Memories That Smell Like Gasoline David Wojnarowicz, 2025-06-03 Wojnarowicz is a spokesman for the unspeakable New York David Wojnarowicz one of the most provocative artists of his generation explores memory violence and the erotism of public space all under the specter of AIDS Here are David Wojnarowicz's most intimate stories and sketches from the full spectrum of his life as an artist and AIDS activist Four sections Into the Drift and Sway Doing Time in a Disposable Body Spiral and Memories that Smell like Gasoline are made of images and indictments of a precocious adolescence and his later adventures in the streets of New York Combining text and image tenderness and rage Wojnarowicz's *Memories that Smell like Gasoline* is a disavowal of the world that wanted him dead and a radical insistence on life [Popular Music Autobiography](#) Oliver Lovesey, 2021-12-02 The 1960s saw the nexus of the revolution in popular music by a post war generation amid demographic upheavals and seismic shifts in technology Over the past two decades musicians associated with this period have produced a large amount of important autobiographical writing This book situates these works in the forms of formal autobiographies and memoirs auto fiction songs and self fashioned museum exhibitions within the context of the recent expansion of interest in autobiography disability and celebrity studies It argues that these writings express anxiety over musical originality and authenticity and seeks to dispel their writers celebrity status and particularly the association with a lack of seriousness These works often constitute a meditation on the nature of postmodern fame within a celebrity obsessed culture and paradoxically they aim to regain the private self in a public forum *The Road Movie Book* Steven Cohan, Ina Rae Hark, 2002-01-04 The Road Movie Book is the first comprehensive study of an enduring but ever changing Hollywood genre its place in American culture and its legacy to world cinema The road and the cinema both flourished in the twentieth century as technological advances brought motion pictures to a mass audience and the mass produced automobile opened up the road to the ordinary American When Jean Baudrillard equated modern American culture with space speed cinema technology he could just as easily have added that the road movie is its supreme emblem The contributors explore how the road movie has confronted and represented issues of nationhood sexuality gender class and race They map the generic terrain of the road movie trace its evolution on American television as well as on the big screen from the 1930s through the 1980s and finally consider road movies that go off the road departing from the US landscape or travelling on the margins of contemporary American culture Movies discussed include Road classics such as *It Happened One Night* *The Grapes of Wrath* *The Wizard of Oz* and the Bob Hope Bing Crosby *Road to films* 1960's reworkings of the road movie in *Easy Rider* and *Bonnie and Clyde* Russ Meyer's road movies from *Motorpsycho* to *Faster Pussycat Kill Kill* Contemporary hits such as *Paris Texas* *Rain Man* *Natural Born Killers* and *Thelma and Louise* The road movie Australian style from *Mad Max* to the *Adventures of Priscilla Queen of the Desert* [A Concise Companion to Postwar American Literature and Culture](#) Josephine Hendin, 2008-04-15 This Concise Companion is a guide to the creative output of the United States in the postwar period in its

diverse energies shapes and forms Embraces diversity covering Vietnam literature gay and lesbian literature American Jewish fiction Italian American literature Irish American writing emergent ethnic literatures African American writing jazz film drama and more Shows how different genres and approaches opened up creative possibilities and interacted in the postwar period Portrays the postwar United States split by differences of wealth and position by ethnicity and race and by agendas of left and right but united in the intensity of its creative drive *Luminous presence* Alexandra

Parsons,2021-11-02 *Luminous presence* Derek Jarman's life writing is the first book to analyse the prolific writing of queer icon Derek Jarman Although he is well known for his avant garde filmmaking his garden and his AIDS activism he is also the author of over a dozen books many of which are autobiographical Much of Jarman's exploration of post war queer identity and imaginative response to HIV AIDS can be found in his books such as the lyrical AIDS diaries *Modern Nature* and *Smiling in Slow Motion* This book fully explores for the first time the remarkable range and depth of Jarman's writing Spanning his career Alexandra Parsons argues that Jarman's self reflexive response to the HIV AIDS crisis was critical in changing the cultural terms of queer representation from the 1980s onwards *Luminous presence* is of great interest to students scholars and readers of queer histories in literature art and film **DIY on the Lower East Side** Andrew Strombeck,2020-08-01

The severe financial austerity imposed on New York City during the 1975 fiscal crisis resulted in a city falling apart Broken windows crumbling walls and piles of bricks were everywhere While for many this physical decay was a sign that the postwar welfare state had failed for others it represented a site of risky opportunity that could stimulate novel forms of creativity and community In this book Andrew Strombeck explores the legacy of this crisis for the city's literature and art focusing on one neighborhood where changes were acutely felt the Lower East Side In what became a paradigmatic example of gentrification the Lower East Side's population shifted from working class people to Wall Street traders and ad agents This transformation occurred in part because of high profile local artists such as Jean Michel Basquiat Keith Haring Jeff Koons and Kiki Smith but Strombeck argues that neighborhood writers also played a role Drawing on archival research and original author interviews he examines the innovative work of Kathy Acker David Wojnarowicz Miguel Pi ero Sylv re Lotringer Lynne Tillman and others and concludes that these writers still have much to teach us about changes in the nature of work and the emergence of a do it yourself ethos *DIY on the Lower East Side* shows how place and politics shaped literature and how New York City policies adopted at the time continue to shape our world *Fire in the Belly* Cynthia Carr,2012-07-17

The first full biography of legendary East Village artist and gay activist David Wojnarowicz whose work continues to provoke twenty years after his death Carr's biography is both sympathetic and compendious it's also a many angled account of the downtown art world of the 1980s a vivid and peculiarly American story New York Times A beautifully written sympathetic unsentimental portrait of one of the most lastingly influential late 20th century New York artists LA Times _____ David Wojnarowicz was an abused child a teen runaway who barely finished high school but he emerged as one of the most important voices of

his generation He found his tribe in New York's East Village a neighborhood noted in the 1970s and 80s for drugs blight and a burgeoning art scene His creativity spilled out in paintings photographs films texts installations and in his life and its recounting creating a sort of mythos around himself His circle of East Village artists moved into the national spotlight just as the AIDS plague began its devastating advance and as right wing culture warriors reared their heads As Wojnarowicz's reputation as an artist grew so did his reputation as an agitator because he dealt so openly with his homosexuality so angrily with his circumstances as a Person With AIDS and so fiercely with his would be censors *Fire in the Belly* is the untold story of a polarizing figure at a pivotal moment in American culture and one of the most highly acclaimed biographies of the year

Death, Desire and Loss in Western Culture Jonathan Dollimore, 2013-07-04 *Death, Desire and Loss in Western Culture* is a rich testament to our ubiquitous preoccupation with the tangled web of death and desire In these pages we find nuanced analysis that blends Plato with Shelley Hölderlin with Foucault Dollimore a gifted thinker is not content to summarize these texts from afar instead he weaves a thread through each to tell the magnificent story of the making of the modern individual

AIDS Narratives Steven F. Kruger, 2013-10-28 This is the first book length study of the rich fiction that has emerged from the AIDS crisis Examining first the ways in which scientific discourse on AIDS has reflected ideologies of gender and sexuality such as the construction of AIDS as a disease of gay men part of a battle over masculinity and thus largely excluding women with AIDS from public attention the book considers how such discourses have shaped narrative understandings of AIDS On the one hand AIDS is seen as an invariably fatal weakening of an individual's bodily defenses a depiction often used to reconfirm an identification between disease and a weak and vulnerable gayness On the other hand

AIDS is understood in terms of an epidemic attributable to gay immorality or unnaturalness The fiction of AIDS depends upon these two narratives with one major subgenre of AIDS novel presenting narratives of personal illness decline and death and a second focusing on epidemic spread These novels also question the narrative structures upon which they depend intervening particularly against the homophobia of those structures though also sometimes reinforcing it Occasional Views Samuel R. from age seventeen until his AIDS related death at thirty seven and draws on his experiences at the margins of American society After his HIV diagnosis Wojnarowicz engaged in highly public debates about health care homophobia and censorship creating deeply political art even as he became a target for the right wing

Susan Sontag's Tangential Classics
,2025-02-08 Susan Sontag 1933 2004 once declared My idea of a writer someone interested in everything Being interested in everything had come naturally to me This statement was made thirty years after the publication of *Against Interpretation* in 1966 towards the end of a prolific career as an essayist diarist novelist filmmaker and activist The Greco Roman classics play an intriguing part in this narrative of insatiable thirst for knowledge Susan Sontag's *Tangential Classics* sets out to focus on this juncture in her work Instead of offering an account of antiquity in Sontag or of Sontag on antiquity the collected chapters are specifically concerned with her as a case of a thinker in whom the classical tradition does not come into exclusive focus but emerges tangentially in often disparate and exiguous traces connections and references within a polymathic awareness This volume examines Sontag's work and life to probe new strategies of plotting antiquity when its presence in modernity is alluring yet barely there and when the connective thread of influence seems to exist at breaking point Susan Sontag's *Tangential Classics* directs our attention to a twentieth century thinker who invites a markedly different perception of antiquity and its influence in her thought at once captivating and light provocative and uncertain
