visual and semiotic potency inseparable from any understanding of material objects integral to the lives of their collecting subjects The collection argues that objects are semiotic conduits or signs of meanings pleasures and desires that are deeply subjective more often than not they reveal racial gendered and sexual identities As the volume demonstrates through its various case studies material and visual cultures are not as separate as our current disciplinary ethos would lead us to believe **National Society, Colonial Daughters of the Seventeenth Century** National Society, Colonial Daughters of the Seventeenth Century,1999 **The Huguenots** Jane McKee,2013 Examines the situation of French Protestants before and after the Revocation of the Edict of Nantes in France and in the countries to which many of them fled during the great exodus which followed the Edict of Fontainebleau covering a period from the end of the sixteenth to the beginning of the nineteenth century *Bulletin of New Books, No.--* ,1869
