The Zebra's Stripes and other African Animal Tales Dianne Stewart, 2004-11-01 Folktales can be described as fictional prose narratives that are not confined to any particular culture. A folktale may appear in a slightly different form in a culture that is geographically nearby or it may appear in a culture that is quite far removed from its original source. In *The Zebra's Stripes and other African Tales* Dianne Stewart has retold a collection of folk tales that have their origins all over Africa. Aimed at children and adults, these tales include legends such as How Lion and Warthog became Enemies from the Lamba people of Togo, How Giraffe Acquired his Long Neck from East Africa, Why Hippopotamus Lives in the Water from Nigeria, and Monkey the Musician from South Africa. There are tales from the San, Zulu, Zambia, Congo, and West Africa, et al. Each section is devoted to a type of animal and concludes with some facts about the animal in question, adding educational value to the stories. Proverbs from various cultures provide additional insight. Throughout, Kathy Pienaar's beautiful illustrations show great attention to detail.

The Safari Companion Richard D. Estes, 1999-12-01 The best field guide to observing and understanding the behavior of African mammals and an indispensable tool for naturalists traveling to Africa. The Second Edition has been fully revised and includes a new preface. *The Safari Companion* enables readers to recognize and interpret visible behavioral activities such as courtship rituals, territorial marking, aggression, and care of young. Each account of over 80 species includes a behavioral table in which the unique actions of the hoofed mammals, carnivores, and primates are described for easy reference. Other features include Expert Illustrations, Useful maps showing major national boundaries, vegetation zones, and game parks, An extensive glossary, Tips on wildlife photography, A list of organizations working to protect African wildlife. The best behavioral field guide ever. Sy Montgomery, author of *Tamed and Untamed*. The book is more than a field guide; it is a valuable tool for conservation. Kathryn S. Fuller, President, World Wildlife Fund, U.S.A.

The Guineafowl's Spots and Other African Bird Tales Dianne Stewart, 2018-02-01 The rich folklore culture of Africa has been passed down by word of mouth through countless generations. Dianne Stewart has a passion for collecting and retelling these stories, making them accessible to a whole new audience. In *The Guineafowl's Spots and Other African Bird Tales*, she has created a unique collection of African folktales exclusively about birds. Drawn from across the continent, these tales often draw on human characteristics and are followed by African proverbs that illustrate various moral lessons. This fascinating collection includes classic tales such as Why Flamingo Stands on One Leg from Nigeria, The Laughing Dove from North Africa, and the Xhosa tale

The Bird That Could Make Milk Beautiful illustrations by Richard Mackintosh bring to life the magic of the stories and the beauty of the birds themselves.
