their own hometowns There can be any number of reasons why people find themselves in a long distance relationship especially since the birth of the internet because romances often bloom online and promises are made that are in fact just as serious as those made face to face Here is a preview of what you ll learn Can you survive a long distance relationship Communicating regularly and staying committed Trust in your long distance relationship Being creative in your long distance relationship Making that time together count Being there for each other Finally moving to the same place together Living apart might be challenging but even though you currently live apart there are plenty of things you can do together and methods to hang out You can find the answers to your queries and fixes for your issues within the pages of this book Most importantly though you ll learn how to communicate with your partner so that you two may enjoy yourselves more and become closer
