National Trust Of Great Houses Of Britain:

The National Trust Book of Great Houses of Britain Nigel Nicolson,1983 **British Sources of Information** P.

Jackson,2003-09-02 This comprehensive and versatile reference source will be a most important tool for anyone wishing to seek out information on virtually any aspect of British affairs life and culture The resources of a detailed bibliography directory and journals listing are combined in this single volume forming a unique guide to a multitude of diverse topics British politics government society literature thought arts economics history and geography Academic subjects as taught in British colleges and universities are covered with extensive reading lists of books and journals and sources of information for each discipline making this an invaluable manual *The British Country House Revival* Ben Cowell,2024 British country houses have experienced a renaissance since the early 1970s A new accord is needed today recognising the increasingly contested contribution of country houses to British cultural life Fifty years ago the future for country houses in Britain looked bleak The Victoria Albert Museum s exhibition *The Destruction of the Country House* which opened in October 1974 charted the loss of over a thousand country houses in the preceding century The makers of the exhibition warned that history could be about to repeat itself because of the threats besetting mansion properties principally from higher taxation Houses faced the prospect of having to be stripped of their collections and sold for use as offices hotels or hospitals with their parks and gardens turned into golf clubs Government might afford to save just a handful of the most significant of these places working in tandem with charities such as the National Trust The rest would be consigned to history This book traces the history of country houses in Britain from the *Destruction* exhibition to the present day The wave of country house losses anticipated in 1974 never actually happened Instead over the next five decades Britain s country houses experienced a renaissance Fiscal rules changed in the mid 1970s to make it easier for owners to hold on to their assets Economic improvements in the 1980s and 1990s allowed many houses and estates to develop profitable commercial businesses All of this was achieved only after dedicated campaigning from heritage organisations in support of the country house cause The book argues that a new accord is needed today to recognise and value the ongoing if increasingly contested contribution of country houses to British life and culture in the twenty first century **The National Trust** ,2007 *A Visitor's Guide to A History of Britain* Martin Davidson,2002-09-16 A companion to the acclaimed BBC History Channel series *Cover* **Sound Heritage** Jeanice Brooks,Matthew Stephens,Wiebke Thormählen,2021-12-30 *Sound Heritage* is the first study of music in the historic house museum featuring contributions from both music and heritage scholars and professionals in a richly interdisciplinary approach to central issues It examines how music materials can be used to create narratives about past inhabitants and their surroundings including aspects of social and cultural life beyond the activity of music making itself and explores how music as sound material and practice can be more consistently and engagingly integrated into the curation and interpretation of historic houses The volume is structured around a selection of thematic chapters and a series of shorter case studies each

focusing on a specific house object or project Key themes include Different types of historic house including the case of the composer or musician house what can be learned from museums and galleries about the use of sound and music and what may not transfer to the historic house setting Musical instruments as part of a wider collection questions of restoration and public use and the demands of particular collection types such as sheet music Musical objects and pieces of music as storytelling components and the use of music to affectively colour narratives or experiences This is a pioneering study that will appeal to all those interested in the intersection between Music and Museum and Heritage Studies It will also be of interest to scholars and researchers of Music History Popular Music Performance Studies and Material Culture *Touring and Publicizing England's Country Houses in the Long Eighteenth Century* Jocelyn Anderson, 2018-02-22 Over the course of the long 18th century many of England's grandest country houses became known for displaying noteworthy architecture and design large collections of sculptures and paintings and expansive landscape gardens and parks Although these houses continued to function as residences and spaces of elite retreat they had powerful public identities increasingly accessible to tourists and extensively described by travel writers they began to be celebrated as sites of great importance to national culture This book examines how these identities emerged repositioning the importance of country houses in 18th century Britain and exploring what it took to turn them into tourist attractions Drawing on travel books guidebooks and dozens of tourists diaries and letters it explores what it meant to tour country houses such as Blenheim Palace Chatsworth Wilton Kedleston and Burghley in the tumultuous 1700s It also questions the legacies of these early tourists both as a critical cultural practice in the 18th century and an extraordinary and controversial influence in British culture today country house tourism is a phenomenon that demands investigation History, Performance and Conservation Barry Bridgwood, Lindsay Lennie, 2013-09-13 Ideal for students of architectural technology this volume of the Technologies of Architecture series covers the technologies available and the processes necessary for the conservation of existing buildings and environments This book provides in a single text the tools for students to be able to evaluate such buildings as well as an extensive understanding of the mechanisms which cause their deterioration and knowledge of the technologies available to correct their status The ever higher standards set for buildings especially in energy conservation contexts demand that practitioners appreciate how the performance of existing structures can be enhanced which is also covered Considering the work of conservation within a holistic perspective and historical context this book is additionally invaluable for architecture and construction students Historic Houses and Castles in Great Britain Open to the Public, 1954 Archaeology Hotspot Great Britain Donald Henson, 2015-03-12 The Archaeology Hotspots series offers reader friendly and engaging narratives of the archaeology in particular countries Written by archaeological experts with a general reader in mind each book in the series focuses on what has been found and by whom what the controversies and scandals have been ongoing projects and how it all fits into a broader view of the history of the country In Archaeology Hotspot Great Britain expert Donald Henson

first chronicles the deep archaeology of a long settled region including England Wales and Scotland then explores both the famously ancient finds cave art at Creswell Crags Stonehenge and more recent and iconic historic sites and monuments such as Westminster Abbey and Ironbridge Gorge He profiles the often larger than life personalities and the previously marginalized women who have contributed to British archaeology the controversies influencing how we see the past are also highlighted Henson considers London's position in the antiquities trade and the safeguarding of heritage sites As a whole the book tells a fascinating story of Great Britain's history culture national heritage and ongoing role as a hotspot of archaeology

The Oxford Handbook of Shakespeare Arthur F Kinney, 2011-12-23 Situated within the Oxford Handbooks to Literature series the group of Oxford Handbooks to Shakespeare are designed to record past and present investigations and renewed and revised judgments by both familiar and younger Shakespearean specialists Each of these volumes is edited by one or more internationally distinguished Shakespearians together they comprehensively survey the entire field An essential resource for the study of Shakespeare The Oxford Handbook to Shakespeare is edited by esteemed scholar Arthur Kinney and contains forty specially written essays It provides fresh and imaginative readings of his plays and poems reflects on the current state of Shakespeare Studies and suggests the likely future directions it will take The Handbook is divided into five sections Texts explores how Shakespeare wrote who he collaborated with the ways in which his works were transmitted and the reactions of his early readers Conditions examines the economic social artistic and linguistic forces at play on Shakespeare Works discusses the various stages of his career Performances is concerned with issues such as the reception of his plays the theatre business and film adaptations and Current Speculations includes essays on topics ranging from the role of philosophical thought and the influence of classical sources to the relevance of empire technology religion and law By covering the range of Shakespeare's work in his time and ours this myriad minded book deepens and enriches our understanding of the great poet and unparalleled playwright's accomplishments

Michelin Green Guide Great Britain Michelin Travel & Lifestyle, 2012-03-01 This eBook version of the Green Guide Great Britain by Michelin features the best of Great Britain its three unique countries and dozens of different cultures and landscapes Tours maps full color photos illustrations and plenty of fascinating sidebars help you to explore this island where heritage history and high culture play a continuing role but nothing stands still for long Whether walking among the Victoriana of Tunbridge Wells taking a tour of the British Museum or beach hopping on the Pembrokeshire coast Michelin's celebrated star rating system and respected maps make sure you see the best that Great Britain has to offer

Britain After Empire P. Preston, 2014-01-22 Through compelling analysis of popular culture high culture and elite designs in the years following the end of the Second World War this book explores how Britain and its people have come to terms with the loss of prestige stemming from the decline of the British Empire The result is a volume that offers new ideas on what it is to be British

Historic Houses of the National Trust Adrian Tinniswood, 1991 The National Trust has in its care some 200 historic houses in England Wales and Northern

Ireland Using 40 of the Trust's most interesting and important houses the author looks at how they came to be built their appearance and those who live and work with them

The Rough Guide to Britain Robert Andrews, 2004 The Rough Guide to Britain is the ultimate insiders handbook to England Wales and Scotland The full colour introduction brings the countries highlights to life from the Eden Project in Cornwall to Edinburgh's Royal Mile The authors provide lively accounts of every sight from the latest attractions such as the Cardiff Bay area and Gateshead's Baltic Centre to established landmarks from the Tower of London to Edinburgh Castle For every town and region there are lively reviews of the best places to stay eat and drink to suit all pockets and with accompanying maps pinpointing each location There's also practical tips on exploring the great British countryside from the rugged Pembrokeshire coastline to the picturesque valleys of the Yorkshire Dales

Great Houses of England & Wales Hugh Montgomery-Massingberd, Christopher Simon Sykes, 1994 Records thirty two of the most important estates in words and photographs

British Aristocracy and the Modern World Professor Miles Taylor, Christopher Ridgway, 2025-07-02 In the thirty five years since the publication of David Cannadine's *Decline and Fall of the British Aristocracy* 1990 the power of Britain's landed elite declined but they remain far from extinct One third of Britain's land still belongs to the aristocracy Moreover partly inspired by Cannadine's book we now know much more about the ways in which the aristocracy established their hold on modernity and how they have lasted so long Many key questions remain How much was this a distinctively British story to what extent were things different in Scotland Wales and Ireland Does decline and fall accurately describe what happened to landed elites in other countries particularly in western Europe or amongst assimilated elites such as Jews Was the soft power of the aristocracy their role in the arts philanthropy and higher education as significant as their political and economic sway How dependent on the colonies and also the USA were the British aristocracy for their wealth in the first place and how did their role overseas change their profile at home This volume brings together a wide ranging group of scholars to explore *The Decline and Fall* developing its themes in new ways and investigating other aspects for the first time

Heritage, Conservation and Communities Gill Chitty, 2016-12-01 Public participation and local community involvement have taken centre stage in heritage practice in recent decades In contrast with this established position in wider heritage work public engagement with conservation practice is less well developed The focus here is on conservation as the practical care of material cultural heritage with all its associated significance for local people How can we be more successful in building capacity for local ownership and leadership of heritage conservation projects as well as improving participative involvement in decisions and in practice This book presents current research and practice in community led conservation It illustrates that outcomes of locally led active participation show demonstrable social educational and personal benefits for participants Bringing together UK and international case studies the book combines analysis of theoretical and applied approaches exploring the lived experiences of conservation projects in and with different communities Responding to the need for deeper understanding of the outcomes of heritage conservation it

examines the engagement of local people and communities beyond the expert and specialist domain Highlighting the advances in this important aspect of contemporary heritage practice this book is a key resource for practitioners in heritage studies conservation and heritage management It is also relevant for the practising professional student or university researcher in an emerging field that overarches professional and academic practice **The Fall and Rise of the Stately Home** Peter Mandler,1997-01-01 Challenging the prevailing view of a modern English culture besotted with its history and aristocracy Mandler portrays instead a continuously changing society where both intellectual and popular attitudes have only recently turned to admiration *Fodor's 2007 England* Linda Cabasin,Fodor's Travel Publications, Inc. Staff,2006-11-01 Presents a travel guide to England and Wales providing recommendations on hotels restaurants shopping local transportation sights of interest and nightlife
