[The British Catalogue of Music](#) ,2002 **Straighten Up and Fly Right** Will Friedwald, 2020-06-03 One of the most popular and memorable American musicians of the 20th century Nat King Cole 1919-65 is remembered today as both a pianist and a singer a feat rarely accomplished in the world of popular music Now in this complete life and times biography author Will Friedwald offers a new take on this fascinating musician framing him first as a bandleader and then as a star In Cole s early phase Friedwald explains his primary task of keeping his trio going was just as much of a focus for him as his own playing and singing always a collective or group performance In the second act Cole s collaborators were more likely to be arranger conductors like Nelson Riddle and Gordon Jenkins rather than his sidemen on bass and guitar In the first act his sidemen were equals in the second phase his collaborators were tasked exclusively with putting the focus on him making him sound good while being largely invisible themselves Friedwald brings his full musical knowledge to bear in putting the man in the work demonstrating how this duality appears over and over again in Cole s life and career jazz vs pop solo vs trio piano vs voice wife number one Nadine vs wife number two Maria the good songs vs the less than good songs the rhythm numbers vs the ballads the funny songs and novelties vs the serious songs of love and loss Cole as an advocate for the Great American

Songbook vs Cole the intrepid explorer of other options world music rhythm for roughly ten years after the war the majority of hitmakers on the pop charts were veterans of the big band experience from Sinatra on down **Johnny Mercer** Glenn T. Eskew,2013-11-15 John Herndon Johnny Mercer 1909 76 remained in the forefront of American popular music from the 1930s through the 1960s writing over a thousand songs collaborating with all the great popular composers and jazz musicians of his day working in Hollywood and on Broadway and as cofounder of Capitol Records helping to promote the careers of Nat King Cole Margaret Whiting Peggy Lee and many other singers Mercer s songs sung by Bing Crosby Billie Holiday Judy Garland Frank Sinatra Ella Fitzgerald Tony Bennett Lena Horne and scores of other performers are canonical parts of the great American songbook Four of his songs received Academy Awards Moon River Days of Wine and Roses On the Atchison Topeka and the Santa Fe and In the Cool Cool Cool of the Evening Mercer standards such as Hooray for Hollywood and You Must Have Been a Beautiful Baby remain in the popular imagination Exhaustively researched Glenn T Eskew s biography improves upon earlier popular treatments of the Savannah Georgia born songwriter to produce a sophisticated insightful evenhanded examination of one of America s most popular and successful chart toppers Johnny Mercer Southern Songwriter for the World provides a compelling chronological narrative that places Mercer within a larger framework of diaspora entertainers who spread a southern multiracial culture across the nation and around the world Eskew contends that Mercer and much of his music remained rooted in his native South being deeply influenced by the folk music of coastal Georgia and the blues and jazz recordings made by black and white musicians At Capitol Records Mercer helped redirect American popular music by commodifying these formerly distinctive regional sounds into popular music When rock n roll diminished opportunities at home Mercer looked abroad collaborating with international composers to create transnational songs At heart Eskew says Mercer was a jazz musician rather than a Tin Pan Alley lyricist and the interpenetration of jazz and popular song that he created expressed elements of his southern heritage that made his work distinctive and consistently kept his music before an approving audience *Nat King Cole Songbook* Pam S,2025-06-20 This comprehensive songbook features 23 timeless classics performed by the legendary vocalist and pianist Nat King Cole arranged for piano voice and guitar Content Includes arrangements for iconic songs such as L O V E Unforgettable Mona Lisa Straighten Up And Fly Right Ramblin Rose and Nature Boy Functionality Enables musicians to play piano accompaniment sing vocal melodies with lyrics and strum guitar chords for a selection of Nat King Cole s most beloved jazz pop and vocal standards Benefits Provides a dedicated resource for fans and musicians allowing for enjoyable practice sing alongs or performances expanding your repertoire with his distinctive smooth vocal style and sophisticated musicality Features Contains sheet music with melody lines full lyrics and guitar chord diagrams for each of the 23 songs Experience the enduring charm of Nat King Cole by performing 23 of his timeless classics with this versatile piano vocal and guitar sheet music collection **A Chain of Events** Ruthie Green,2012-08 The inauguration of Barack Obama as president of the United

States of America in 2009 marked a crucial turning point in African American history. It was the culmination of a chain of events that started nearly four hundred years ago when the evil of slavery cast its shadow on America. Tracing the history of black Americans, *A Chain of Events* documents how God gave them the freedom and will to rise from the ashes of slavery to become true Americans. Author Ruthie Green examines the harrowing life of slaves in early America, their emancipation by Abraham Lincoln, and their long struggle through the years for recognition as citizens of the United States. Green also discusses some of the African American community's most prominent and influential early members, including W. E. B. Du Bois, George Washington Carver, and Marcus Garvey Jr. She profiles leading African American entertainers and delves into the tumultuous years of the civil rights movement and the impact of Martin Luther King Jr. In addition, she talks about such important African Americans as Harriet Tubman, Frederick Douglass, Jesse Owens, the Tuskegee Army, Ethel Waters, and many more. *A Chain of Events* offers an eye-opening glimpse into the remarkable history of African Americans. **Warner Bros. Presents Television Favorites**, 1995. Here are 81 of the best known TV themes of all time. Titles include *Bad Boys*, *Cops*, *E. R.* Main Theme, *E. R.* Final Frontier, *Mad About You*, *I'll Be There for You*, *Friends*, *Love and Marriage*, *Married with Children*, *NYPD Blue*, *NYPD Blue* Theme from *The X-Files*, *The X-Files* and more. *Encyclopedia of Great Popular Song Recordings*, Steve Sullivan, 2013-10-04. From John Philip Sousa to Green Day, from Scott Joplin to Kanye West, from Stephen Foster to Coldplay, *The Encyclopedia of Great Popular Song Recordings*, Volumes 1 and 2, covers the vast scope of its subject with virtually unprecedented breadth and depth. Approximately 1,000 key song recordings from 1889 to the present are explored in full, unveiling the stories behind the songs, the recordings, the performers, and the songwriters. Beginning the journey in the era of Victorian parlor balladry, brass bands, and ragtime, with the advent of the record industry, readers witness the birth of the blues and the dawn of jazz in the 1910s, and the emergence of country music on record, and the shift from acoustic to electrical recording in the 1920s. The odyssey continues through the Swing Era of the 1930s, rhythm and blues, the rock, modern soul, the British invasion, and the folk rock movement of the 1960s, and finally into the modern era through the musical streams of disco, punk, grunge, hip-hop, and contemporary dance pop. Sullivan, however, also takes critical detours by extending the coverage to genres neglected in pop music histories, from ethnic and world music, the gospel recording of both black and white artists, and lesser-known traditional folk tunes that reach back hundreds of years. This book is ideal for anyone who truly loves popular music in all of its glorious variety, and anyone wishing to learn more about the roots of virtually all the music we hear today. Popular music fans, as well as scholars of recording history and technology, and students of the intersections between music and cultural history, will all find this book to be informative and interesting. **Rock n Roll Gold Rush**, Maury Dean, 2003.
