**Patchwork Poetry a Vignette** Ananya Balike,2024-06-03 **French Symbolist Poetry and the Idea of Music** Joseph Acquisto,2017-03-02 What role did music play in the creation of a new aesthetics of poetry in French from the 1860s to the 1930s How did music serve as an unassimilable other against which the French symbolist poets crafted a new poetics And why did music gradually disappear from early twentieth century poetic discourse These are among the questions Joseph Acquisto poses in his lively study of the ways in which Baudelaire Mallarmé Ghil and Roy re question the nature and function of the lyric through an ever shifting set of intertextual and cultural contexts Rather than focusing on musicality in verse the author addresses the consequences of choosing music as a site of dialogue with poetry Acquisto argues that memory plays an under acknowledged yet vital role in these poets rewriting of symbolist poetics His reading of their interactions and his focus on both major and neglected poets exposes the myth of a small handful of great authors shaping symbolism while a host of disciples propagated the tradition Rather Acquisto proposes the multiplicity of authors writing and rewriting symbolism invites a dialogic approach to the poetics of the period Moreover music as theorized rather than performed or heard serves as a privileged mobile space of poetic creation and dialogue for these poet critics it is through engagement with music supposedly the purest or most abstract of the arts that one can retrace the textual and cultural transformations accomplished by the symbolist tradition By extension these poets rethinking of poetics is an occasion for present day critics to re examine assumptions not only about the intersections of music and poetry and our understanding of symbolist poetics but also about the role that the aesthetic implicitly plays in the creation preservation or reshaping of cultural memory Poetry and Patchwork Gyleen X. intertextual works the centos are particularly valuable sites for pursuing inquiry into allusion Scrutinizing the peculiarities of the texts allusive engagements with Virgil requires clarification of the roles of the author and the reader in allusion the criteria for determining what constitutes an allusion and the different functions allusion can have By investigating the centos from these different perspectives and asking what they reveal about a wide range of weighty subjects this book comes into dialogue with major topics and studies in Latin literature **Patchwork Poetry** Cynthia O'Gorman,1986 The Chronicler as Historian M. **David and Solomon in Chronicles** Suk-Il Ahn, 2018-02-01 This study examines the speeches and prayers in the David Solomon narrative in Chronicles and seeks to demonstrate that the Chronicler's portrayal of David and Solomon attempts to establish the Yehudite community's identity. Is the covenantal relationship still valid in the Persian period? The author asserts that as a commitment to YHWH involving the worship of YHWH through the Jerusalem temple, the covenantal relationship between YHWH and Israel continues even into the Persian period. This study employs Kennedy's rhetorical method with the new categories of the narrative situation and the Chronicler's situation being used to further delineate his concept of the narrative situation. The Chronicler's portrayal of David and Solomon through speeches and prayers serves to persuade his audience of the significance of the Jerusalem temple reformulating the Yehudite community identity as a cultic community in the Persian period.
