

The background of the image is a warm, dimly lit interior. A window with horizontal blinds is the central focus, letting in soft light. On the windowsill, there are two potted plants with green leaves and a small dark bottle. Below the window is a radiator. To the right, a tall plant stands near a doorway. The overall atmosphere is intimate and comfortable.

The Psychology of Today's Woman Toni Bernay, Dorothy Cantor, 2013-05-13 The sexual revolution oft discussed in the journalistic literature of recent years has brought in its wake a host of questions that are only beginning to be addressed How are women coping with real world challenges for which they may be ill prepared both socially and psychologically How successfully are they integrating old and new ego ideals in forging new identities Is their ostensible liberation actually making for a sense of integration and wholeness The Psychology of Today s Woman New Psychoanalytic Visions probes these and related questions from the standpoint of both developmental and therapeutic concerns Taking Freud s notion of female sexuality as a point of departure editors Bernay and Cantor have compiled a collection of original essays that reassesses traditional conceptions of female psychology Section I proffers new visions of femininity Section II and explores critical situations in the lives of contemporary women Section III A final section of the book of special interest to analysts and psychotherapists examines the various facets of the clinical treatment of women Collectively the contributors to this volume articulate a strong challenge to the deficiency model of female identity that has long dominated psychoanalytic theory More impressively still they offer constructive alternatives to the preconceptions of the past They converge in the belief that the richness and diversity of female experience cannot be encompassed in the overly simplified definitions and masculine analogizing of classical analysis Whether we

investigate the status of masculinity and femininity as personality traits the relationship between nurturance and aggression in female identity or the meaning of normality and pathology in treatment situations we are very much in a realm of multiple truths in which the formulas of the past give little sense of the options of the present or the possibilities of the future Gay and Lesbian Literary Heritage Claude J. Railway Conductors' Monthly, 1929 *Final Cut* Lisa Haddock, 1995 Carmen and Julia seem like the perfect couple until an old lover returns from the past and turns up again a month later. **Bitter Chocolate** Pinki Virani, 2000-10-14 A book that challenges our notions of family honour and morality. Sometime somewhere the conspiracy of silence around Child Sexual Abuse (CSA) in Indian homes had to be shattered. This path-breaking book, the first of its kind in the country and subcontinent, attempts to give that sexually abused child a powerful voice. It provides damning disclosures about men and some women in middle and upper class families who sexually abuse their children then silence them into submission. Based on studies, reports and investigation, this book reveals that a minimum of twenty per cent of girls and boys under the age of sixteen are regularly being sexually abused, half of them in their own homes by adults who have the child's trust. In *Bitter Chocolate*, journalist and best-selling author Pinki Virani travels across the country to record the testimonies of the police, doctors, child psychologists, mental health professionals, social workers, lawyers and the traumatized victims themselves. The book opens with an account, brave and devoid of self-pity, of the author's own experience. Going beyond blaming Pinki Virani then proceeds with her insightful analysis of the issue in three notebooks. The first spells out what constitutes CSA, why and how this happens, its devastating after-effects which haunt the victims as they grow into adulthood. The second notebook describes these effects through two real-life stories of women who were betrayed as children by men of their family. The third provides practical solutions on how to counter CSA, including a framework involving the law, the parent and their child. A special chapter addresses adults who have never before disclosed their sexual abuse as children. Plus a nationally coordinated helpline. Accessible yet comprehensive, *Bitter Chocolate* is written for the young parent and guardian, principal and teacher, judge and police lawyer and public prosecutor, teenager and tomorrow's citizen. **For Keeps** Elisabeth Nonas, 1985 Kate's love has left her.
