**The Style of Hawthorne's Gaze** John Dolis, 2014-07-14 An exploration of Nathaniel Hawthorne's narrative technique and unique vision of the world The Style of Hawthorne's Gaze is an unusual and insightful work that employs a combination of critical strategies drawn from art history philosophy psychoanalysis and contemporary aesthetic and literary theory to explore Nathaniel Hawthorne's narrative technique and his unique vision of the world Dolis studies Hawthorne's anti technological and essentially Romantic view of the external world and examines the recurring phenomena of lighting motion aspectivity fragmentation and imagination as they relate to his descriptive techniques Dolis sets the world of Hawthorne's work over and against the aesthetic and philosophical development of the world understood as a view from its inception in the camera obscura and perspective in general to its 19th century articulation in photography In light of this general technology of the image and drawing upon a wide range of contemporary critical theories Dolis begins his study of Hawthorne at the level of description where the world of the work first arises in the reader's consciousness Dolis shows how the work of Heidegger Merleau Ponty Freud Lacan and Derrida can provide fresh insights into the sophisticated style of Hawthorne's perception of and system for representing reality

**Nathaniel Hawthorne: The critical response, assessments of individual works since 1900** Brian R. Harding, 1995

*The Art of Authorial Presence* Gary Richard Thompson, 1993 The critical literary world has spent a wealth of thought and words on the question of Hawthorne himself Where does he stand in his works In history In literary

tradition In this major new study G R Thompson recasts the Hawthorne question to show how authorial presence in the writer's works is as much a matter of art as the writing itself The Hawthorne who emerges from this masterful analysis is not as has been supposed identical to the provincial narrator of his early tales instead he is revealed to be the skillful manipulator of that narrative voice an author at an ironic distance from the tales he tells By focusing on the provincial tales as they were originally conceived as a narrative cycle Thompson is able to recover intertextual references that reveal Hawthorne's preoccupation with framing strategies and variations on authorial presence The author shows how Hawthorne deliberately constructs sentimental narratives only to deconstruct them Thompson's analysis provides a new aesthetic context for understanding the whole shape of Hawthorne's career as well as the narrative ethical and historical issues within individual works Revisionary in its view of one of America's greatest authors *The Art of Authorial Presence* also offers invaluable insight into the problems of narratology and historiography ethics and psychology romanticism and idealism and the cultural myths of America *The Productive Tension of Hawthorne's Art* Claudia Durst Johnson, 1981 In both his short fiction and major works Nathaniel Hawthorne like many romantics is torn between the eighteenth century view of an orderly balanced static art and universe on the one hand and the nineteenth century conception of a changeable various art on the other Hawthorne based his social and psychological values on an organic view of the world but the world of his art tended to be mechanistic Johnson argues that Hawthorne found in theology the myths which became vehicles for his exploration of his art CliffsNotes on Hawthorne's The House of the Seven Gables Darlene B Morris, 1964-10-14 The original CliffsNotes study guides offer expert commentary on major themes plots characters literary devices and historical background The latest generation of titles in this series also feature glossaries and visual elements that complement the classic familiar format CliffsNotes on The House of Seven Gables helps you explore this tale of a family curse and inherited sin Once wealthy and now in a state of constant degeneration both the Maule family and their grand mansion fall to the forces of society and mystery They can escape from the bondage which the past imposes but how This concise supplement to Hawthorne's *The House of Seven Gables* helps you understand the overall structure of the novel actions and motivations of the characters and the social and cultural perspectives of the author Features that help you study include Chapter by chapter summaries and commentaries A chronology of the author's life offers insight into his writing style Descriptive character analyses Critical essays on the Preface to the novel and on Hawthorne's use of symbols A review section that tests your knowledge and suggested essay topics Classic literature or modern day treasure you'll understand it all with expert information and insight from CliffsNotes study guides **Hawthorne's the Marble Faun** Richard E. Mezo, 1999-05 Since its publication in 1860 critics have questioned the artistic value of Hawthorne's *The Marble Faun* A revival of critical interest during the 1950's and 1960's has done little to change a generally unfavorable opinion of the work With a few notable exceptions most recent critics believe *The Marble Faun* to be inferior to Hawthorne's other completed romances Such opinions however usually

seem to be based upon the personal taste of the individual critic rather than upon any sort of objective artistic standards The purpose of this study is to examine and evaluate the various critical approaches to *The Marble Faun* These interpretations provide the basis for a re appraisal of the work A study of the structure the main themes and the characters of *The Marble Faun* reveals that it is not an inferior work of art In many respects *The Marble Faun* reflects the maturity of Hawthorne s artistic and philosophical beliefs *The Marble Faun* is a work capable of standing on its own merits Some critics have misunderstood Hawthorne s aesthetic principles Hawthorne thought that art should be used to suggest moral values The power of art he believed was in its suggestiveness The creation of an ideal beauty which has no exact counterpart in the material world suggests the reality of an unknowable divine providence However the value of a work of art depends upon the mood of the viewer The viewer must assist the artist with his sympathy and imagination in an act of continual creation The work of art will reflect back only those qualities which are brought to it by the viewer Hawthorne s view of life is similar to the philosophy expressed by modern Christian existentialists Throughout his writings Hawthorne s concern for humanity is evident In *The Marble Faun* Hawthorne explores a problem which has become almost an obsession of modern man This problem is the question of man s moral position in what seems to be a meaningless if not hostile universe The most important theme of *The Marble Faun* is a consideration of the consequences of man s alienation from other men from God and from nature The structure and the themes of *The Marble Faun* are developed through the actions of the major characters Hilda Miriam Donatello and Kenyon are each transformed by a fall from relative innocence into a world of suffering humanity Donatello s transformation from faun to man is more striking than the transformations of the other three characters and it is his fall which leads to the question of the *felix culpa* Although Hilda and Kenyon are ultimately less mature characters than Donatello and Miriam they also benefit from their experiences in Rome Hawthorne s belief in the brotherhood of all men is demonstrated by the experiences of the major characters in *The Marble Faun* Whether or not it is their wish each of these characters must accept the responsibility for his own actions and each must become involved with humanity It is Hawthorne s deep concern for the human condition profoundly expressed in his art which makes *The Marble Faun* a work of enduring importance to our civilization

and expanded Selected Bibliography      **The Nathaniel Hawthorne Journal** ,1972      **Catalog of Copyright Entries. Third Series** Library of Congress. Copyright Office,1973      **Genius of Place** Max Putzel,1985-01-01 Until recently most discussions of William Faulkner have centered exclusively on his novels Yet no chronicle of Faulkner s Growth as a literary artist perhaps America s foremost in this century can afford to overlook the years he spent struggling to establish himself as a writer of short stories To trace in detail Faulkner s personal and artistic growth during the prolific years 1925 1931 when he was approaching artistic ripeness and earning belated recognition has hitherto been impossible There seemed to be no means of dating the innumerable drafts the false starts and fumbling revisions among the thousands of sheets left behind when he died in 1962 Max Putzel s critical study of these crucial formative years fills this gap assigning dates to the sketches and drafts of stories and relating them both to Faulkner s jealously guarded private life and the several critical histories of the novels that have recently appeared Putzel maintains there is a necessary a symbiotic relation between the novels and the stories He also finds that the short story form Faulkner found so hard to master liberated a lyrical power that had been stifled during his confused dilettante period as a poet in a provincial southern town Yet his turbulent ambivalent feelings about that town and its inhabitants were essential to his development however slowly and reluctantly he surrendered to their benign influence the genius of his homeplace Faulkner also was sensitive to the monumental revolutionary changes even the trivial fads and foibles of his own time the changes that swept the world outside of Oxford Mississippi after the Great War he so regretted having missed Faulkner s maturing vision of man history and class and caste relations was affected by Einstein s theory of relativity Freud s probing into the hidden wellsprings of human behavior Eliot s borrowings from anthropology Joyce s new rhetoric Diaghilev s eclecticism Picasso s ventures in cubism and classicism not to mention the Treaty of Versailles Prohibition jazz free love free spending gang violence false prosperity the crash and the depression These factors also helped shape a style capable of evoking passion and tenderness anger and laughter and every intermediate shade of feeling a style demanding the creative effort of readers Genius of Place takes all this into account while seeking to determine what is likely to endure and reward future readers of works like Carcassonne and The Sound and the Fury the Snopes trilogy and As I Lay Dying Dry September and Sanctuary      Eve Tempted Allan Gardner Lloyd Smith,2016-08-05 First published in 1984 this book offers a unique interpretation of Hawthorne s work making use of perspectives opened up by Derrida in his work on Rousseau It offers a psycho biography of the author as discoverable in the texts and avoids a simplistic Freudian analysis In doing so it illuminates the work and re opens Hawthorne s texts to creative discussion This book will be of interest to those studying 19th century literature      Intertextual Encounters in American Fiction, Film, and Popular Culture Michael Dunne,2001 Intertextual encounters occur whenever an author or the author s text recognizes references alludes to imitates parodies or otherwise elicits an audience member s familiarity with other texts F Scott Fitzgerald and Nathanael West use the fiction of Horatio Alger Jr as an intertext in their novels The Great Gatsby and A Cool Million Callie Khouri and Ridley

Scott use the buddy road picture genre as an intertext for their *Thelma and Louise* In all these cases intertextual encounters take place between artists between texts between texts and audiences between artists and audiences Michael Dunne investigates works from the 1830s to the 1990s and from the canonical American novel to *Bugs Bunny* and *Jerry Seinfeld*
