Los pequeños poderes Suzanne Lebeau,2025-06-02 Suzanne Lebeau nos sumerge en el delicado mundo de las relaciones entre padres e hijos a través de Los pequeños poderes una obra que explora con gran sensibilidad el peso de la autoridad y las tensiones cotidianas que surgen en el día a día de una familia Con un

enfoque genuino y cercano esta obra retrata a cuatro niños y sus padres quienes entre juegos discusiones y pequeños conflictos lidian con esas batallas invisibles que componen la vida familiar el orden los permisos las comidas los castigos todo aquello que parece insignificante pero que encierra el poder de moldear la relación entre generaciones Escrita tras un profundo trabajo con jóvenes Los pequeños poderes combina una estructura coral que alterna la intimidad de los diálogos con reflexiones colectivas permitiendo al espectador o lector observar desde fuera y al mismo tiempo sentirse profundamente involucrado en las situaciones cotidianas que todos en algún momento hemos vivido Esta obra plantea una pregunta crucial cómo se perciben los pequeños gestos de poder que surgen en la vida diaria Lebeau no pretende dar respuestas sino invitar a la reflexión sobre la autoridad y sus muchas formas Con una mirada atenta y una gran sensibilidad hacia la infancia Los pequeños poderes se convierte en una pieza imprescindible para comprender la compleja red de emociones y negociaciones que conforman la convivencia familiar

Como Tener Exitos Con Los Hombres David Copeland, Ron Louis, 2001 Policy, Media, and the Shaping of Spain-Morocco Relations Farah Ali, 2024-07-20 This book uses sociolinguistic approaches to explore how media discourse on undocumented migration informs Morocco Spain political relations Historically much of the contact between these two nations has been through conquest first through the Umayyad Caliphate taking control of the Iberian Peninsula then called Hispania in the 8th century and then through Spain's occupation of northern Morocco in the 20th century Though these historical roots have undoubtedly played a role in shaping present day Morocco Spain relations migration has also become another critical element as the majority of legally authorized migration to Spain comes from Morocco Additionally Morocco serves as a sojourn for much of the undocumented migration to the Spanish autonomous cities of Ceuta and Melilla both of which are enclaves in Morocco and common entry points for North African and Sub Saharan African immigrants Migration to Ceuta and Melilla has therefore become a flashpoint for anti immigration attitudes that are frequently perpetuated in political and media discourse The author uses these cities as a case study situating them within the wider context of both immigration related policies and news articles in order to examine how migration is represented in Spain and Morocco The book connects media discourse with policy discourse and addresses how these mediums 1 co construct anti immigration and xenophobic ideologies and 2 shape and are shaped by the somewhat strained relations between Spain and Morocco This book will be of interest to students and scholars of Discourse Analysis Sociolinguistics Migration Studies and Migration Policy Media Studies and Political Communication
