Theorizing Scriptures Vincent Wimbush, 2008-01-04 Historically religious scriptures are defined as holy texts that are considered to be beyond the abilities of the layperson to interpret Their content is most frequently analyzed by clerics who do not question the underlying political or social implications of the text but use the writing to convey messages to their congregations about how to live a holy existence In Western society moreover what counts as scripture is generally confined to the Judeo Christian Bible leaving the voices of minorities as well as the holy texts of faiths from Africa and Asia for example unheard In this innovative collection of essays that aims to turn the traditional bible study definition of scriptures on its head Vincent L Wimbush leads an in depth look at the social cultural and racial meanings invested in these texts Contributors hail from a wide array of academic fields and geographic locations and include such noted academics as Susan Harding Elisabeth Sh ssler Fiorenza and William L Andrews Purposefully transgressing disciplinary boundaries this ambitious book opens the door to different interpretations and critical orientations and in doing so allows an ultimately humanist definition of scriptures to emerge

Cultures of War in Graphic Novels Tatiana Prorokova, Nimrod Tal, 2018-07-06 First runner up for the 2019 Ray and Pat Browne Award for the Best Edited Collection in Popular and American Culture Cultures of War in Graphic Novels examines the representation of small scale and often less acknowledged conflicts from around the world and throughout history The contributors look at an array of graphic novels about conflicts such as the Boxer Rebellion 1899 1901 the Irish
