NAMED ONE OF THE BEST BOOKS OF THE YEAR BY KIRKUS REVIEWS Good Prose is an inspiring book about writing about the creation of good prose and the record of a warm and productive literary friendship The story begins in 1973 in the offices of The Atlantic Monthly in Boston where a young freelance writer named Tracy Kidder came looking for an assignment Richard Todd was the editor who encouraged him From that article grew a lifelong association Before long Kidder s *The Soul of a New Machine* the first book the two worked on together had won the Pulitzer Prize It was a heady moment but for Kidder and Todd it was only the beginning of an education in the art of nonfiction Good Prose explores three major nonfiction forms narratives essays and memoirs Kidder and Todd draw candidly sometimes comically on their own experience their mistakes as well as accomplishments to demonstrate the pragmatic ways in which creative problems get solved They also turn to the works of a wide range of writers

novelists as well as nonfiction writers for models and instruction They talk about narrative strategies and about how to find a story sometimes in surprising places about the ethical challenges of nonfiction and about the realities of making a living as a writer They offer some tart and emphatic opinions on the current state of language And they take a clear stand against playing loose with the facts Their advice is always grounded in the practical world of writing and publishing Good Prose like Strunk and White's *The Elements of Style* is a succinct authoritative and entertaining arbiter of standards in contemporary writing offering guidance for the professional writer and the beginner alike This wise and useful book is the perfect companion for anyone who loves to read good books and longs to write one Praise for Good Prose Smart lucid and entertaining *The Boston Globe* You are in such good company congenial ironic a bit old school that you're happy to follow Kidder and Todd where they lead you *The Wall Street Journal* A well structured to the point genuinely useful and fun to read guide to writing narrative nonfiction essays and memoir Crisp informative and mind expanding Booklist A gem The finer points of creative nonfiction are molded into an inspiring read that will affect the would be writer as much as Anne Lamott's *Bird by Bird* or Stephen King's *On Writing* This is a must read for nonfiction writers *Library Journal* As approachable and applicable as any writing manual available Associated Press *The Power of Psychology* David Cohen, 1987 **But Love's Objected** Joseph Dussourd, 2007-10-10 But Love's Objected is a science fiction fantasy novel by Joseph Dussourd which examines the practical and philosophical conflict that exists between debit and credit based economies as mining colonies are established on the moon and as the middle class begins to colonize the solar system But Love's Objected depicts these issues as a conflict of personalities between the two main characters John Jake Jackson and Richard Mendel Bellbridge who are hopelessly deadlocked over the separation of church and state and the value cost and role of organized government as the earth based economy faces collapse and as mankind begins to push out into the colonization of space One will not survive this conflict But Love's Objected is not a typical sci fi adventure with aliens and ray guns and heroic humanoids it addresses some of the most profound issues facing mankind as we enter the new millennium For more information please go to [josephdussourd.com](http://josephdussourd.com)
