Lost Science of the Stone Age Michael Poynder, 2004 Proving that 10 000 years ago the subtle energies that bind all living things were widely understood by an enlightened neolithic priesthood [Beyond 2012: Catastrophe or Awakening?](#)
Geoff Stray, 2009-05-21 An illustrated encyclopedic overview of the prophecies calendars and theories that indicate the year 2012 is a threshold of great change for humanity Looks at the scientific and anthropological evidence for the rare galactic alignment due to occur in December 2012 Sifts through the catastrophic theories to show what we might really expect in 2012 In December of 2012 the Mayan Calendar s Great Cycle will come to an end Opinion remains divided as to whether apocalyptic scenarios of worldwide destruction or utopian visions of a spiritually renewed humanity will prevail after this key date has passed What is certain however is that a rare galactic alignment will occur one so unique that it is found at the core of many wisdom traditions from around the globe Geoff Stray has been collecting the vast amounts of data relating to the 2012 phenomena since 1982 Far from confining his research to the Maya who provide the most prominent predictions indicating this date will herald significant changes for humanity he has studied the prophetic traditions of other cultures including the Tibetan Chinese Jewish Ethiopian and tribal cultures from around the globe to show the kind of convergence of cosmic purposes happening along a number of parallel tracks This book offers an extensive study of many modern theories including Terence McKenna s timewave zero and Maurice Cotterell s sunspot research as well as anomalous phenomena such as near death experiences and crop circles Sifting through all the scientific research and speculation that the year 2012 has inspired Geoff Stray provides an encyclopedic look at what we might really expect on this pivotal date **Dark Light Consciousness** Edward Bruce Bynum, 2012-06-19 How to awaken the Ureaus the serpent power of spiritual transcendence within each of us and connect to the superconscious of the universe Reveals the biochemistry of how the body s melanin provides the template for the subtle energy body or light body Shows how embracing the dark light consciousness of the awakened Ureaus opens a portal to the sacred darkness of the superconscious Provides illustrated instructions for meditation practices breathing exercises and yoga postures to safely awaken Ureaus Kundalini energy Within each of us lies the potential to activate a personal connection to the superconscious Called Ureaus in ancient Egyptian texts and Kundalini in ancient Hindu yoga traditions our innate serpent power of spiritual transcendence inhabits the base of the spine in its dormant state When awakened it unfurls along the spinal column to the brain connecting individual consciousness to the consciousness of the universe enfolded within the dark matter of space At the root of creativity and spiritual genius across innumerable cultures and civilizations this intelligent force reveals portals that enfold time space and the luminous matrix of reality itself Combining physics neuroscience and biochemistry with ancient traditions from Africa and India Edward Bruce Bynum Ph D explores the ancient Egyptian science of the Ureaus and reveals how it is intimately connected to dark matter and to melanin a light sensitive energy conducting substance found in the brain nervous system and organs of all higher life

forms He explains how the dark light of melanin serves as the biochemical infrastructure for the subtle energy body just as dark matter together with gravity holds the galaxies and constellations together With illustrated instructions he shows how to safely awaken and stabilize the spiritual energy of the Ureaus through meditation practices breathing exercises and yoga postures as well as how to prepare the subtle body for transdimensional soul travel By embracing the dark light of the shining serpent within we overcome our collective fear of the vast living darkness without By embracing the dark we transcend reality to the dimension of light *Apocalypse or a Golden Age?* , **Planet Medicine: Origins, Revised**
