Work and Employment in the High Performance Workplace Giles Anthony,Jacques Belanger,Paul-Andre Lapointe,Gregor Murray,2013-10-11 There is a general consensus that deep seated changes are reshaping the way production and work are organized the way employees employers and their representatives deal with each other and the way governments seek to shape society In this work a group of leading scholars take stock of the evidence and implications of the new workplace Drawing on examples from a variety of national contexts they seek to characterize the nature of contemporary workplace change and assess its implications for the organization of work for workers for employment relations and for public policy

**Domestic Regulation and Service Trade Liberalization** Pierre Sauve,Aaditya Mattoo,2003-08-29 Trade in services far more than trade in goods is affected by a variety of domestic regulations ranging from qualification and licensing requirements in professional services to pro competitive regulation in telecommunications services Experience shows that the quality of regulation strongly influences the consequences of trade liberalization WTO members have agreed that a central task in the ongoing services negotiations will be to develop a set of rules to ensure that domestic regulations support rather than impede trade liberalization Since these rules are bound to have a profound impact on the evolution of policy particularly in developing countries it is important that they be conducive to economically rational policy making This book addresses two central questions What impact can international trade rules on services have on the exercise of domestic regulatory sovereignty And how can services negotiations be harnessed to promote and consolidate domestic policy reform across highly diverse sectors The book with contributions from several of the world s leading experts in the field explores a range of rule making challenges arising at this policy interface in areas such as transparency standards and the adoption of a necessity test for services trade Contributions also provide an in depth look at these issues in the key areas of accountancy energy finance health telecommunications and transportation services

**Gilles Paquet** Caroline Andrew,Ruth Hubbard,Jeffrey Roy,2010-10-27 This volume explores and contextualizes the contributions of Gilles Paquet as a social scientist A quintessential public intellectual Gilles Paquet s long and multifaceted career has shown him to be a thinker of significant power and creativity This self described homo hereticus always critical and sometimes controversial has influenced scholars and policy makers in Canada and around the globe The contributors reveal how his assessments of economics politics public administration and education have stirred their minds and helped them make sense of the world around them The volume also provides

comments on Paquet's vision of governance touching on concepts of which he has made extensive use: meso analysis, social learning and moral contracts. *Fiscal Aspects of European Monetary Integration* Andrew Hughes Hallett, Michael M. Hutchison, Svend E. Hougaard Jensen, 1999-10-07. A survey of fiscal policy under the restrictions of a single monetary policy and the Stability Pact. The New Geo-governance Gilles Paquet, 2005. Over the last few decades the Westphalian nation state has lost its hegemonic position in the system of geo governance. A dispersive revolution has led to the emergence of powerful newly networked business organizations, new subsidiary focused governments and increasingly virtual, elective and malleable communities. This in turn has led to the crystallization of distributed governance regimes based on a wider variety of more fluid and always evolving groups of stakeholders. In *The New Geo Governance* Gilles Paquet develops a general conceptual framework to deal with the new evolving reality of global governance. He uses this framework to critically examine the evolving territorial governance, hemispheric governance, meso innovation systems, smart city regions and tackles the more complex governance challenges raised by sustainability and common property resources like oceans. Paquet further explores the implications of this emerging polycentric geo governance on the new forms of stewardship and its impact on citizenship, federalism and other technologies of coordination and reflects on the sort of subversive bricolage required if the missing mechanisms for effective coordination are to be put in place. *The New Geo Governance* will be of great interest to students and scholars interested in governance, organizational design, international affairs and political studies.

**Competitive Industrial Development in the Age of Information** Richard J. Braudo, Jeffrey Macintosh, 2005-08-19. This book examines how transnational corporations, small to medium enterprises and governments have emerged as the principal players in industrial development. This valuable work examines this trend with particular reference to the role of the tax policy in technology development, the financing of technology sector SMEs, the role of government policy and the relationship between competition and co-operation. **The Case for Decentralized Federalism** Ruth Hubbard, Gilles Paquet, 2011-01-17. *The Case for Decentralized Federalism* and its sister volume *The Case for Centralized Federalism* are the outcome of the Federalism Redux Project created to stimulate a serious and useful conversation on federalism in Canada. They provide the vocabulary and arguments needed to articulate the case for a centralized or a decentralized Canadian federalism. *The Case for Decentralized Federalism* brings together experts who believe decentralized federalism is the optimal arrangement for governing the contextual diversity and cultural pluralism in Canada. Using different approaches they argue that by dividing the work of public governance among different levels of government it is easier to address the needs and aspirations of the diverse groups that make up Canada. The Case for Centralized Federalism Gordon DiGiacomo, Maryantonett Flumian, 2010-08-21. *The Case for Centralized Federalism* and its sister volume *The Case for Decentralized Federalism* are the outcome of the Federalism Redux Project created to stimulate a serious and useful conversation on federalism in Canada. They provide the vocabulary and arguments needed to articulate the case for a

centralized or a decentralized Canadian federalism In The Case for Centralized Federalism an array of experts condemns the federal government's submissiveness in its dealings with the provinces and calls for a renewed federal assertiveness They argue that the federal government is best placed to create effective policy support democracy and respond to issues of national importance

**Governance Through Social Learning** Gilles Paquet, 1999 Governance connotes the way an organization an economy or a social system coordinates and steers itself Some insist that governing is strictly a top down process guided by authority and coercion while others emphasize that it emerges bottom up through the workings of the free market This book rejects these simplistic views in favour of a more distributed view of governance based on a mix of coercion quid pro quo market exchange and reciprocity on a division of labour among the private public and civic sectors and on the co evolution of these different integration mechanisms This book is for both practitioners confronted with governance issues and for citizens trying to make sense of the world around them Published in English

*The Politics of Resentment* Philip Resnick, Institute for Research on Public Policy, 2000 An examination of the role that British Columbia has played in the evolving Canadian unity debate Philip Resnick explores what makes British Columbia stand apart as a region of Canada and looks at the views of politicians opinion makers and ordinary citizens on various issues

**In Search Of A People-centric Order In Asia** Baogang He, 2016-09-14 The order of international relations in Asia is predominantly state centric It is one based primarily on absolute national sovereignty exclusive national identity and patriotic national citizenship This sovereignty based or state centered order however has been challenged and progressively undermined by a people centric order that is governed by ideals of global citizenship and principles of global justice In this people centric order the emergence of a new form of politics in which citizens are empowered by various non governmental organizations that serve to define and influence world politics is envisaged Clearly such an order clashes with the prevailing Asian national sovereignty based model This book provides a systematic descriptive explanatory and normative analysis of the clash of normative orders in Asia and develops an analysis of Asian responses to the challenge posed by a more diffuse people centric order and the implications this may have for global justice The book aims to study two paradigms of political order a national statist sovereignty based order and a people centric order analyze the conflict between two diverse political paradigms within an Asian setting and assess the various challenges a people centric order poses for a sovereignty based order It also aims to address the paucity of Asian normative thinking through a synthesis of intellectual sources and normative theories It applies tests revises and develops Western normative theories of the people centric order It is a must read for students and researchers who are interested in the theoretical debates especially Asian voices on normative issues in Asia
