Students of Theosophy have a choice of Two Paths Helena Petrovna Blavatsky,2018-06-29 **Stand ready to abandon all you have learned with the head** Julia Wharton Lewis Campbell Ver Planck,2021-05-30 In order to reach the wider public theosophical literature should be couched in simple unpretentious language that anyone can understand If you thirst after spiritual truths you should first learn how to read between the lines More You should not believe what you read or heard regardless of the authority of your teachers but to believe only when the writing or saying is corroborated by your own reason and consciousness Thenceforth act accordingly and abundantly The true disciple is humble and self effacing unnoticed by the man in the street What may seem to others as mere ethics to the true disciple such precepts of duty are instructions for boundless devotion to humanity at large and all creatures whether great and small Seek Darkness with the lamp of Faith Faith is an aspiration and a desire Hope and Charity are her sisters True Faith can only blossom from the realisation that All is One Let us then approach the Majesty of Truth for her own sake and not to confirm our preconceptions and speculations of what Truth might be Stand ready to abandon all you have learned with the head so that you can tell apart the real from the false the everlasting from the everfleeting Head learning is false learning and as perishable as the body Soul Wisdom alone is true knowledge immortal and eternal As the disciple continues deciphering the arcane doctrine at every new period of his inner life a new self rises within him He is now increasingly permeated with Divine Intelligence and immersed in Spiritual Light that radiates from his own Logos When the last sheath of the heart bursts open there is a silence the silence of the mystic death and from that death springs up the first tender growth of Life triumphant in Spirit The Brotherhood of Man has been forged in the fires of unspeakable anguish and riveted by a dauntless purpose called forth by its mighty fiat **The Voice of the Silence: Crown of Ethics for Disciples** Three treatises from the “Book of the Golden Precepts”,2023-06-10 Tributes by Eminent Theosophists on the Paradigm of Mahayana Buddhism The Voice of The Silence though it does not claim to be the utterance of a Buddha is nevertheless akin to the sutra rather to the stragroup of texts It seeks more to inspire than to instruct appeals to the heart rather than to the head To make use of De Quincey s classification it belongs not to the literature of information the purpose of which is to augment knowledge but to the literature of power the aim of which is to move So important is a clear understanding of the difference not merely between the kinds of effect they are calculated to produce and the organs upon which they are intended to act that according to The Voice of The Silence itself the disciple at the very outset of his quest is admonished Learn above all to separate Head learning from Soul wisdom the Eye from the Heart doctrine Bhikshu Sangarakshita All being desire liberation from misery Seek therefore for the causes of misery and expunge them By entering on the path liberation from misery is attained Exhort then all beings to enter the path IXth Panchen Lama Madame Blavatsky had a profound knowledge of Buddhist philosophy and the doctrines she

promulgated were those of many great teachers This book is like a call to men to forsake desire dispel every evil thought and enter the true Path B T Chang The only true exposition in English of the Heart Doctrine of the Mah y na and its noble ideal of self sacrifice for humanity Alice Leighton Cleather and whispers therefrom mingle with the operations of our understanding even as the waters of the infinite ocean send their waves to break among the pebbles that lie upon our shores We recognize the passwords to the mystical region as we hear them but we cannot use them ourselves it alone has the keeping of the password primeval William James Having bathed in these I marvelled what I could have done to merit birth in an age wherein such wisdom was on offer to all who could beg borrow or steal a copy of those works George W Russell I believe that this book has strongly influenced many sincere seekers and aspirants to the wisdom and compassion of the Bodhisattva Path XIVth Dalai Lama It is also one of her H P Blavatsky s most important writings being a guidebook for those dedicated to achieving enlightenment through altruistic service to humanity Boris de Zirkoff This is a work intended for the aspirant after true or self knowledge aiming to play a significant part in helping mankind along its arduous evolutionary path to ultimate self redemption and liberation Geoffrey A Farthing Pledge of Kwan Yin the Buddhist Goddess of Mercy Never will I seek nor perceive private individual salvation Never will I enter into final peace alone But forever and everywhere will I live and strive For the redemption of every creature throughout the world Sylvia Cranston Buddhist India ,1927 *Cold Metaphysics versus Divine Wisdom* Helena Petrovna Blavatsky,2019-09-17 Truth lingers even now among the masses But it is only in the trans Himalayan fastnesses that the Esoteric Good Law or the Heart s Seal lives to the present day in all its pristine purity Neither the Indian nor the Buddhist system can be understood without a key nor can the study of comparative religion become a science until the symbols of every Religion yield their final secrets The Eye Doctrine means dogma and dead letter form church ritualism intended for those who are content with exoteric formul The Heart Doctrine or the Heart s Seal is the only real one The essential difference between the Eye and the Heart or the outward form and the hidden meaning i e Cold Metaphysics versus Divine Wisdom is clearly demonstrated in several volumes on Chinese Buddhism written by sundry missionaries It is useless to enumerate an endless string of the finest Oriental scholars who are credited with having exposed to view the ancient Hindu world by revealing the sacred and secret books of Buddhism But the world they revealed has never been veiled Is it those who belong to the most anthropomorphic religion in the world who have a right to take ancient Philosophers to task for an exaggerated religious awe and veneration The pseudo Buddhism of Joseph Edkins is unmasked We fear the learned writer is on a false track as to Nirvana and Amita Buddha When the misuse of dogmatic Buddhist Scriptures had reached its climax and the true spirit of the Buddha s Philosophy was nearly lost several reformers appeared from India who established an oral teaching Lord Buddha states that it is better to believe in a future life in which happiness or misery can be felt for if the heart believes therein it will abandon sin and act virtuously and even if there is no rebirth a good life will bring a good name and the reward of men But those who believe in extinction at death will not fail to commit
