[Standing in the Gap](#) Gladys Blews Wilson, 2011-08-23 All my life God the Father was standing in the gap created when my biological father gave up his quest to be reconciled with my mother However I didn t realize God was there for me

until I was almost forty years old At that time I discovered a new reality of His presence when cancer invaded our family a frenzied teenager tried to kill our daughter Val our best friend was brutally murdered and we discovered a psychopath stalking our daughter Robin I believe the key to this new reality was starting each day by reading the Bible and making notes about what I thought God was saying to me Through this process I worked through my rebellion against a God who wanted to start the on going process of transforming my life into the image of His son Jesus Christ He waited patiently for me to open the door of my heart to His Lordship Are you entirely satisfied with your life or do you question the reality of you faith in the crucible of trials Have you wondered if life is fair or questioned why a loving God would allow pain and suffering Standing in the Gap will show you that God the Father is standing at the door of your heart right now He will never force His way in My prayer is that this book may empower you to make the most important decision of your life a decision to open the door www.betweenhthesacredandthecommon.com

Standing Up, Speaking Out Matthew R. Meier,Casey R. Schmitt,2016-10-14 In recent decades some of the most celebrated and culturally influential American oratorical performances have come not from political leaders or religious visionaries but from stand up comics Even though comedy and satire have been addressed by rhetorical scholarship in recent decades little attention has been paid to stand up This collection is an attempt to further cultivate the growing conversation about stand up comedy from the perspective of the rhetorical tradition It brings together literatures from rhetorical cultural and humor studies to provide a unique exploration of stand up comedy that both argues on behalf of the form s capacity for social change and attempts to draw attention to a series of otherwise unrecognized rhetors who have made significant contributions to public culture through comedy
