## **Loyalty Link How Loyal Employees Create Loyal Customers:**

**The Loyalty Link** Dennis G. McCarthy, 1997-04-25 The loyalty link is a must read for any marketer who wants to understand the power of customer enthusiasm Don Hudler President Saturn Corporation In an age of consumerism downsizing and frequent layoffs it may seem that loyalty in the marketplace has fallen victim to the fast buck and the quick fix In The Loyalty Link however Dennis McCarthy reveals that loyalty between a business and its customers between employer and employee is a major competitive advantage Businesses that develop loyalty links to their employees will consistently retain loyal customers and gain a competitive edge McCarthy gives business owners managers and executives the ideas and tools to forge the crucial link between loyalty and profitability The Loyalty Link helps you strengthen the bonds of loyalty with your employees and customers alike You ll discover that the interactions between employees and customers that foster loyalty are neither random events nor the product of well rehearsed and closely supervised employee behavior They result from an overall approach that encourages and rewards discretionary effort and supports employee efforts with thorough training adequate compensation and a sense of appreciation In this eye opening book you ll discover Why satisfied customers are ripe for the picking by your competitors What it takes to exceed your customers expectations and establish a loyalty link How to create a working environment in which employees go out of their way to exceed customer expectations Training methods that inspire loyalty rather than resentment Techniques for getting customers involved in your business Whether you re a small business owner a department manager or an executive in a large corporation The Loyalty Link shows you how to make your business more customer friendly more hospitable to your employees and more profitable for yourself and your investors

*Customer Relationship Management* Francis Buttle, 2004-02-18 Customer Relationship Management Concepts and Tools is a breakthrough book that makes transparent the complexities of customer relationship management The book views customer relationship management as the core business strategy that integrates internal processes and functions and external networks to create and deliver value to targeted customers at a profit Customer relationship management is grounded on high quality customer data and enabled by information technology The book is a comprehensive and fully developed textbook on customer relationship management Although it shows the roles of customer data and information technology in enabling customer relationship management implementation it does not accept that customer relationship management is just about IT Rather it is about an IT and data enabled approach to customer acquisition customer retention and customer development Because customer relationship management is a core business strategy the book demonstrates how it has influence across the entire business in areas such as strategic marketing operations human resource and IT management Customer relationship management s influence also extends beyond the company to touch on partner and supplier relationships An Instructor s PowerPoint pack is available to lecturers who adopt the book Accredited lecturers can download this by going to <http://books.elsevier.com/manuals/isbn/075065502X> to request access
