Aristocratic Vice Donna T. Andrew, 2013-06-18 div Aristocratic Vice examines the outrage against the four vices associated with the aristocracy in eighteenth century England duelling suicide adultery and gambling and the subsequent emergence of the middle class DIV

Teachers in Early Modern English Drama Jean Lambert, 2019-11-11 Starting from the early modern presumption of the incorporation of role with authority Jean Lambert explores male teachers as representing and engaging with types of authority in English plays and dramatic entertainments by Shakespeare and his contemporaries from the late sixteenth to the early seventeenth century

This book examines these theatricalized portraits in terms of how they inflect aspects of humanist educational culture and analyzes those ideas and practices of humanist pedagogy that carry implications for the traditional foundations of authority

Teachers in Early Modern English Drama is a fascinating study through two centuries of teaching Shakespeare and his contemporaries and will be a valuable resource for undergraduates postgraduates and scholars interested in sixteenth and seventeenth century drama writing and culture

The Fields of

Fortune Jessica Stirling, 2008-04-03 The streets of eighteenth century Edinburgh where disease and squalor jostle with high culture and grand ambitions are the setting for Jessica Stirling's powerful new novel On the brink of a disastrous marriage Nicola Templeton finally rebels and flees to Edinburgh to seek refuge with her sister Charlotte's own runaway marriage has already turned their father into an implacable foe and it seems that Nicola too may be cut off from her share of the Craigiehall estate if she does not bow to his will The bustling Georgian city a hotbed of intrigue and corruption draws Nicola swiftly into its web She is courted by Grant's dashing young brother Gillon fresh home from fighting in the American wars Innocent country girl or not she is not dazzled by Gillon's wit or deceived by his promises for Gillon is penniless if no less ambitious than his brother Meanwhile though incensed by his daughter's ingratitude Lord Craigiehall has plans of his own for the future of the Ayrshire estates Plans that involve him with the notorious society hostess Lady Valerie Oliphant and a pretty little actress from London whose wiles are more than equal to his own *The ABC with the Catechism; that is to Say, an Instruction to be Learned of Every Person Before He be Brought to be Confirmed by the Bishop*, 1805 Sermons by Henry Wward Bleecher, Plymouth Church, Brooklyn Henry Ward Beecher, 1870 **The Journal of Education**, 1892 A French and English dictionary Randle Cotgrave, 1673 Encyclopedia of Television Shows, 1925 through 2010, 2d ed. Vincent Terrace, 2014-01-10 This fully updated and expanded edition covers over 10 200 programs making it the most comprehensive documentation of television programs ever published In addition to covering the standard network and cable entertainment genres the book also covers programs generally not covered elsewhere in print or even online including Internet series aired and unaired pilot films erotic series gay and lesbian series risqué cartoons and experimental programs from 1925 through 1945 **Catholic Renewal and Protestant Resistance in Marian England** Vivienne Westbrook, Elizabeth Evenden, 2016-03-03 Mary Tudor's reign is regarded as a period where within a short space of time an early modern European state attempted to reverse the religious policy of preceding governments This required the use of persuasion and coercion of propaganda and censorship as well as the controversial decision to revive an old statute against heresy The efforts to renew Catholic worship and to revive Catholic education and spirituality were fiercely opposed by a small but determined group of Protestants who sought ways of thwarting the return of Catholicism The battle between those seeking to renew Catholicism and those determined to resist it raged for the full five years of Mary's reign This volume brings together eleven authors from different disciplines English Literature History Divinity and the History of the Book who explore the different policies undertaken to ensure that Catholicism could flourish once more in England The safety of the clergy and of the public at the Mass was of paramount importance since sporadic unrest took place early on Steps were taken to ensure that reformist worship was stopped and that the country re-embraced Catholic practices This involved a number of short and long term plans to be enacted by the regime These included purging the universities of reformist ideas and ensuring the re-education of both the laity and the clergy On a wider scale this was undertaken via the pulpit and the printing press Those

who opposed the return to Catholicism did so by various means Some retreated into exile while others chose the press to voice their objections as this volume details The regime s responses to the actions of individuals and to the clandestine texts produced by their opposition come under scrutiny throughout this volume The work presented here also offers new insight into the role of King Philip and his Spanish advisers These essays therefore present a detailed assessment of the role of the Spanish who came with to England as a result of the marriage of Philip and Mary They also move away from the ongoing discussions of persecution seeking rather to present a more nuanced understanding of the regime s attempts to renew and revive a nation of worshippers and to eradicate the disease of heresy They also look at the ways those attempts were opposed by individuals at home and abroad thereby providing a broad ranging but detailed assessment of both Catholic renewal and Protestant resistance during the years 1553 1558

You Are the Christ David Whitcomb, 2017-03-11 Everyone supposed that Jesus the man from Nazareth was the son of Mary and Joseph the carpenter But who was He really The debate over Jesus identity has continued for two thousand years Was Jesus actually God or was He simply a man with an unusual teaching gift Did He possess a divine nature that equipped Him to perform miracles or were His miracles a slight of hand Could He have actually been the incarnation of Jehovah His conversations prove that Jesus of Nazareth knew that He was God in human form The four Gospels record over sixty different conversations that Jesus Christ had with many different people in many different settings His conversations consistently pointed to the truth that He was indeed God in the flesh When Peter looked at this man who was very much like himself and concluded You are the Christ the Son of the living God he was exactly right The plethora of modern theories denying Christ s divinity must be abandoned when we comprehend what He revealed about Himself through His conversations
