporary British women writers Spurred on by an ethic of meritocracy the clever girl is now facing austerity and declining social mobility Though suggesting optimism a public discourse of opportunity aspiration and choice is often experienced as an anxious and chancy process In a wide ranging study the book explores the struggle to move away from home and traditional notions of femininity the persistent problems associated with women s embodiment the pressures of class and racial divisions the new subjectivities of the neoliberal era and the generational conflict underpinning austerity The book ends with a consideration of feminism s place as a phantom presence in this history of clever girls This study will appeal to readers of contemporary women s writing and to those interested in what has been one of the dominant social narratives of the post war period from upward to declining mobility

**Intimacy and Identity in the Postmodern Novel** Emilija Dimitrijevic, 2008 This book focuses on the themes of intimacy and identity in the contemporary novel and in particular in the novels of A S Byatt Angela Carter and Jeanette Winterson Not only do the specificity of the contemporary social context and a growing awareness of the relational nature of the concepts of intimacy and identity set these novels apart from earlier writing that take these issues more for granted Their very concern with the themes of intimacy and identity also sets them apart from much postmodernist or mannerist writing that chooses to cold shoulder these arguments The study draws on work by contemporary social theorists and philosophers and aims to examine issues which although central to the writing of these authors have been neglected or treated superficially in literary criticism Finally it looks into the ways in which the new approaches to the question of intimacy and identity relate and contribute to contemporary debates on the postmodern novel

*The Woman's Historical Novel* D. Wallace, 2004-11-19 The historical novel has been one of the most important forms of women s reading and writing in the twentieth century yet it has been consistently under rated and critically neglected In the first major study of British women writers use of the genre Diana Wallace tracks its development across the century She combines a comprehensive survey with detailed readings of key writers including Naomi Mitchison Georgette Heyer Sylvia Townsend Warner Margaret Irwin Jean Plaidy Mary Renault Philippa Gregory and Pat Barker

*Iris Murdoch and Harry Weinberger* Rebecca Moden, 2023-03-03 The novelist and philosopher Iris Murdoch and the painter Harry Weinberger engaged in over twenty years of close friendship and intellectual discourse centred on sustained discussion of the practice teaching and morality of art This book presents a reappraisal of Murdoch s novels chiefly three mature novels *The Sea* 1978 *Nuns and Soldiers* 1980 and *The Good Apprentice* 1985

and two enigmatic late novels *The Green Knight* 1993 and *Jackson's Dilemma* 1995 which are perceived through the prism of her discourse with Weinberger. It draws on a run of almost 400 letters from Murdoch to Weinberger and on Murdoch's philosophical writings, Weinberger's private writings, the remarks of both artists in interviews and other material relating to their views on art and art history, much of which is unpublished and has received no previous critical attention. Scrutiny of their shared values, methods and the imagistic dialogue that takes place in their art provides original perspectives on Murdoch's creativity and new ways of understanding her experimentation with the visual arts. This book offers a new line of enquiry into Murdoch's novels and into the relationship between literature and the visual arts.

**Writing, a Woman's Business** Judy Simons, Kate Fullbrook, 1998. This study examines the problems that women writers encounter as they attempt to write themselves into a culture that in critical and commercial terms has traditionally been dominated by men.
