## **Pather Panchali:**

*Pather Panchali : Song Of The Road* Bibhutibhusan Bandyopadhyay, 1999 Pather Panchali is a vivid moving and authentic portrayal of the life of a Brahmin household seen through the eyes of the two young children of the family Opu and his elder sister Durga Few authors in any literature can rival Bandhopadhyaya's understanding of the child mind He writes of Opu and Bruga and their friends at home or out at play with a natural realism unmarred by adult condescension The social environment is all embracing work and holidays religious festivals daily worship and the grim rites of death The reader senses the reality of family ties the power of the supernatural in ordinary things the relations between the castes and between rich and poor In creating this picture of rural Bengal Bandopadhyay has introduced us to an area of life which so far has been a closed book to foreign visitors to India and which scholars know little about The translation which faithfully reflects the changing moods of the original as well as its many variations of style is the work of T W Clark and Tarapada Mukherji both teachers of Bengali at the School of Oriental and African Studies in the University of London **Pather**

films produced abroad Nurtured by successive waves of imports from Italy Great Britain France Sweden Japan and the Soviet Bloc the renaissance was kick started by independent distributors working out of New York by the 1960s however the market had been subsumed by Hollywood From Roberto Rossellini s Open City in 1946 to Bernardo Bertolucci s Last Tango in Paris in 1973 Tino Balio tracks the critical reception in the press of such filmmakers as Francois Truffaut Jean Luc Godard Federico Fellini Michelangelo Antonioni Tony Richardson Ingmar Bergman Akira Kurosawa Luis Bu uel Satyajit Ray and Milos Forman Their releases paled in comparison to Hollywood fare at the box office but their impact on American film culture was enormous The reception accorded to art house cinema attacked motion picture censorship promoted the director as auteur and celebrated film as an international art Championing the cause was the new cinephile generation which was mostly made up of college students under thirty The fashion for foreign films depended in part on their frankness about sex When Hollywood abolished the Production Code in the late 1960s American made films began to treat adult themes with maturity and candor In this new environment foreign films lost their cachet and the art film market went into decline

Sudden Genius? Andrew Robinson,2010-09-16 The highly admired scientist Linus Pauling a double Nobel laureate in chemistry and peace was once asked by a student Dr Pauling how do you have so many good ideas Pauling thought for a moment and replied Well David I have a lot of ideas and throw away the bad ones Where do ideas come from Why do some people have many more of them than others How do you distinguish the good ideas from the bad Most intriguing of all perhaps why do the best ideas sometimes strike in a flash of sudden genius These questions are the subject of this book Andrew Robinson explores the exceptional creativity in both scientists and artists by following the trail that led ten individuals from childhood to the achievement of a famous creative breakthrough as an adult in archaeology architecture art biology chemistry cinema music literature photography and physics Broken into three parts the book begins with the scientific study of creativity covering talent genius intelligence memory dreams the unconscious savant syndrome synaesthesia and mental illness The

second part tells the stories of five breakthroughs by scientists and five by artists ranging from Curie's discovery of radium and Einstein's theory of special relativity to Mozart's composing of *The Marriage of Figaro* and Virginia Woolf's writing of *Mrs Dalloway* Robinson concludes by considering what highly creative people who achieve breakthroughs have in common whether breakthroughs in science and art follow patterns and whether they always involve imaginative leaps and even genius

**Salman Rushdie in the Cultural Marketplace** Ana Cristina Mendes, 2016-03-23 Taking up the roles that Salman Rushdie himself has assumed as a cultural broker gatekeeper and mediator in various spheres of public production Ana Cristina Mendes situates his work in terms of the contemporary production circulation and consumption of postcolonial texts within the workings of the cultural industries Mendes pays particular attention to Rushdie as a public performer across various creative platforms not only as a novelist and short story writer but also as a public intellectual reviewer and film critic Mendes argues that how a postcolonial author becomes personally and professionally enmeshed in the dealings of the cultural industries is of particular relevance at a time when the market is strictly regulated by a few multinational corporations She contends that marginality should not be construed exclusively as a basis for understanding Rushdie's work since a critical grounding in marginality will predictably involve a reproduction of the traditional postcolonial binaries of oppressor oppressed and colonizer colonized that the writer subverts Rather she seeks to expand existing interpretations of Rushdie's work itineraries and frameworks in order to take into account the actual conditions of postcolonial cultural production and circulation within a marketplace that is global in both orientation and effects
