Childs,2004-01-01 Taking a pioneering approach to commentary writing Brevard Childs gives an entirely original treatment to the book of Exodus Apart from the philological notes and translation this commentary includes a form critical section looking at the growth of the tradition in its previous stages a consideration of the meaning of the text in its present form and a consideration of its meaning in its total Old Testament context The Old Testament Library provides fresh and authoritative treatments of important aspects of Old Testament study through commentaries and general surveys The contributors are scholars of international standing *Jewish Reform Movement in the US* Mara W. Cohen Ioannides,2017-11-20 This volume examines the development of the non liturgical parts of the Central Conference of American Rabbis Haggadot Through an understanding of the changes in American Jewish educational patterns and the CCAR s theology it explores how the CCAR Haggadah was changed over time to address the needs of the constituency While there have been many studies of the Haggadah and its development over the course of Jewish history there has been no such study of the non liturgical parts of the Haggadah that reflect the needs of the audience it reaches How the CCAR the first and largest of American born Judaisms addressed the changing needs of its members through its literature for the Passover Seder reveals much about the development of the movement This in turn provides for the readers of this book an understanding of how American Judaism has developed **A Yearbook of Holidays and Observances** Iva A. Buttrick, 2002-09-06 resurrection and death in order to connect modern preaching with the excitement of a changed world Although we may be jaded by sermons that chase Bible verses tediously for twenty minutes or more original listeners heard the gospel as a huge excitement The apostles announced a changed world The human world they claimed had begun all over again we are living now in a new creation They invited startled listeners to join God's new humanity From the Introduction Buttrick's treatment is no romanticizing of early Christianity The church then was as dismaying as it is now Instead this book focuses on the early Christian sense that they had passed from death to new life a reversal that began with Jesus resurrection then explored his passion and finally his ministry and life This book carefully examines the Gospel traditions so that this great reversal can be captured in Christian theology and proclamation **Dictionary of Jewish Biography** Dan Cohn-Sherbok, 2010-01-07 From Abraham to Saul Bellow from Moses Maimonides to Woody Allen from the Baal Shem Tov to Albert Einstein this comprehensive dictionary of Jewish biographies provides a first point of entry into the fascinating richness of the Jewish heritage Modelled on the highly acclaimed Dictionary of Christian Biography Continuum 2001 and with the advice of leading Jewish scholars the Dictionary of Jewish Biography provides a rapid reference to those Jewish men and women who have over the last four thousand years contributed to the life of the Jewish people and the history of the Jewish religion This dictionary will prove essential for general readers interested in the evolution of Judaism from ancient times to the present day a perfect study aid for students and teachers Designed as an accessible reference tool this volume is an indispensable guide for anyone interested in the history of the Jewish people the uninitiated will become initiated the curious will become informed the informed will now have a handy reference tool *A Living Tradition* Christian McConnell, 2012-10-01 Maxwell Johnson has made multiple contributions to our understanding of liturgical history and liturgical theology This volume honors his work by offering a set of important essays by respected scholars that bridge the distance between scholarship and praxis to be accessible and relevant to both pastoral ministers and academic theologians It is organized according to three categories liturgical year Christian initiation and Eucharist Within these categories the contributors are especially attentive to three important aspects of liturgical history the role that important figures in liturgical history played as liturgical pastors how liturgical history has been used in shaping contemporary liturgical rites and prayers how liturgical history informs contemporary understandings and beliefs Ultimately the book pays tribute to Johnson's contributions to the life of the church by exploring ways that the study of liturgical history might help the church remain faithful to God and to the sacramental worldview that continues to define and characterize classic Christianity Contributors

Christianity and Cosmic Consciousness Alexis Georg Hoen, 2015-02-20 Born in the Ukraine educated in Munich and having practiced medicine in the United States author Alexis Georg Hoen has been exposed to widely differing political systems and religious beliefs and he has always maintained an interest as to the origin of these beliefs and their relation to the innermost nature of man In Christianity and Cosmic Consciousness he interprets the words and the sacrifice of Jesus as pointing the way toward a realization of our innermost nature the will to live and love that exists within all Sharing his experiences and ideas about Christ's words and sacrifices Hoen uses personal anecdotes and biblical examples to illustrate the nature of Christian belief He provides a host of examples including key illustrations from the Bible and relevant source material from other writers who address this topic He shows us that through sacrifice we live in and for others That is eternal life Christianity and Cosmic Consciousness represents the core of Christian teaching without resorting to the supernatural and miraculous yet doesn't try to disprove it
