Pastoral Care In Pregnancy Loss A Ministry Long Needed:

Pastoral Care in Pregnancy Loss Thomas Moe, 2014-01-02 Until now the church has been unaware of the need for ministry to those suffering from pregnancy loss At a time when approximately one in four pregnancies ends in loss the need to understand and provide caring ministry is painfully obvious Pastoral Care in Pregnancy Loss introduces the religious community to the issue of pregnancy loss and describes the ministries that can be helpful to those who experience these tragedies Effective ministry in pregnancy loss requires that one develop basic life theories in order to prepare for such in depth care Thus the book is more than a how to as it explores why there is suffering and why some suffer more than others how to find grace when God seems far away how to minister when we don t have answers and how religious ministry can consistently work with other helping professionals in support of the individual With the foundation of ministry theory provided by Pastoral Care in Pregnancy Loss you can help your faith community develop strategies for ministry to those suffering from pregnancy loss Numerous case studies illustrate what is usually done wrong in providing pastoral care in these difficult and delicate situations and explain why those who experience loss may blame themselves why they may blame God and why they may not feel able to return to church Providing helpful insight to hospital pastoral care departments church libraries funeral directors counselors and psychologists nursing and obstetrics professionals and seminaries with a marriage and family ministry specialty this book provides readers with information about three types of pregnancy loss miscarriage still birth and neonatal loss church outreach the grieving process victims as consenters or experiencers the spiritual needs of those suffering loss practical ministries crisis support and long term support Pastoral Care in Pregnancy Loss furthers your understanding of pregnancy loss by enumerating theories on how suffering and loss are viewed by those suffering either as a time of testing a time of training a mystery of God a sign of punishment and warning or as having no meaning The book also shows how pregnancy loss affects five different types of personal relationships and discusses both immediate and long term concerns of providing pastoral care From helping the victim find meaning or reason for the loss to providing support in preparing for future pregnancies this book provides much needed guidance to an often neglected ministry

A Memoir of a Pastoral Counseling Practice Robert L. Menz, 1997 In this collection of humorous and inspirational vignettes and poetry Robert L Menz reframes life s situations from a holistic and inclusive perspective A Memoir of a Pastoral Counseling Practice consolidates the dynamics of theological consistency psychological insight wellness and wholeness issues along with relevant humor This synthesis results in viewing and understanding life experiences from a unique perspective You ll see how reframing is used to turn an inoperable Jacuzzi into a Therapeutic Pool You ll learn how to shift your paradigm And you ll read about some nice naughty words As a pastor and counselor Menz seeks to assist in making life meaningful and fulfilling to others and himself A Memoir of a Pastoral Counseling Practice takes us back to his service in Vietnam and his decision to join the ministry and brings us up to his recent travels with his wife Along the way we learn what

he thinks about nice people anger snakes memory and stress during the holidays He offers us such nuggets as Sometimes one day at a time is 738 of a day too much I think that some come and go and have not been I think that you and I are words spoken by God in our own time An enjoyable and useful read for pastoral counselors chaplains and other clergy professionals as well as psychologists social workers professional counselors employee assistance professionals and educators A Memoir of a Pastoral Counseling Practice is perhaps most needed by the general reader who is searching for something meaningful in life Menz explains In a world of fast food and quick fixes shallow explanations for living and understanding have been offered socially psychologically relationally emotionally and spiritually This book attempts to flesh out simple solutions with limited yet mature and consistent thinking Even though the book is filled with meaningful humor the intent of this work is to provide a critical and serious approach to life s complexities Any accomplishment of this task I believe is strengthening to our local communities as well as to the community of God

Human Development and Faith (Second Edition) Felicity B. Kelcourse,2015-07-28 This book now in its

second edition brings together the best available understandings of human development from a multidisciplinary perspective. Uniquely inclusive of the moral and faith dimensions of context and life cycle development, *Human Development and Faith* examines the interplay of mind, body, family, community, and soul at every stage of development. It addresses two central questions: What are the good enough conditions of parenting, family, and community in each phase of life from birth to death which support growth and development? What gives life adequate meaning as development proceeds? If human development describes the normative and hoped-for passages of life, then faith provides the necessary component of meaning. Throughout the various perspectives offered in this volume is the premise that faith is that quality of living that makes it possible to fully live. The *Journal of Pastoral Theology* called the first edition of *Human Development and Faith* an excellent text for pastoral theology courses because it fulfills its ambitious goal of bringing a holistic faith perspective to the usual topics of development. This second edition includes a new chapter on infancy, updates reflecting our growing awareness of cultural diversity, and a new preface.

Spiritual Crisis J. Lebron McBride, 2014-02-25. It's no revelation that in today's world many people suffer from some form of spiritual crisis. But fortunately, there is hope. Babies Sandra Sabatini,2006-01-01 Although the infant has been a consistent figure in literature and for many people a significant figure in personal life there s been little attention focused on infants or on their place in Canadian fiction until now In this book Sandra Sabatini examines Canadian fiction to trace the ideological charge behind the represented infant Examining writers from L M Montgomery and Frederick Philip Grove to Thomas King and Terry Griggs Sabatini compares women s writing about babies with the way infants appear in texts by men over the course of a century She discovers a range of changing attitudes toward babies After being seen as a source of financial burden social shame or sentimental fantasy infants have increasingly become a source of value and meaning The book challenges the perception of babies as passive objects of care and argues for a reading of the infant as a subject in itself It also reflects upon how the representations of infancy in Canadian literature offer an intriguing portrait of how we imagine ourselves **International Bibliography of**

leadership is not a by the numbers proposition It is a matter of heart and soul of devoting the whole self to the vision God gives for the congregation in which one serves Yet neither is it purely intuitive it requires hard careful thinking about the directions and details of the path down which God calls When Adam Hamilton became pastor of the United Methodist Church of the Resurrection its membership consisted of himself and his family Ten years later the church averages between five and six thousand worshipers per weekend Throughout this remarkable period Hamilton learned many serious lessons about both the broad visions and the specific details of pastoral leadership Bringing a depth of analytical skills often lacking in visionary

leaders in this book he goes beyond simply telling the story of Church of the Resurrection. He shares the questions that he learned to ask about the largely unchurched population to which Church of the Resurrection has reached out. Further, he demonstrates what he learned by listening to the answers to these questions and how doing so has made possible a number of strategically crucial decisions the church has made. One of those crucial decisions was to make more traditional forms of worship and praise the center of the congregation's life. The result is that the example of Church of the Resurrection offers pastors and church leaders, especially those in mainline denominations, the realization that they need not completely change their liturgical and theological identity in order to reach out to the unchurched. Drawing on his own experience as well as the detailed research on the characteristics of highly successful congregations he undertook during a sabbatical leave, Hamilton offers pastors and other church leaders solid substantive thinking on steps that congregations can take to become centers of vibrant outreach and mission. This book explores theologically the practice of hospital chaplains seeking to meet the spiritual needs of parents bereaved by baby death in utero. The lived experience of bereaved parents gathered through a series of in-depth interviews informs such an exploration. Parents describe the trauma of late miscarriage and stillbirth as still being shrouded by silence, myth, and misunderstanding in contemporary society. Up-to-date theoretical understandings of grief are also re-examined in light of parents' stories of living with baby death. This book offers suggestions as to how the actual spiritual needs of parents may be met and their grief sensitively facilitated through the sharing of rituals co-constructed by parents and chaplain, which seek to have theological integrity yet be relevant in our postmodern age. In our prevalent culture of caring, where increasingly ongoing professional and personal development are regarded as normative, recommendations are made which may aid reflection on current or shape future practice for chaplains, pastors, students, and various healthcare professionals.
