John Higginbotham, 2024-08-28 *Greek and Latin Literature 1969* examines the two ancient literatures using a comparative method that recognizes the links between them most Latin genres owe something to their Greek forebears How far was Virgil influenced by Homer Cicero by Demosthenes Horace by Sappho and Alcaeus How far did their techniques differ How far did they share the same interests Each contributor to this volume aims to answer such questions *Social Trust and Human Communities* Trudy Govier, 1997 Govier offers a general account of trust in a variety of social contexts and explores the negative effects of distrust on society For example she examines the role of trust in relationships between doctors and patients and between politicians and constituents With well chosen examples ranging from the Oka crisis to Meech Lake Govier points out that distrust in politics has been especially prevalent and while it may be well founded can have pernicious effects *Social Trust and Human Communities* will be of great interest to students and scholars in the areas of applied ethics social theory and politics *On Liberty* Daniel Frank, 2019-06-19 The communitarian critic of liberalism argues that the socio political context is fundamental to any understanding of the individual as such This debate is advanced by particularising it to the experience of Jews in the modern world Essays focus on the variety of views of the relationships between the individual Jew and the communities religious and secular of which he or she is a member *Hunter of Themes* Karen Link Rosenflanz, 2005 Krzizanovskij summed himself up in one of his notebooks I am known for being unknown Yet he was an authority on Shakespeare and Shaw a noted scholar and the author of very popular dystopian and phantasmagoria short stories Rosenflanz examines the life and work of this Russian modernist whose imagination used the Russian formalism and futurism then current in new and rich ways whose skill with the pun rose even to the aural level and whose life's goal was to resurrect the idea of word as thing in all its permutations as words as things as things words and as words things even unto words as prophecy which Rosenflanz interprets as recollections of the future Krzizanovskij's being known for being unknown is perhaps rooted in the fact that he was so far ahead that others could not recognize him as leading the charge Annotation 2004 Book News Inc Portland OR booknews.com *The Return of Lucretius to Renaissance Florence* Alison Brown, 2025-09-01 Brown demonstrates how Florentine thinkers used Lucretius earlier and more widely than has been supposed to provide a radical critique of prevailing orthodoxies She enhances our understanding of the revolution in sixteenth century political thinking and our definition of the Renaissance within newly discovered worlds and new social networks *The Renaissance Utopia* Chloë Houston, 2016-02-24 A study of European utopias in context from the early years of Henry VIII's reign to the Restoration this book is the first comprehensive attempt since J C Davis *Utopia and the Ideal Society* 1981 to understand the societies projected by utopian literature from Thomas More's *Utopia* 1516 to the political idealism and millenarianism of the mid seventeenth century Where Davis concentrated on understanding utopias historically *Renaissance Utopia* also seeks to make sense of utopia as a literary form offering both a new typology of utopia and a new history of European humanist utopianism This book examines how the utopia was transformed from an intellectual exercise

in philosophical interrogation to a serious means of imagining practical social reform In doing so it argues that the relationship between Renaissance utopia and Renaissance dialogue is crucial the utopian mode of discourse continued to make use of aspects of dialogue even when the dialogue form itself was in decline Exploring the ways in which utopian texts assimilated dialogue Renaissance Utopia complements recent work by historians and literary scholars on early modern communities by providing a thorough investigation of the issues informing a way of modelling a very particular community and literary mode the utopia
