promotion with a pay increase that can clear up all my debts I barely think twice before accepting Being a billionaire's personal assistant can't possibly be that difficult can it Except my boss doesn't just expect me to make him coffee Ignoring my strictly religious background it's like every day is a game to him to see how far he can push my limits before I quit Xan Sanderlin is a complete pervert a sinfully handsome pervert with an amazing body that he likes to tempt me with I'm convinced that he's the devil incarnate He threatens to fire me if I don't obey his every command He punishes me for things that no rational woman would endure And despite all my resolve to remain pure I'm starting to cave A girl can only handle so many sexy glances and seductive whispers And when he puts his hands on me I fear that my soul is lost This is a standalone romance with an HEA and NO cheating

Winning Ugly Ivo H. Daalder, Michael E. O'Hanlon, 2004-05-13 After eleven weeks of bombing in the spring of 1999 the United States and NATO ultimately won the war in Kosovo Serbian troops were forced to withdraw enabling an international military and political presence to take charge in the region But was this war inevitable or was it the product of failed western diplomacy prior to the conflict And once it became necessary to use force did NATO adopt a sound strategy to achieve its aims of stabilizing Kosovo In this first in depth study of the Kosovo crisis Ivo Daalder and Michael O'Hanlon answer these and other questions about the causes conduct and consequences of the war Based on interviews with many of the key participants they conclude that notwithstanding important diplomatic mistakes before the conflict it would have been difficult to avoid the Kosovo war That being the case U.S. and NATO conduct of the war left much to be desired For more than four weeks the Serbs succeeded where NATO failed forcefully changing Kosovo's ethnic balance by forcing 1.5 million Albanians from their home and more than 800,000 from the country Had they chosen to massacre more of their victims NATO would have been powerless to stop them In the end NATO won the war by increasing the scope and intensity of bombing making serious plans for a ground invasion and moving diplomacy into full gear in order to convince Belgrade that this was a war Serbia would never win The Kosovo crisis is a cautionary tale for those who believe force can be used easily and in limited increments to stop genocide mass killing and the forceful expulsion of entire populations Daalder and O'Hanlon conclude that the crisis holds important diplomatic and military lessons that must be learned so that others in the future might avoid the mistakes that were made in this case
