Shahjad Khan, 2021-07-06 A story is just a story till when put a deep insight of thoughts in it I wouldn't say I wrote this story keeping my subconscious at forefront but I would say a lot of real life events occurred to me as in shaping it in a way that I can vouch we all in tiny frames are a part of this story We can relate with the characters not just the way they act but we can relate with them as we all have a fascinated inner self that imagines impossible possibilities in our lives When I had that profoundness to shape thoughts into words this story became a vision for my eyes and I lived it along with the characters throughout the story Their pain pleasures emotions love hatred all emotions I felt within and I would love to see the same expressions resonating with your souls It was started when Trisha was hopeless lonely and not happy with the life's ways of treating her she met her soul mate during the journey but as cosmos and destiny plays a unpredictable role in our lives how these two encountered with each other on the journey how they evolved each other and how they penetrated each other's Aura seeking out space in their darker corners illuminating each other's lives This is all about that all I hope and am very optimistic about your love for this book and it might give you a ray of hope in your withered life somewhere **Catalog of Copyright Entries, Third Series** Library of Congress. Early Writings Karl Marx, 2005-11-24 Written in 1833-4 when Marx was barely twenty five this astonishingly rich body of works formed the cornerstone for his later political philosophy In the Critique of Hegel's Doctrine of the State he dissects Hegel's thought and develops his own views on civil society while his Letters reveal a furious intellect struggling to develop the egalitarian theory of state Equally challenging are his controversial essay On the Jewish Question and the Economic and Philosophical Manuscripts where Marx first made clear his views on alienation the state democracy and human nature Brilliantly insightful Marx's Early Writings reveal a mind on the brink of one of the most revolutionary ideas in human history the theory of Communism This translation fully conveys the vigour of the original works The introduction by Lucio Colletti considers the beliefs of the young Marx and explores these writings in the light of the later development of Marxism

Critique of Hegel's 'Philosophy Of Right' Karl Marx, 1970-12-02 This book is a complete translation of Marx's critical commentary on paragraphs 261-313 of Hegel's major work in political theory In this text Marx subjects Hegel's doctrine on the internal constitution of the state to a lengthy analysis It was Marx's first attempt to expose and criticize Hegel's philosophy in general and his political philosophy in particular It also represents his early efforts to criticize existing political institutions and to clarify the relations between the political and economic aspects of society The Critique provides textual evidence in support of the argument that Marx's early writings do not exhibit radically different doctrinal principles and theoretical and practical concerns from his later work This edition also includes a translation of the introduction Marx wrote for his proposed revised version of the Critique which he never completed In a substantial introduction Professor O'Malley provides valuable information on Marx's intellectual development
