the text **Judaism Is About Love** Shai Held,2024-03-26 A profound startling new understanding of Jewish life illuminating the forgotten heart of Jewish theology and practice love A dramatic misinterpretation of the Jewish tradition has shaped the history of the West Christianity is the religion of love and Judaism the religion of law In the face of centuries of this widespread misrepresentation Rabbi Shai Held one of the most important Jewish thinkers in America today recovers the heart of the Jewish tradition offering the radical and moving argument that love belongs as much to Judaism as it does to Christianity Blending intellectual rigor a respect for tradition and the practices of a living Judaism and a commitment to the full equality of all people Held seeks to reclaim Judaism as it authentically is He shows that love is foundational and constitutive of true Jewish faith animating the singular Jewish perspective on injustice and protest grace family life responsibilities to our neighbors and even our enemies and chosenness Ambitious and revelatory Judaism Is About Love illuminates the true essence of Judaism an act of restoration from within **Evangelizing the Depths** Simone Pacot,2018-09-28 Many people don t know how to reconcile the spiritual with the reality of where they are psychologically so their psychological issues are not submitted to the spirit Thus followers of Christ are often living with shame oppression or even hatred It should not be this way The good news is that there is a way to wholeness Evangelizing the Depths calls us to listen closely to the Word of God as very practically Simone Pacot explains how the grace of the Triune God can restore us to life in every facet of our being even those that have been deeply wounded by events of the past As the entwining of the spiritual and psychological levels is explored this book will help establish us in the love and the truth of God As this happens it becomes possible to identify the paths of death that we have taken in the past and then leave them behind as we choose to follow Christ along the way of true life **The Completion of Love of the Cross (Newly Revised Version)** Young-Rock Lee,2023-01-01 This book is a spiritual journey and meditation that tells us of the depth of the cross relation to the spirit inside humans His coming again is to find His lost love and the King of Love returns to complete our incomplete love with God s love that s of the cross The new era the Era of Love is the change of this earth into a world where joy and peace do not cease starting from the inside of humans In the end the judgment of fire isn t a wrath filled fire that can be seen but the fiery love of God that melts the most hardened of spirits **Summa Theologica (All Complete & Unabridged 3 Parts + Supplement & Appendix + interactive links and annotations)** Thomas Aquinas,2013-08-20 This carefully crafted ebook Summa Theologica All Complete Unabridged 3 Parts Supplement Appendix interactive links and annotations is formatted for your eReader with a functional and detailed table of contents This ebook is the best known work of Thomas Aquinas c 1225 1274 Although unfinished the Summa is one of the classics of the history of philosophy and one of the most influential works of Western literature It is intended as an instructional guide for moderate theologians and a compendium of all of the main theological teachings of the Catholic Church It presents the reasoning for almost all points of Christian theology in the West The Summa Theologica is divided into three parts and each of these three parts contains numerous subdivisions Part 1 deals

primarily with God and comprises discussions of 119 questions concerning the existence and nature of God the Creation angels the work of the six days of Creation the essence and nature of man and divine government Part 2 deals with man and includes discussions of 303 questions concerning the purpose of man habits types of law vices and virtues prudence and justice fortitude and temperance graces and the religious versus the secular life Part 3 deals with Christ and comprises discussions of 90 questions concerning the Incarnation the Sacraments and the Resurrection Some editions of the Summa Theologica include a Supplement comprising discussions of an additional 99 questions concerning a wide variety of loosely related issues such as excommunication indulgences confession marriage purgatory and the relations of the saints toward the damned Scholars believe that Rainaldo da Piperno a friend of Aquinas probably gathered the material in this supplement from a work that Aquinas had completed before he began working on the Summa Theologica It seeks to describe the relationship between God and man and to explain how man's reconciliation with the Divine is made possible at all through Christ To this end Aquinas cites proofs for the existence of God and outlines the activities and nature of God Approximately one half of the Summa Theologica then examines the nature and purpose of man Finally Aquinas devotes his attention to the nature of Christ and the role of the Sacraments in effecting a bridge between God and man Within these broad topical boundaries though Aquinas examines the nature of God and man in exquisite detail His examination includes questions of how angels act on bodies the union of body and soul the cause and remedies of anger cursing and the comparison of one sin with another Aquinas is attempting to offer a truly universal and rational view of all existence Thomas Aquinas O P 1225 1274 also Thomas of Aquin or Aquino was an Italian Dominican priest and an immensely influential philosopher and theologian in the tradition of scholasticism within which he is also known as the Doctor Angelicus Doctor Communis and Doctor Universalis He was the foremost classical proponent of natural theology and the father of Thomism His influence on Western thought is considerable and much of modern philosophy was conceived in development or refutation of his ideas particularly in the areas of ethics natural law metaphysics and political theory *Bonhoeffer* Petra Brown, 2019-01-04

Theologian Conspirator Martyr Saint Dietrich Bonhoeffer was killed in the waning days of World War II having been implicated in the July 20th assassination attempt on Hitler Since his death Bonhoeffer's life and writings have inspired contradictory responses He is often seen as a model for Christian pacifist resistance and more recently for violent direct political action Bonhoeffer's name has been invoked by violent anti-abortion protestors as well as political leaders calling for support on a war on terror in the aftermath of 9/11 Petra Brown critically analyses Bonhoeffer's writing preceding and during his conspiracy involvement particularly his recurring concept of the extraordinary Brown examines this idea in light of the state of exception a concept coined by the one-time Nazi jurist and political theorist Carl Schmitt She also draws on the existentialist philosopher Søren Kierkegaard to consider what happens when discipleship is understood as obedience to a divine command This book aims to complicate an unreflective admiration of Bonhoeffer's decision for conspiracy and draws

attention to the potentially dangerous implications of his emerging political theology **Love Your Enemies** Lisa Sowle Cahill,1994 The author examines the theological bases of just war theory and pacifism especially in the light of the concept of God as that motif illuminates Christian discipleship Differences between the theory of just war and the practice of pacifism are highlighted in the overview of the history of Christian thought on the subject and the inclusiveness of the ideal of the kingdom for pacifism is emphasized **Enemies and How to Love Them** Gerard Vanderhaar,2013-09-01 This compassionate book describes the making of enemies in our personal social and national lives It goes on to outline a nonviolent approach to resolving enmity wherever it arises It taps the rich resources of Jesus two thousand year old formula Love your enemies with the help of our contemporary understanding of Gandhian active nonviolence The author offers a life changing habit breaking approach of understanding focusing and negotiating as a positive alternative to the usual flight or fight response to enemies The book sketches an informative portrait of the Soviet Union that includes insights into its communist ideology its political structures and the practice of religion in the country The book stresses that the USSR is a nation of real people who are interesting sometimes colorful yet always struggling **Love of Enemies** William Klassen,2002-05-22 Love of enemies search for peace In the current international political atmosphere where hope is in short supply these days within and outside the church William Klassen these twin themes hardly seem compatible Klassen maintains however that the two are not only consistent but also have coexisted from ancient times to the present due in large part to the Jesus movement Examining the Hellenistic and Hebrew backgrounds of the two themes Klassen illuminates old familiar texts as well as some that have been previously ignored He shows how people today can strive for peace both by following the examples of the twentieth century figures before them and be returning as warriors of peace to long neglected biblical resources **The Wisdom of Jesus** Charles W. Hedrick,2014-11-07 How would the image of Jesus appear if it were based only on sayings that scholars generally agreed originated with Jesus And how would the wisdom of Jesus reflected in those few sayings compare to the wisdom of the sages of ancient Israel and the apostles of the early first century church To answer such questions historians face serious difficulties Everything we know about Jesus comes from what later writers thought about him none of the things they claimed he said came directly from him Everything in the early Christian gospels is either derived from historical memory or is borrowed or invented Hedrick claims Even those few sayings receiving near universal agreement from historians as sayings of Jesus can only be affirmed as probable rather than certain The aim of this study is to allow Jesus to speak for himself directly to readers as nearly as possible in his own words without the theological explanations of his interpreters The resulting image of Jesus that emerges is a complex picture of a first century lower class man who was not religious in a traditional sense His discourse was the language of the secular world and addressed issues of common life New Seeds of Contemplation Thomas Merton,2007 The much beloved and most widely read of Merton's works New Seeds of Contemplation covers a diverse range of subjects including faith spiritual wonder the night of the senses

and renunciation **Divine being and its relevance according to Thomas Aquinas** William J. Hoya, 2019-11-26 Aquinas theology can be understood only if one comes to grips with his metaphysics of being The relevance of this perspective is exhibited in his treatment of topics like creation goodness happiness truth freedom of the will the unity of the human being prayer and providence God s personhood divine love God and violence God s unknowability the Incarnation the Trinity God s existence theological language and even laughter This book endeavors to treat these questions in a clear and convincing language Is there a better method for improving one s own theology than by grappling with the arguments of Thomas Aquinas **Politics, Justice, and War** Joseph E. Capizzi, 2015-05-14 The just war ethic emerges from an affirmative response to the basic question of whether people may sometimes permissibly intend to kill other people In Politics Justice and War Joseph E Capizzi clarifies the meaning and coherence of the just war approach to the use of force in the context of Christian ethics By reconnecting the just war ethic to an Augustinian political approach Capizzi illustrates that the just war ethic requires emphasis on the right intention or goal of peace as ordered justice With peace set as the goal of war the various criteria of the just war ethic gain their intelligibility and help provide practical guidance to all levels of society regarding when to go to war and how to strive to contain it So conceived the ethic places stringent limits on noncombatant or innocent killing in war helps make sense of contemporary technological and strategic challenges and opens up space for a critical and constructive dialogue with international law [Saint Thomas Aquinas Collection \[22 Books\]](#) Saint Thomas Aquinas, Aeterna Press, SAINT THOMAS AQUINAS COLLECTION 22 BOOKS Quality Formatting and Value Active Index Multiple Table of Contents for all Books Multiple Illustrations Thomas Aquinas O P was an Italian Dominican friar Catholic priest and Doctor of the Church He was an immensely influential philosopher theologian and jurist in the tradition of scholasticism within which he is also known as the Doctor Angelicus and the Doctor Communis The name Aquinas identifies his ancestral origins in the county of Aquino in present day Lazio where his family held land until 1137 He was the foremost classical proponent of natural theology and the father of Thomism His influence on Western thought is considerable and much of modern philosophy developed or opposed his ideas particularly in the areas of ethics natural law metaphysics and political theory Unlike many currents in the Church of the time Thomas embraced several ideas put forward by Aristotle whom he called the Philosopher and attempted to synthesize Aristotelian philosophy with the principles of Christianity The works for which he is best known are the Summa Theologiae and the Summa contra Gentiles His commentaries on Sacred Scripture and on Aristotle form an important part of his body of work Furthermore Thomas is distinguished for his eucharistic hymns which form a part of the Church s liturgy BOOKS AN APOLOGY FOR THE RELIGIOUS ORDERS ARISTOTLE ON INTERPRETATION CATENA AUREA COMMENTARY ON THE FOUR GOSPELS COLLECTED OUT OF THE WORKS OF THE FATHERS VOLUMES 1 TO 4 COMMENTARY ON ARISTOTLE S DE ANIMA COMMENTARY ON ARISTOTLE S PHYSICS COMMENTARY ON THE METAPHYSICS COMPENDIUM OF THEOLOGY DE MEMORIA ET REMINISCENTIA
