Anderson, 2019-09-30 Filipino immigrants and their descendants who have lived in Hawai'i's plantation communities are the subjects of this thoughtful and social analysis Here is an inside look at various facets of Filipino rural life working conditions courtship pattern living patterns living standards celebrations and even chicken fighting Over the last couple of decades the plantation towns of Hawai'i have been dying Fewer workers are needed as land is converted to other uses and as labor efficient production techniques are developed The displacement of people whose lives have been centered on the functional apparatus of the plantations is particularly distressing As Hawai'i copes with the human problems it is important to understand the history social behavior and values of Filipino plantation workers some of whom now face substantial hardship The author and his co researchers studied three plantation towns in depth and examined in varying detail the lives of Filipino plantation residents on the islands of Kauai Oahu Molokai and Hawai'i In the course of collecting data they taped and transcribed a number of conversations some of which are included here These voices add a lively counterpoint to the data

and discussion As time and events overcome the caretakers of the ethnic cultures of Hawai i s plantations the rural lifestyles of these communities may be forgotten Books such as this will help to preserve their flavor and texture Social scientists scholars and students of ethnic studies community leaders and even the people described herein will find this a useful and informative study *Aiiieeeee!* Frank Chin,Jeffery Paul Chan,Lawson Fusao Inada,Shawn Wong,2019-10-31 In the eyes of mid twentieth century white America Aiiieeeee was the one dimensional cry from Asian Americans their singular expression of all emotions it signified and perpetuated the idea of Asian Americans as inscrutable foreign self hating undesirable and obedient In this anthology first published in 1974 Frank Chin Jeffery Chan Lawson Inada and Shawn Wong reclaimed that shout outlining the history of Asian American literature and boldly drawing the boundaries for what was truly Asian American and what was white puppetry Showcasing fourteen uncompromising works from authors such as Carlos Bulosan and John Okada the editors introduced readers to a variety of daring voices Forty five years later the radical collection continues to spark controversy While in the seventies it helped establish Asian American literature as a serious and distinct literary tradition today the editors forceful voices reverberate in contemporary discussions about American literary traditions Now back in print with a new foreword by literary scholar Tara Fickle this third edition reminds us how Asian Americans fought for and seized their place in the American literary canon
