Passive Revolution Politics And The Czechoslovak Working Class 1945 8:

Passive Revolution Jon Bloomfield,1979 **Eastern Europe since 1945** Geoffrey Swain,Nigel Swain,2017-10-26 An established introductory textbook that provides students with an engaging overview of the complex developments in Eastern Europe from the end of the Second World War through to the present Tracing the origins of the socialist experiment de Stalinisation and the transition from socialism to capitalism it explores the key events in each nation s recent history This is an ideal core text for dedicated modules on Eastern European History or Europe since 1945 including Central Europe and the Balkans or a supplementary text for broader modules on Modern European History or European Political History which may be offered at all levels of an undergraduate history politics or European studies degree In addition it is a crucial resource for students who may be studying the recent history of Eastern Europe for the first time as part of a taught postgraduate degree in Modern European history European politics or European studies New to this Edition A fully revised new edition of an established text updated throughout to incorporate the latest research Provides coverage of recent events Offers increased focus on social and cultural history with greater emphasis on everyday life and experiences in Eastern Europe **The Struggle for the Soul of the Nation** Bradley F. Abrams,2005-11 This original study revisits the critical historical and cultural debates in Czech society immediately following World War II Bradley F Abrams discovers that communist public figures were largely successful in controlling the discourse over the nation s recent past the inter The

Czech Republic Rick Fawn,2004-08-02 Czechoslovakia has captured the nation s imagination throughout the twentieth century The Allied betrayal of the country to Nazi Germany in 1938 was to demonstrate the appalling consequences of naive appeasement of aggression The wholesale reform of Soviet communism in the Prague Spring of 1968 won western support and sympathy when it was crushed by Warsaw Pact tanks The fierce communist regime thereafter was brought down almost magically in 1989 Czechoslovakia added to the international political vocabulary the term Velvet Revolution and the velvet metaphor has characterised much of the country s path breaking postcommunist transformation and its peaceful break up in 1993 In separate chapters on history politics economics foreign relations and the new Czech identity this book not only applauds the successes of the Czech Republic since 1993 but also uncovers the frayed edges of the velvet nation

Czechoslovakia David W Paul,2019-06-03 Czechoslovakia as a political entity did not come into being until 1918 but the lands comprising modern day Czechoslovakia have a rich history reaching back many centuries This text offers at look at the historical background the geopolitics and Czechoslovakia s international position it s government and politics economy education and cultur *The Czech And Slovak Republics* Carol Leff,2018-02-15 This clear objective introduction to the politics of Czechoslovakia and the successor Czech and Slovak Republics provides a comprehensive analysis of Czechoslovakia in the postcommunist period Carol Leff builds a framework for understanding the dynamics of the triple transition democratization marketization and a national transformation that has reconfigured the dynamic between state and

nation She shows how the interaction of these three transformational agendas has shaped Czechoslovakia's development ultimately culminating in the paradoxical disintegration of a state that most of its citizens wished to preserve The book offers a valuable case study of a country coming back to Europe but it also provides an opportunity for analyzing the influence of communism on what had been a significant interwar European state The book's strong comparative element will make it invaluable as well for those seeking to understand contemporary Central and Eastern Europe

Mental Maps in the Era of Two World Wars S. Casey, J. Wright, 2008-07-11 This book explores the mental maps of leading political figures of the era of two world wars Chapters focus on those giants whose ideas cast a compelling shadow Lloyd George Lenin Mussolini Hitler Roosevelt Churchill Briand and Stresemann as well as other important figures Poincaré Atatürk Beneš Chiang and Mao

Passive Revolution Jon Bloomfield, 1979 **Social Movements and the Change of Economic Elites in Europe after 1945** Stefan Berger, Marcel Boldorf, 2018-05-29 This book explores the changing nature of social movements and economic elites in post Second World War Europe In the years following 1945 Europe faced diverse challenges connected by the overriding question of how the reconstruction of the continent should proceed For the Central Powers the implementation lay in the hands of the Allied occupying forces who organised the process of denazification and the establishment of a new economic order In countries without military occupation there was a deep gap between the new governmental forces and the former collaborators In both cases social movements which were formed by anti fascists on the left of the political spectrum assumed the task of social reorganisation The chapters in this book explore the discourses about economic systems and their elites which moved to the fore across a range of European countries uncovering who was involved what resistance these social movements faced and how these ultimately failed in the West to bring about change while in Eastern Europe Stalinism forcibly imposed change

Budweisers into Czechs and Germans Jeremy King, 2018-06-05 This history of a single town in Bohemia casts new light on nationalism in Central Europe between the Springtime of Nations in 1848 and the Cold War Jeremy King tells the story of both German and Czech speaking Budweis Budjovice which belonged to the Habsburg Monarchy until 1918 and then to Czechoslovakia Hitler's Third Reich and Czechoslovakia again Residents at first simply Budweisers or Habsburg subjects with mostly local loyalties gradually became Czechs or Germans Who became Czech though and who German What did it mean to be one or the other In answering these questions King shows how an epochal region wide contest for power found expression in Budweis Budjovice not only through elections but through clubs schools boycotts breweries a remarkable constitutional experiment a couple of riots and much more In tracing the nationalization of politics from small and sometimes comic beginnings to the genocide and mass expulsions of the 1940s he also rejects traditional interpretive frameworks Writing not a national history but a history of nationhood both Czech and German King recovers a nonnational dimension to the past Embodied locally by Budweisers and more generally by the Habsburg state that dimension has long been blocked from view by a national rhetoric of race and

ethnicity King's Czech Habsburg German narrative in addition to capturing the dynamism and complexity of Bohemian politics participates in broader scholarly discussions concerning the nature of nationalism

A Preponderance of Power: National Security, the Truman Administration, and the Cold War Melvyn P. Leffler, 2019-07-31

In the United States the Cold War shaped our political culture our institutions and our national priorities Abroad it influenced the destinies of people everywhere It divided Europe split Germany and engulfed the Third World It led to a feverish arms race and massive sales of military equipment to poor nations For at least four decades it left the world in a chronic state of tension where a miscalculation could trigger nuclear holocaust Documents oral histories and memoirs illuminating the goals motives and fears of contemporary U S officials were already widely circulated and studied during the Cold War but in the 1970s a massive declassification of documents from the Army Navy Air Force the Joint Chiefs of Staff the Department of Defense and some intelligence agencies reinvigorated historical study of this war which became the definitive conflict of its time While many historians used these records to explore specialized topics Melvyn Leffler marshals in this book the considerable available evidence to offer an overall analysis of national security policy during the Truman years and a comprehensive history of that administration's progressive embroilment in the Cold War

A Preponderance of Power won the 1992 Robert H Ferrell Book Prize sponsored by The Society for Historians of American Foreign Relations SHAFR the 1992 Herbert Hoover Book Award sponsored by The Herbert Hoover Presidential Library Association and the 1993 Bancroft Prize sponsored by the Friends of the Columbia Libraries Each generation if it is lucky is given a book that becomes standard for one of the turning point eras in American history The immediate post 1945 years certainly were such an era and Leffler's work is such a book Having exhausted the U S records taken the globe as his province and exploited the perspective of Communism's recent collapse he has written the account from which others must move if they are to contribute to our further understanding of these origins of the cold war

Walter LaFeber Noll Professor of History Cornell University This is a magnificent book It transcends forty years of historical writing about the origins of the cold war and the evolution of the Truman administration's policies Scrupulously documented it will inevitably become the intellectual fulcrum around which all discussions arguments and revisions of cold war historiography henceforth will turn

Martin J Sherwin Dickson Professor of History Director of the Nuclear Age History and Humanities Center Tufts University This bold persuasive book puts the self-conscious expansion of U S power where it belongs at the center of cold war tensions Leffler effectively establishes that the wise men had a coherent world view devised a grand strategy to satisfy it and extended U S power abroad to meet threats they exaggerated A gem of a book

Thomas G Paterson Professor of History University of Connecticut Leffler's panoramic survey of global developments offers an important reassessment of American policy in the early cold war one that sees American policy driven as much by an expansive definition of national security as by the threat of Soviet imperialism As the cold war comes to an end Leffler presents a fresh appraisal of its origins

Michael J Hogan Professor of History Ohio State University Editor Diplomatic History

Magisterial This book is without question a major achievement It is a masterly work of synthesis weaving together in a single coherent study the various and often contradictory trends in previous historical writing on the Cold War s origins It is indefatigably researched and most important it is an intellectually honest work A fine book The Atlantic A brilliant new book An invaluable contribution The Nation A Preponderance of Power remains today November 2013 the so far definitive history of US behavior in the Cold War Eric Alterman The Nation The best book to date on the Truman administration and the origins of the Cold War Detroit Free Press A Preponderance of Power will be of immense value to scholars interested in the grand strategy of the Truman administration Leffler has combined a solid grasp of secondary material with a comprehensive and very carefully documented analysis of primary sources including a vast array of previously classified documents The result is not only a more complete record of U S policymakers thinking about national security but also a more nuanced and sophisticated reconstruction of their concerns and objectives Alan C Lamborn American Political Science Review A monumental work rich in information and insights R C Grogan Canadian Journal of History This massive distillation of the perceptions and policy prescriptions of the national security establishment of the Truman years is policy history based on years of exhaustive research in government archives and private papers Leffler s judgment on Truman s men and their work is favorable they were sometimes very wise nearly always prudent and foolish primarily in overvaluing the strategic importance of peripheral areas Gaddis Smith Foreign Affairs A good indeed excellent narrative history straightforward and chronological As a comprehensive and well documented narrative of the Truman administration s response to historic challenges beyond our shores this book will prove indispensable as an up to date guide to further research George Botjer History Leffler s magisterial history of U S security policy in the Truman administration will be widely appealing to political scientists and others grappling with issues in U S postwar security and foreign economic policy Leffler has achieved a powerful synthesis of competing explanations of U S Cold War policy and has strongly elucidated U S grand strategy A Preponderance of Power is a highly ambitious thoughtful and important work of scholarship indisputably the outstanding historical synthesis of U S foreign policy in the early Cold War era Lynn Eden International Security A remarkable piece of work The book s sweep is encyclopedic it covers both military and foreign policy for the entire period from 1945 to January 1953 and deals systematically with American policy in all the important areas of the world eastern and western Europe the Mediterranean the Middle East and the Far East as well The book is based on a vast amount of archival research Marc Trachtenberg Orbis What sets Leffler s work apart from that of most of his predecessors is not only its comprehensive coverage of Cold War issues its exhaustive at least in American sources research and incisive prose but also the effective integration of political ideological economic and strategic analysis Stephen J Randall International Journal Canada s Journal of Global Policy Analysis Massive brilliant post glasnost analysis of early cold war realities This study of how Truman dealt with a world sealed off to him by FDR is a book and a half Kirkus Offering a new slant on the early years of the Cold War this

major reassessment traces the development of national security policy during the Truman administration Based on a rich vein of recently declassified material Leffler s majestic study describes how Harry Truman and his advisers sought to mobilize America s power in order to deal with the dangers of the postwar world and create a global environment hospitable to U S interests and values Publishers Weekly In examining the formulation of policy during the Truman administration Leffler concentrates on the small group of now unfashionably elite white and male individuals who exercised decision making responsibility in the late 1940s and early 1950s We get to know Leffler s main characters Harry Truman Dean Acheson Nitze James Forrestal John McCloy and half a dozen others very well We learn how they saw the world and what they aimed to accomplish Leffler s book is by far the best on its subject H W Brands American Historical Review Leffler s timely book is the product of more than a dozen years of prodigious research and patient investigations into many recently available collections of documents The result is a valuable assessment of prudent policymakers who formulated the blueprints for US Cold War strategies Leffler s interpretation will remain a standard resource for years to come S Prisco III Choice Review

Social Policy in Postwar Czechoslovakia Johan Jeroen de Deken,1994 Resumen 1 The reform of austrian heritage during first republic 2 The second republic and the protectorate 3 The social democratic reform during the third republic 4 The stalinist reform during the people s democratic republic 5 Consolidation and moderation of the stalinist model under the socialist republic

Reconstructing the Regional Economy Adrian Smith,1998-06-25 The book focuses on regional and economic change in Eastern and Central Europe using Slovakia as a case study It explains the relationship between industrial change and regional development and discusses fragmentation within the context of the legacy of the state socialist industrialization model

Eastern European Capitalism in the Making Elena A. Iankova,2002-09-09 Publisher Description

Prague in Black Chad Bryant,2009-09-30 In September 1938 the Munich Agreement delivered the Sudetenland to Germany Six months later Hitler s troops marched unopposed into Prague and established the Protectorate of Bohemia and Moravia the first non German territory to be occupied by Nazi Germany Although Czechs outnumbered Germans thirty to one Nazi leaders were determined to make the region entirely German Chad Bryant explores the origins and implementation of these plans as part of a wider history of Nazi rule and its consequences for the region To make the Protectorate German half the Czech population and all Jews would be expelled or killed with the other half assimilated into a German national community with the correct racial and cultural composition With the arrival of Reinhard Heydrich Germanization measures accelerated People faced mounting pressure from all sides The Nazis required their subjects to act and speak German while Czech patriots and exiled leaders pressed their countrymen to act as good Czechs By destroying democratic institutions harnessing the economy redefining citizenship murdering the Jews and creating a climate of terror the Nazi occupation set the stage for the postwar expulsion of Czechoslovakia s three million Germans and for the Communists rise to power in 1948 The region Bryant shows became entirely Czech but not before Nazi rulers and their postwar successors had changed forever what it

meant to be Czech or German

The International Politics of East Central Europe Adrian G. V. Hyde-Price, 1996

Established in the belief that imperialism as a cultural phenomenon had as significant an effect on the dominant as it did on the subordinate societies the Studies in Imperialism series seeks to develop the new socio cultural approach which has emerged through cross disciplinary work on popular culture media studies art history the study of education and religion sports history and children s literature The cultural emphasis embraces studies of migration and race while the older political and constitutional economic and military concerns are never far away It incorporates comparative work on European and American empire building with the chronological focus primarily though not exclusively on the 19th and 20th centuries when these cultural exchanges were most powerfully at work This work explores the sexual attitudes and activities of those who ran the British Empire The study explains the pervasive importance of sexuality in the Victorian Empire both for individuals and as a general dynamic in the working of the system Among the topics included in the book are prostitution the manners and mores of missionaries and aspects of race in sexual behaviour

Czech Refugees in Cold War Canada Jan

Raska, 2018-08-24 During the Cold War more than 36 000 individuals entering Canada claimed Czechoslovakia as their country of citizenship A defining characteristic of this migration of predominantly political refugees was the prevalence of anti communist and democratic values Diplomats industrialists politicians professionals workers and students fled to the West in search of freedom security and economic opportunity Jan Raska s Czech Refugees in Cold War Canada explores how these newcomers joined or formed ethnocultural organizations to help in their attempts to affect developments in Czechoslovakia and Canadian foreign policy towards their homeland Canadian authorities further legitimized the Czech refugees anti communist agenda and increased their influence in Czechoslovak institutions In turn these organizations supported Canada s Cold War agenda of securing the state from communist infiltration Ultimately an adherence to anti communism the promotion of Canadian citizenship and the cultivation of a Czechoslovak ethnocultural heritage accelerated Czech refugees socioeconomic and political integration in Cold War Canada By analyzing oral histories government files ethnic newspapers and community archival records Raska reveals how Czech refugees secured admission as desirable immigrants and navigated existing social cultural and political norms in Cold War Canada

Laboring Along Adrian

Grama, 2018-11-05 Products of war rather than revolution the socialist regimes of Eastern Europe emerged in a global conjuncture defined by the aftermath of the Second World War How did these regimes manage to overcome the domestic impact of the war and build socialism at the same time This book shows how a commitment to productivity structured the transition from the period of postwar reconstruction to the take off of industrial development during the late 1950s Conceived as 1 pacification of labor relations 2 the recovery of managerial authority 3 monetarization of everyday life 4 rationalization and 5 austerity the politics of productivity provides a comprehensive conceptual framework for grasping together the end of the postwar period and the building of state socialism in Eastern Europe By revealing how the social

consequences of the Second World War were absorbed in the transition to authoritarian state socialism in the age of the rolling steel mill this book carries implications for the way in which we may think about the aftermath of wars reconstruction and development during the second half of the twentieth century Passive Revolution Jon Bloomfield,1979 *One Hundred Years of Socialism* Donald Sassoon,2010-07-30 On 14 July 1889 the centenary of the French Revolution socialist parties from all corners of Europe met in Paris On the same day in the same city the Exposition Universelle was launched to mark the achievements of capitalist production The two events symbolized the beginning of the epic struggle between socialism and capitalism in Europe In this comprehensive study of a century of socialism the author traces the fortunes of the political parties of the Left in Western Europe From the rise of the Bolsheviks to the fall of the Berlin wall from the Second International through two world wars to the Cold War and the birth of the welfare state from the working class militancy and student uprisings of the 1960s through the revival of feminism and the arrival of green politics to the reluctant embrace of market economics en route to the millennium Donald Sassoon charts the course of socialism across 14 countries He shows that throughout their history the fortunes of socialism and capitalism have been inextricably linked They have grown up side by side each one challenging and seeking to destroy yet nourishing and shaping the other
