Lost Lion Of Empire:

Lost Lion of Empire Edward Paice, 2001 By the age of twenty two Grogan had been elected the youngest ever member of the Alpine Club and was a Matabele War veteran But his prospects were far from certain when he fell in love with a young heiress and was required by her stepfather to prove himself a somebody in order to win her hand Grogan s response was typically unequivocal he announced that he intended to be the first man to complete a south to north traverse of the African continent In 1900 after almost three years of adventure and unimaginable hardship he arrived triumphantly in Cairo thus completing one of the most astonishing feats in the history of the African exploration He became an instant celebrity and returned to London to marry his beloved Gertrude BOOK JACKET *Lions in Our Lives* Terry Julian, 2003-11 Lion images are everywhere In literature in religion in statues emblems and heraldry Symbols of them are found in all larger European cities particularly London Many are also in Vancouver British Columbia A lion image is visually stimulating and should become part of our life **Madness and marginality** Will Jackson, 2017-03-01 Based on over two hundred and fifty psychiatric case files this book offers a radical new departure from existing historical accounts of what is still commonly thought of as the most picturesque of Britain s colonies overseas By tracing the life histories of Kenya s white insane the book allows for a new account of settler society one that moves attention away from the great white hunters and heroic pioneer farmers to all those Europeans who did not manage to emulate the colonial ideal In doing so it raises important new questions around deviance transgression and social control Sitting at the intersection of a number of fields the book will appeal to students and teachers of imperial history colonial medicine African history and postcolonial theory and will prove a valuable addition to both undergraduate and postgraduate courses *Singing the Law* Peter Leman, 2020 *Singing the Law* examines the legal dimensions of East African oral cultures as adapted within works of literature It demonstrates how writers draw on oral jurisprudence both to critique the temporal foundations of British colonial law and imagine new forms of time law and justice in the global south *The Emergence of International Society in the 1920s* Daniel Gorman, 2012-08-20 Chronicling the emergence of an international society in the 1920s Daniel Gorman describes how the shock of the First World War gave rise to a broad array of overlapping initiatives in international cooperation Though national rivalries continued to plague world politics ordinary citizens and state officials found common causes in politics religion culture and sport with peers beyond their borders The League of Nations the turn to a less centralized British Empire the beginning of an international ecumenical movement international sporting events and audacious plans for the abolition of war all signaled internationalism s growth State actors played an important role in these developments and were aided by international voluntary organizations church groups and international networks of academics athletes women pacifists and humanitarian activists These international networks became the forerunners of international NGOs and global governance

Colonial Kenya Observed S. H. Fazan,2014-11-14 The coast of East Africa was considered a strategically invaluable region for the establishment of trading ports both for Arab and Persian merchants long prior to invasion and conquest by Europeans In the initial stages of the scramble for Africa in the 18th century control of the area was an aspiration for every colonial nation in Europe but it was not until 1895 that it was finally dominated by a sole power and proclaimed The Protectorate of British East Africa In the early 20th century the coast was brimming with vitality as immigrants colonisers and missionaries from Arabia India and Europe poured in to take advantage of growing commercial opportunities including the prospect of enslaving millions of native Africans The development of Kenya is an exceptional tale within the history of British rule in perhaps no other colony did nationalistic feeling evolve in conditions of such extensive social and political change In 1911 S H Fazan sailed to what later became the Republic of Kenya to work for the colonial government Immersing himself in knowledge of traditional language and law he recorded the vast changes to local culture that he encountered after decades of working with both the British administration and the Kenyan people This work charts the sweeping tide of social change that occurred through his career with the clarity and insight that comes with a total intimacy of a country His memoirs examine the fascinating complexity of interaction between the colonial and native courts commercial land reform and the revolutionised dynamic of labour relations By further unearthing the political tensions that climaxed with the Mau Mau Revolt of 1952 1960 this invaluable work on the European colonial period paints a comprehensive and revealing firsthand account for anyone with an interest in British and African history Fazan s story provides a quite unparalleled view of colonial Africa and the conduct of Empire across half a century **Militarism, Hunting, Imperialism** J.A.

sections martial imperialism the self sacrificial subaltern blooding the middle class martial male the imperial officer hunting and war martial masculinity proclaimed and consolidated martial masculinity adapted and adjusted This book was published as a special issue of the International Journal of the History of Sport Indian Doctors in Kenya, 1895-1940 A.
