National Treasure:

National Treasure: A Gates Family Mystery Westward Bound Disney Book Group, Catherine Hapka, 2008-12-23 Matthew Gates's older brother Thomas is convinced a treasure lies hidden with someone or something named Charlotte. But Matthew wants treasure that is more accessible. So when in 1848 the first rumors of gold in California start spreading, Matthew eagerly leaves his family behind and goes West to seek his fame and fortune. A year later, Matthew is part of the original Forty Niners with a claim and no money yet. But then he overhears a fellow miner discussing odd glyphs found in his mine, and Matthew's family instincts kick in. He sets out to see if the glyphs lead to something bigger than all the gold in California, and in the process stumbles upon a group of Forty Niners who will stop at nothing to claim a fortune. Set during some of the most important moments in American history, the Gates Family Mysteries follow the ancestors of Benjamin Franklin Gates, immortalized by Nicholas Cage as they search for treasure and strive to clear their family name. **National Treasure:**

Book of Secrets - #2 Ann Lloyd, 2007-11-06 Last time we saw Benjamin Franklin Gates, the cunning, impassioned lead character of Walt Disney Pictures' *National Treasure*, he had succeeded in evading shady characters, fulfilling his family's destiny, and discovering an unimaginable trove of treasures beneath Manhattan's oldest church. Now Ben is back. In *National Treasure 2: Book of Secrets*, the hero finds an all-new set of dangers, conflicts, double crossings, and, of course, treasure. *Nicolas Cage* compiled from Wikipedia pages and published by DrGoogelberg, 2012-07-30 *Nicolas Cage: His Life and Movies* Compiled from Wikipedia entries and published by DrGoogelberg Read interesting details about the life and the movies of this popular actor. **National Treasure - Volume One** Robert Kinser, 2019-05-27 *National Treasure Volume One* is a look into the history of gold plates that were discovered in Upstate New York during the 19th Century. Questions regarding their existence and whereabouts have remained for nearly two centuries. What are the gold plates? If the existence of the plates was merely contrived, why did people in the 19th century go to great lengths to steal them? What is written on the gold plates? Did the Bible foretell anything about the plates? How many people have seen and handled the gold plates? Where did the plates come from? What archaeological and DNA evidence supports the writings on the plates regarding a civilization that expanded across the continent of North America? Why might the gold plates be important? Where are the plates now? This book provides answers to these and many more questions surrounding the mystery of a national treasure.
