Sisk, 2005-11-14 What does it mean to say that a pastor is competent And how does a competent pastor function This book is intended to help pastors seminarians and lay people who work with pastors understand and answer these two questions Competence in ministry is a moving target A ministry technique that works in one parish may not work in another What works today may not work five years from now But a competent pastor will be able to adapt to changing locations and changing times A competent pastor will be happy in her job or able to figure out why she is not happy and how to move forward A competent pastor won't get stuck or when he does get stuck he'll know what steps to take to get unstuck Competence defined by author Ronald Sisk as the ability to do what needs to be done requires ministers to understand themselves and others and to keep a realistic perspective on their lives Competent pastors function by moving toward this kind of understanding and perspective

Counseling and Community Rod Wilson, 2003-04 Traditionally counseling has focused primarily on the individual overlooking the interaction between the community and the individual Wilson has created a biblically based counseling model that anchors the individual within the community The result is a perspective that encompasses all aspects of a person's life where the community becomes a helper in the counseling process The thesis of this book is tied to the assumption that we need a counseling approach that is community oriented rather than exclusively focused on the individual When this is the case we will be able to appreciate the biblical emphasis on the people of God While he prizes a relationship with individuals God's heart is with a body a fellowship a community Both pastors and private counselors need to reaffirm the priority of community and its power in the healing process Rod Wilson PhD York University is President and Professor of Counselling and Psychology at Regent College in Vancouver B C Canada He is also the author of *Exploring Your Anger and Helping Angry People* Guidelines for the Professional Conduct of the Clergy, 2003 This Report places before the clergy bishops priests and deacons and the whole Church guidelines for the professional conduct of all those called to ordained ministry These are offered by clergy to clergy but they have significance for the laity to whom the clergy minister and with whom they share the challenge of mission The Guidelines are not a legal code but the beginning of an ongoing conversation in which ministers and those to whom they minister need to engage Ethics in Ministry Walter E.
