Path To The Spiders Nests:

The Path to the Spiders' Nests Italo Calvino, 2013-04-04 Pin is a bawdy adolescent cobbler's assistant both arrogant and insecure who while the Second World War rages sings songs and tells jokes to endear himself to the grown ups of his town particularly jokes about his sister who they all know as the town's mattress Among those his sister sleeps with is a German sailor and Pin dares to steal his pistol hiding it among the spiders nests in an act of rebellion that entangles him in the adults war *The Path to the Nest of Spiders* Italo Calvino, 1957 *The Path to the Nest of Spiders* Italo Calvino, 1976 A young orphan who joins the Italian Resistance against the occupying forces from Germany during World War II discovers some spiders nests in which he hides a gun that he steals from a German soldier Calvino and the Age of Neorealism, 1990-08 Italo Calvino's reputation as one of the great writers of our century rests chiefly on his allegorical fables and fantastic narratives whose inventiveness irreverence and elegant style are universally admired In this study the author focuses on Calvino's first novel *The Path to the Nest of Spiders* 1947 because in it she discerns a critical point of origin for Calvino's entire ethics of writing She shows how in *The Path* he challenges the poetics of objectivity of the Italian neorealists movement and offers a complex and ironic representation of the anti Fascist armed resistance in Italy Situating Calvino's early work in its historical and cultural context the author reassesses Italian neorealism in terms of the theories and critical debates about realism of such critics as Lukacs Sartre Brecht Adorno and Barthes She analyzes neorealism's narrative practices and cultural and political implications while setting neorealism in the context of the resistance and the postwar Reconstruction in Italy and giving readings of major neorealist texts novels by Pavese and Vittorini films by Rossellini Visconti and others as well as relatively obscure minor ones The heart of the book consists of readings of *The Path* from four different but intersecting critical perspectives formalist narratological sociohistorical psychoanalytic and Bakhtinian The readings assess the importance of Calvino's beginnings for the body of his work and incorporate relevant references to his later fiction and critical essays Out of these multiple readings the ironic estrangement of the real through the act of writing itself emerges as his key narratological strategy **Memories and Representations of War** Elena Lamberti, Vita Fortunati, 2009 The contributors to this volume approach the World Wars as complex and intertwined crossroads leading to the definition of a new European reality While assessing the way the memories of the two World Wars have been readjusted each time in relation to the evolving international historical setting and through various mediators of memory cinema literature art and monuments the various essays contribute to unveil a cultural panorama inhabited by contrasting memories **Understanding Italo Calvino** Beno Weiss, 1993 Highlights Calvino's fascination with folk tales knights social political allegories science fiction *Image, Eye and Art in Calvino* Birgitte Grundtvig, 2017-07-05 Few recent writers have been as interested in the cross over between texts and visual art as Italo Calvino 1923-85 Involved for most of his life in the publishing industry he took as much interest in the visual as in the textual aspects of his own and other writers books In this

volume twenty international Calvino experts including Barengi Battistini Belpoliti Hofstadter Ricci Scarpa and others consider the many facets of the interplay between the visual and textual in Calvinos works from the use of colours in his fiction to the influence of cartoons from the graphic qualities of the book covers themselves to the significance of photography and landscape in his fiction and non fiction The volume is appropriately illustrated with images evoked by Calvino s major texts

Reconstructing Italy Stephanie Zeier Pilat,2016-04-08 Reconstructing Italy traces the postwar transformation of the Italian nation through an analysis of the Ina Casa plan for working class housing established in 1949 to address the employment and housing crises Government sponsored housing programs undertaken after WWII have often been criticized

as experiments that created more social problems than they solved The neighborhoods of Ina Casa stand out in contrast to their contemporaries both in terms of design and outcome Unlike modernist high rise housing projects of the period Ina Casa neighborhoods are picturesque and human scaled and incorporate local construction materials and methods resulting in a rich aesthetic diversity And unlike many other government forays into housing undertaken during this period the Ina Casa plan was on the whole successful the neighborhoods are still lively and cohesive communities today This book examines what made Ina Casa a success among so many failed housing experiments focusing on the tenuous balance struck between the legislation governing Ina Casa the architects who led the Ina Casa administration the theory of design that guided architects working on the plan and an analysis of the results the neighborhoods and homes constructed Drawing on the writings of the architects government documents and including brief passages from works of neorealist literature and descriptions of neorealist films by Pier Paolo Pasolini Italo Calvino and others this book presents a portrait of the postwar struggle to define a post Fascist Italy

Kafka's Italian Progeny Saskia Elizabeth Ziolkowski, 2020-01-06 This book explores Kafka's sometimes surprising connections with key Italian writers from Italo Calvino to Elena Ferrante who shaped Italy's modern literary landscape

Italian cinema has defined itself and grown This book provides an empirical approach to this complex and fruitful relationship The aim is to present discussions dealing with significant Italian film adaptations from literary materials which greatly exemplify the variety of styles view points and attitudes produced by such an alliance throughout the different periods Among the adaptations discussed are those that have followed trends and critical debates making them at times rather problematic
