Low Level Hell:

Low Level Hell Hugh L. Mills, Jr., 2000-08-08 The aeroscouts of the 1st Infantry Division had three words emblazoned on their unit patch Low Level Hell It was then and continues today as the perfect concise definition of what these intrepid aviators experienced as they ranged the skies of Vietnam from the Cambodian border to the Iron Triangle The Outcasts as they were known flew low and slow aerial eyes of the division in search of the enemy Too often for longevity s sake they found the Viet Cong and the fight was on These young pilots 19 22 years old invented the book as they went along Praise for Low Level Hell An absolutely splendid and engrossing book The most compelling part is the accounts of his many air to ground engagements There were moments when I literally held my breath Dr Charles H Cureton Chief Historian U S Army Training and Doctrine TRADOC Command Low Level Hell is the best bird s eye view of the helicopter war in Vietnam in print today No volume better describes the feelings from the cockpit Mills has captured the realities of a select group of aviators who shot craps with death on every mission R S Maxham Director U S Army Aviation Museum **Low Level Hell** Hugh L. J. Tracy, 2018-09-11 New York Times bestselling author Dead men tell no tales but their pasts can t keep a secret in this suspenseful fast paced Monkeewrench crime thriller Catherine Coulter author of the FBI Thrillers Gregory Norwood is

Minnesota's most beloved philanthropist and the story of his son's overdose was splashed across the front page of all the papers. When a photojournalist sets out to get a candid shot of the highly successful businessman on the one year anniversary of his son's death, he's shocked to find Norwood dead with a smoking gun in his hand. The city is devastated and Minneapolis detectives Leo Magozzi and Gino Rolseth are called in to handle the delicate case. It should be open and shut, but something is not right. Norwood's death is no suicide. With no suspects and an increasing tangle of digital evidence that confounds the Minneapolis Police Department's most seasoned cops, Magozzi calls on Grace MacBride, Monkeewrench Software's founder and chief computer genius, and the soon-to-be mother of their child together. She and her motley crew of partners begin to unravel connections between Norwood's death and an even larger plot. Norwood wasn't the first, won't be the last, and by the end, may be just one of many to die. The breakneck, high-stakes race to find his killer and save the lives of hundreds makes P.J. Tracy's *The Guilty Dead* her most outstanding novel yet. [Unleashing the Power of Unconditional Respect](#) Jack

Saige Sterling: Badass Bounty Hunter: Bundle 1: Books 1 - 3 J.C. Diem, This bundle contains books one to three of the Saige Sterling Badass Bounty Hunter series. Nexus Saige Sterling is a curvy confident hunter who has been training to kill monsters for a decade. She intends to become the premier bounty hunter in Nexus. First, she needs to make a name for herself so she will come to the attention of the boss of the hunters. All manner of creatures have come through gates from the underworld over the millennia. The supernatural creatures are forever stepping over the line and killing innocent humans. She won't have a shortage of rogues to hunt down. During her quest to gain a job doing what she loves best, Saige witnesses a vampire murdering a human. She follows her target to a nightclub for supernatural beings where he thinks he'll be safe. The brand new bounty hunter won't let anyone stop her from fulfilling her destiny. Not even a mob of angry monsters can slow her down for long. Unfortunately, Saige's plans go awry, and her target isn't who he seems to be. His boss is a sexy weredragon who won't be pleased if she turns his minion to ash. The dragon offers her a deal, but first she needs to prove herself to him. Accepting his bargain will be the first step in achieving her dreams, but it will throw her life into turmoil that she couldn't possibly foresee. *Conflux* Saige Sterling has been working as a bounty hunter for her weredragon boss for six months now. Drake Gilden is a sexy enigma that she isn't sure she'll ever be able to figure out. They have undeniable chemistry, but she's so far beneath him in the supernatural hierarchy that she knows he's out of her league. When Saige and Ruen, her reluctant vampire partner, came back from the first realm of the underworld, they didn't return alone. Saige now has a new roommate. Aurora is still learning about the new dimension she's been drawn to. Her powers have the habit of leaking out onto Saige. It's something she's going to have to learn how to control before it drives the bounty hunter crazy. *Stealing*

one of the mysterious scroll fragments from the rulers of the underworld should have been enough to stop the coming apocalypse Lord Gilden is determined to have them all in his grasp He sends the unlikely trio to the second realm in search of the next piece of the enchantment With Saige s mixed genes she has no idea if she ll be the same type of monster that she was in the first realm or if she ll turn into something completely different Vortex Saige is still adjusting to having a sex demon for a roommate but it s getting easier now that Aurora has her own bed to sleep in She wished her strange relationship with Drake Gilden would run as smoothly Unfortunately it just keeps getting more complicated For the first time all of Lord Gilden s bounty hunters will be called on to work together on a job Saige will finally get to see why he hired the two puny humans who are on their team She will also get a chance to shine and show them exactly why the weredragon hired her Saige s fame as a bounty hunter is growing with each new mission she accomplishes Few in the supernatural community in Nexus are aware that she has a secret task in the underworld So far the huntress her vampire sidekick and best friend have retrieved two fragments of a magical scroll The monsters and beasts are becoming more dangerous with each realm they visit So are the guardians who are guarding the spells

BlueGhost Reveille John W. Harris,2018-12-27 These are the recollections of a draftee assigned to an infantry platoon in an air cavalry troop BlueGhost Reveille follows me as a twenty two year old as I became a squad leader and then Platoon Sergeant during the war in Vietnam The pieces of this book are as factual as fifty

year old memories will allow There is no intentional fiction in this work The stories are about everyday life during this year in a combat unit Some pieces are mundane some are humorous and the parts about going to serious war will get your heart up in your throat I was not a Seal Ranger or Green Beret I was a draftee who turned down OCS because that would have meant extending my service by a year I was chosen to go to NCO school which made me an instant NCO or a shake bake sergeant Reluctant warrior may have described many of us draftees at the time but when you know you are going to war you better get serious I did Friends and family who have read this manuscript say it feels like I am sitting there telling them these stories I hope it feels that way for you Raven Daughter Omnibus A.D. Trosper, 2025-05-13 A hidden lineage a found family an impossible quest and a forbidden love that could save worlds This is the Raven Daughter trilogy altogether in one book with added chapters expanded scenes and bonus material _____ I m Jo and the death of my mother revealed a whole lot of secrets she was keeping Like the fact that my sperm donor father was a freaking angel who couldn t keep it in his pants and slept with a woman he should never have been with Or the fact that I m not mortal and would one day be a reaper of souls Reaping souls now there is something I never dreamed I would do but here I am doing just that Or at least I was until souls started becoming Lost And that s when things went south When I stupidly agreed to help discover what was causing the Lost without reading the fine print first Now a lot of immortals would like to see me dead because of what I might become To top it off I ended up bloodbound to a powerful half demon who is supposed to be a reaper s sworn enemy Funny thing is he may be the only one I can trust As we embark on this adventure I can only hope it s over soon and I can get back to my normal life Well my new immortal normal life Warning Although this series deals with angels and demons there is nothing religious about them Anyone looking for that within the pages of these books will be disappointed Co-ed Combat Kingsley Browne, 2007 Browne makes a case against women in combat based on research in anthropology biology history psychology sociology and law as well as military memoirs It asks hard questions that challenge the assumptions of feminists For instance 5 Has warfare really changed so much as to reverse the almost unanimous history of all male armed forces 5 Are men and women really equivalent in combat skills even leaving aside physical strength 5 Do female troops respond to traditional types of motivations 5 Can the bonds of unit cohesion form in a co ed military unit 5 Can an all volunteer military afford to reject women Immortal Star Arts Xing ChenZhiLian, 2020-06-02 A person who had fused with the primordial Tai Chi diagram from birth due to the lack of a concept of love failed his transference The Kunlun Mirror then brought his soul back to the continent of magic to reincarnate Let s see how he experiences the emotions that almost made him disappear from this world The front may be written in an easy and funny way Perhaps everyone would think that the protagonist of the book was too abnormal but there was no need to worry Even if he was an abnormal person they would still write him down no I ll start over after I m reincarnated Since the ten divine tools of the ancient times have different opinions I have chosen ten of them please do not hold grudges against me Collection Collection Collection Ticket **Parameters** , 1993 Voices from the Vietnam

War Xiaobing Li,2010-05-07 Some of this book is heartrending some of it is as gripping as a thriller and all of it will add to our understanding of the war Booklist The Vietnam War s influence on politics foreign policy and subsequent military campaigns is the center of much debate and analysis But the impact on veterans across the globe as well as the effects on individual lives and communities is a largely neglected issue As a consequence of cultural and legal barriers the oral histories of the Vietnam War currently available in English are predictably one sided providing limited insight into the inner workings of the Communist nations that participated in the war Furthermore many of these accounts focus on combat experiences rather than the backgrounds belief systems and social experiences of interviewees resulting in an incomplete historiography of the war Chinese native Xiaobing Li corrects this oversight in *Voices from the Vietnam War Stories from American Asian and Russian Veterans* Li spent seven years gathering hundreds of personal accounts from survivors accounts that span continents nationalities and political affiliations The twenty two intimate stories in this book feature the experiences of American Chinese Russian Korean and North and South Vietnamese veterans representing the views of both anti Communist and Communist participants including Chinese officers of the PLA a Russian missile training instructor and a KGB spy These narratives humanize and contextualize the war s events while shedding light on aspects of the war previously unknown to Western scholars providing fresh perspectives on a long discussed topic Li s achievement is most remarkable for the window he opens onto the lives of Chinese and Russian veterans their rare accounts appear here for the first time in English Publishers Weekly

Vietnam Firebases 1965-73 Randy E. M Foster,2012-08-20 Artillery fire support bases of the Freeworld forces played a critical role in the conduct of operations during the Vietnam War They served to lay down high volume fire on enemy firing sites supported friendly infantry operations and executed harassing fire missions where exact targets were not known But the firebases themselves which housed a range of other facilities such as troop shelters surveillance radars and command centers had to be defended against ground attack and as a result became significant fortifications in their own right This book describes the design development and operational history of the fire support bases throughout the conflict
