Citizens of Everywhere Rosalind Parr, 2022-02-03

Citizens of Everywhere traces the international careers of a cohort of extraordinary Indian women leaders during the final decades of colonial rule. Working in pursuit of the dual goals of Indian independence and women's rights, the women featured in this book established productive transnational connections to gain influence on the world stage all against the backdrop of momentous events in India and beyond. In doing so, they contributed a distinct set of ideas to global conversations about rights and citizenship. By bringing this transnational activism to light, the author offers new perspectives on Indian nationalism. More broadly, the book establishes Indian women as actors in the global histories of women's rights and international movements during the era of decolonisation.

In Search Of Sita Namita Gokhale, 2009-10-15 Sita is one of the defining figures of Indian womanhood, yet there is no single version of her story. Different accounts coexist in myth, literature, and folktale. Canonical texts deify Sita, while regional variations humanize her. Folk songs and ballads connect her timeless predicament to the daily lives of rural women. Modern-day women continue to see themselves reflected in films, serials, and soap operas based on Sita's narrative. Sacrifice, self-denial, and unquestioning loyalty are some of the ideals associated with popular perceptions of Sita. But the Janaki, who symbolized strength, who could lift Shiva's mighty bow, who courageously chose to accompany Rama into exile, and who refused to follow him back after a second trial, is often forgotten. However, she is remembered, revered, or written about, Sita continues to exert a powerful influence on the collective Indian psyche. *In Search of Sita* presents essays, conversations, and commentaries that explore different aspects of her life. It revisits mythology, reopening the debate on her birth, her days in exile, her abduction, the test by fire, the birth of her sons, and finally her return to the earth, offering fresh interpretations of this enigmatic figure and her indelible impact on our everyday lives.

Shadows at Noon Joya Chatterji, 2025-08-30 *Shadows at Noon* is an ambitious synthesis of decades of research and scholarship which explores the key strands of South Asian history in the twentieth century with clarity and authority. Unlike other narrative histories of the subcontinent that concentrate exclusively on politics, here food, leisure, and the household are given equal importance to discussions of nationhood, the development of the state, and patterns of migration. While it tells the subcontinent's story from the British Raj to independence and partition, and on to the forging of the modern nations of India, Pakistan, and Bangladesh, the book's structure is thematic rather than chronological. Each of the chapters illuminates an overarching theme or sphere that has shaped South Asia over the course of the century. This format allows the reader to explore particular issues such as the changing character of nationalism or food consumption over time, and in depth. *Shadows at Noon* is a bold, innovative, and personal work that pushes back against standard narratives of inherent differences between India, Pakistan, and Bangladesh. Its purpose is to make contemporary South Asia intelligible to readers who are fascinated by the subcontinent's cultural vibrancy and diversity but are often perplexed by its social and political makeup. And it illuminates the many aspects that its people have in common rather than what divides them.
