mode that engaged intensely with the pressing problems of American society including moral citizenship slavery and the social status of women and reimagined social realities in politically constructive manners Literary scholars students and general readers interested in gothic literature American literature or narrative theory will find this book informative and inspiring

Giving the Devil His Due Jessica Hooten Wilson, 2017-02-28 Flannery O Connor and Fyodor Dostoevsky shared a deep faith in Christ which compelled them to tell stories that force readers to choose between eternal life and demonic possession Their either/or extremism has not become more popular in the last fifty to a hundred years since these stories were first published but it has become more relevant to a twenty first century culture in which the lukewarm middle ground seems the most comfortable place to dwell Giving the Devil His Due walks through all of O Connor's stories and looks closely at Dostoevsky's magnum opus The Brothers Karamazov to show that when the devil rules all hell breaks loose Instead of this kingdom of violence O Connor and Dostoevsky propose a kingdom of love one that is only possible when the Lord again is king

Modern Essays and Stories Various Authors, 1912-01-01 In all schools pupils are expected to write essays but curiously enough essay reading and essay writing are taught but little In spite of that neglect the essay is so altogether natural and spontaneous in spirit so intensely personal in expression and so demanding of excellence of prose style that it is the form par excellence for consideration in school if teachers are to show pupils much concerning the art of writing well The essay is to prose what the lyric is to poetry complete genuine and beautiful self expression or better still self revelation Most of the writing done in schools is straightforward narration of events without much if any attempt to show personal reactions on those events mere diary like accounts at best mechanical descriptions that aim to present exterior appearance without attempting to reveal inner meanings or to show awakened emotions and stereotyped explanations and arguments drawn for the most part from books of reference or from slight observation Beyond all this mechanical work lies a field of throbbing personal life of joyous reactions on all the myriads of interests that lie close at hand of meditations on the wonders of plant and animal life of humorous or philosophic comments on human nature and of all manner of vague dreams and aspirations aroused by Such sights as youthful poets dream On summer eves by haunted stream Without the slightest question it is the duty of the school and of the teacher in particular to lead pupils to appreciate honesty and originality in unapplied unpragmatic self expression and to show pupils how they themselves may gain the very real pleasure of putting down on paper permanent records of their own intimate thinking Joseph Addison's The Sir Roger de Coverley Papers and Washington Irving's Sketch Book have for many years made valiant but unsuccessful efforts to fill the places that should be filled by more modern representatives of the essay Macaulay's Essay on Johnson is a biographical article for an encyclopedia his essays on Clive and on Hastings are polemics and Carlyle's Essay on Burns is a critical disquisition With the exception of The Sir Roger de Coverley Papers all these so called essays are of considerable length and are unfitted to serve as the best examples of the essay form for the essay like the lyric demands brevity it is after all only a quick flash of self revelation not a sustained effort

Then again who would wish to learn to write like Addison like Washington Irving like Macaulay or like Carlyle Those great writers couched their thoughts in the language fashions of their days just as they clothed their bodies in the garments of their times To imitate either their style of expression or their costumes would be to make one s self ridiculous or to take part in a species of masquerade The extremely Latinized vocabulary of 1711 or the resonant periods and marked antitheses of 1850 are as old fashioned to day as are the once highly respected periwigs great coats and silver shoe buckles of the past The thoughts of yesterday are not the thoughts of to day There is in serious reality such a thing as an old fashioned point of view With all due reverence for the past the best teachers of to day believe that it is just as necessary for students to use present day methods of expression and to cultivate present day interests as it is to take advantage of the railroad the telegraph the telephone the automobile and the thousand other mechanical contrivances that aid life to day but which were unknown in 1711 or in 1850 **Irish Monthly Magazine** ,1896 **The Irish Monthly** ,1891 **Daughters of the American**

Revolution Magazine ,1894 **The Daughter's Return** Caroline Rody,2001-04-12 The Daughter s Return offers a close analysis of an emerging genre in African American and Caribbean fiction produced by women writers who make imaginative returns to their ancestral pasts Considering some of the defining texts of contemporary fiction Toni Morrison s Beloved Jean Rhys s Wide Sargasso Sea and Michelle Cliff s No Telephone to Heaven Rody discusses their common inclusion of a daughter who returns to the site of her people s founding trauma of slavery through memory or magic Rody treats these texts as allegorical expressions of the desire of writers newly emerging into cultural authority to reclaim their difficult inheritance and finds a counter plot of heroines encounters with women of other racial and ethnic groups running through these works
