Lucky Horse Bonnie Bryant,2013-01-30 Carole Hanson and her father are going camping leaving her horse Starlight in her friends care But Stevie and Lisa get so busy with Starlight that they neglect their own less fortunate horses And Carole and her father end up competing on their trip instead of having fun Serial Forms Clare Pettitt,2020-06-04 Serial Forms The Unfinished Project of Modernity 1815 1848 proposes an entirely new way of reading the transition into the modern It is the first book in a series of three which will take the reader up to the end of the First World War moving from a focus on London to a global perspective Serial Forms sets out the theoretical and historical basis for all three volumes It suggests that as a serial news culture and a stadial historicism developed together between 1815 and 1848 seriality became the dominant form of the nineteenth century Through serial newsprint illustrations performances and shows the past and the contemporary moment enter into public visibility together Serial Forms argues that it is through seriality that the social is represented as increasingly politically urgent The insistent rhythm of the serial reorganizes time recalibrates and rescales the social and will prepare the way for the 1848 revolutions which are the subject of the next book By placing their work back into the messy print and performance culture from which it originally appeared Serial Forms is able to produce new and exciting readings of familiar authors such as Scott Byron Dickens and Gaskell Rather than offering a rarefied intellectual history or chopping up the period into Romantic and Victorian Clare Pettitt tracks the development of communications technologies and their impact on the ways in which time history and virtuality are imagined **California.
