Community Committee on Using Performance Monitoring to Improve Community Health, Institute of Medicine, 1997-05-05

How do communities protect and improve the health of their populations Health care is part of the answer but so are environmental protections social and educational services adequate nutrition and a host of other activities With concern over funding constraints making sure such activities are efficient and effective is becoming a high priority Improving Health in the Community explains how population based performance monitoring programs can help communities point their efforts in the right direction Within a broad definition of community health the committee addresses factors surrounding the implementation of performance monitoring and explores the why and how to of establishing mechanisms to monitor the performance of those who can influence community health The book offers a policy framework applies a multidimensional model of the determinants of health and provides sets of prototype performance indicators for specific health issues Improving Health in the Community presents an attainable vision of a process that can achieve community wide health benefits

The Medical Outcomes & Guidelines Sourcebook, 1997 **Management of Medical Technology** Eliezer Geisler, Ori Heller, 2012-12-06 This is the second book in the series of books that we edit on the Management of Medical Technology MMT published by Kluwer Academic Publishers The first book Managing Technology in Health Care offered a broad brushed view of the topics involved in the new and exciting area of MMT that we have launched A group of distinguished scholars contributed to the first book While working on the first book in the series and on a variety of articles in MMT we began to realize that there is an urgent need for a comprehensive and highly focused book which will introduce and define the area of MMT In addition we had just completed the two studies of MMT in American hospitals and had a magnificent database fully analyzed With three months left in the first author's sabbatical and thanks to the encouragement from our editor at Kluwer Gary Folven we took to the task of writing this book The merging in this book of the description of a new intellectual space and the write up of the results from our MMT studies have created a unique blend of very attractive reading material The reader will find this book to be a fascinating adventure into a newly created area of intellectual endeavor coupled with findings about how the health care delivery system manages technology Regardless of the reader's background this book will certainly be of interest as it links the medical and business frameworks Managing Outcomes, Process and Cost in a Managed Care Environment Roey Kirk, 1997 Nursing

National Library of Medicine Current Catalog National Library of Medicine (U.S.), 1987 **State of the USA Health Indicators** Institute of Medicine, Board on Population Health and Public Health Practice, Committee on the State of the USA Health Indicators, 2009-03-17 Researchers policymakers sociologists and doctors have long asked how to best measure the health of a nation yet the challenge persists

The nonprofit State of the USA Inc SUSA is taking on this challenge demonstrating how to measure the health of the United States The organization is developing a new website intended to provide reliable and objective facts about the U S in a number of key areas including health and to provide an interactive tool with which individuals can track the progress made in each of these areas In 2008 SUSA asked the Institute of Medicine s Committee on the State of the USA Health Indicators to provide guidance on 20 key indicators to be used on the organization s website that would be valuable in assessing health Each indicator was required to demonstrate a clear importance to health or health care the availability of reliable high quality data to measure change in the indicators over time the potential to be measured with federally collected data and the capability to be broken down by geography populations subgroups including race and ethnicity and socioeconomic status Taken together the selected indicators reflect the overall health of the nation and the efficiency and efficacy of U S health systems The complete list of 20 can be found in the report brief and book BNA's Health Care Policy Report ,1996 **The Nation's Health** Philip Randolph Lee,Carroll L.
