National Cultural Autonomy And Its Contemporary Critics

Ephraim Nimni

National Cultural Autonomy And Its Contemporary Critics:

National-Cultural Autonomy and Its Contemporary Critics Ephraim Nimni, 2004-06 This new book delivers the first English translation of State and Nation and brings together a collection of distinguished and leading political scientists to provide a detailed and critical assessment of Renner's theory of national cultural autonomy *National Cultural Autonomy and Its Critics* Ephraim Nimni, 2005 **National Cultural Autonomy and Its Contemporary Critics** Ephraim Nimni, 2005 This is a discussion and assessment of Karl Renner's theory of national cultural autonomy It includes the first English translation of Renner's State and Nation article and a commentary of his position by leading political theorists

Routledge Handbook of Ethnic Conflict Karl Cordell, Stefan Wolff, 2010-10-18 A definitive global survey of the interaction of race ethnicity nationalism and politics this handbook blends theoretically grounded rigorous analysis with empirical illustrations to provide a state of the art overview of the contemporary debates on one of the most pervasive international security challenges today The contributors to this volume offer a 360 degree perspective on ethnic conflict from the theoretical foundations of nationalism and ethnicity to the causes and consequences of ethnic conflict and to the various strategies adopted in response to it Without privileging any specific explanation of why ethnic conflict happens at a specific place and time or why attempts at preventing or settling it might fail or succeed the Routledge Handbook of Ethnic Conflict enables readers to gain better insights into such defining moments in post Cold War international history as the disintegrations of the Soviet Union and Yugoslavia and their respective consequences and the genocide in Rwanda as well as the relative success of conflict settlement efforts in Northern Ireland Macedonia and Aceh By contributing to understanding the varied and multiple causes of ethnic conflicts and to learning from the successes and failures of its prevention and settlement the Handbook makes a powerful case that ethnic conflicts are neither unavoidable nor unresolvable but rather that they require careful analysis and thoughtful and measured responses [The Routledge Handbook of Ethnic Conflict](#) Karl Cordell, Stefan Wolff, 2016-01-22 A definitive global survey of the interaction of ethnicity nationalism and politics this handbook blends rigorous theoretically grounded analysis with empirically rich illustrations to provide a state of the art overview of the contemporary debates on one of the most pervasive international security challenges today Fully updated for the second edition the book includes a new section which offers detailed analyses of contemporary cases of conflict such as in Ukraine Kosovo the African Great Lakes region and in the Kurdish areas across the Middle East thus providing accessible examples that bridge the gap between theory and practice The contributors offer a 360 degree perspective on ethnic conflict from the theoretical foundations of nationalism and ethnicity to the causes and consequences of ethnic conflict and to the various strategies adopted in response to it Without privileging any specific explanation of why ethnic conflict happens at a particular place and time or why attempts at preventing or settling it might fail or succeed The Routledge Handbook of Ethnic Conflict enables readers to gain a better insight into such defining moments in post Cold War international history as

the disintegration of the Soviet Union and Yugoslavia and their respective consequences the genocide in Rwanda and the relative success of conflict settlement efforts in Northern Ireland By contributing to understanding the varied and multiple causes of ethnic conflicts and to learning from the successes and failures of their prevention and settlement the Handbook makes a powerful case that ethnic conflicts are neither unavoidable nor unresolvable but rather that they require careful analysis and thoughtful and measured responses

Federalism and the Law of Diversity, 2025-01-27 The volume offers new and unexplored perspectives on federalism and its relationships with diversity accommodation It represents the first structured attempt to use federal theory and practice to frame several phenomena of governance in the area of diversity management Federalism is here tested as a theoretical and practical tool that may contribute to a better understanding of phenomena such as non territorial autonomy participatory democracy and legal pluralism This volume unveils the theoretical potential of federalism in explaining complex pluralist legal systems This theoretical function may be the 21st century dimension of federalism

Institutional Legacies of Communism Karl Cordell, Timofey Agarin, Alexander Osipov, 2013-07-03 Twenty years after the demise of communist policy this book evaluates the continuing communist legacies in the current minority protection systems and legislations across a number of states in post communist Europe The fall of communism and the process of democratisation across post communist Europe led to considerable change in minority protection with new systems and national political institutions either developed or copied In general the new institutions reflected the practices and experiences of western European states and were installed upon advice from European security organisations Yet many ideas legislative frameworks policies and practices remained open to interpretation on the ground With case studies on a diverse set of post communist polities including Slovakia Bosnia Macedonia Ukraine Estonia Croatia the Baltic States and Russia expert contributors consider how the institutional legacies of the communist past impact on policies designed to support minority communities in the new European democracies Providing unique empirical material and comparative analyses of ethnocultural diversity management during and after communism this book will be of interest to students and scholars of international relations European politics political geography post communism ethnic politics nationalism and national identity

The Palgrave Handbook of Minority Languages and Communities Gabrielle Hogan-Brun, Bernadette O'Rourke, 2018-12-11 This Handbook is an in depth appraisal of the field of minority languages and communities today It presents a wide ranging coherent picture of the main topics with key contributions from international specialists in sociolinguistics policy studies sociology anthropology and law Individual chapters are grouped together in themes covering regional non territorial and migratory language settings across the world It is the essential reference work for specialist researchers scholars in ancillary disciplines research and coursework students public agencies and anyone interested in language diversity multilingualism and migration

After the Nation? K. Breen, S. O'Neill, 2010-10-20 Explores the ways in which the nation state and nationalism are challenged by contemporary realities This volume addresses changes

to our understanding of national sovereignty problems posed by violent conflict between rival national projects the feasibility of postnationalist democracy and citizenship and the debate over global justice *National Minorities in Putin's Russia* Federica Prina, 2015-10-05 Using a human rights approach the book analyses the dynamics in the application of minority policies for the preservation of cultural and linguistic diversity in Russia Despite Russia's legacy of ethno cultural and linguistic pluralism the book argues that the Putin leadership's overwhelming statism and promotion of Russian patriotism are inexorably leading to a reduction of Russia's diversity Using scores of interviews with representatives of national minorities civil society public officials and academics the book highlights the reasons why Russian law and policies as well as international standards on minority rights are ill equipped to withstand the centralising drive toward ever greater uniformity While minority policies are fragmented and feeble in contemporary Russia they are also centrally conceived which is exacerbated by a growing democratic deficit under Putin Crucially in today's Russia informal practices and networks are frequently utilised rather than formal channels in the sphere of diversity management Informal practices the book argues can at times favour minorities yet they more frequently disadvantage them and create the conditions for the co-optation of leaders of minority groups A dilution of diversity the book suggests is not only resulting in the loss of Russia's rich cultural heritage but is also impairing the peaceful coexistence of the individuals and groups that make up Russian society

Political Participation of Minorities Marc Weller, Katherine Nobbs, 2010 This Commentary provides the reader with a review of international standards and practice relating to the political participation of minorities Political participation has been increasingly recognized as a foundational issue in the debate about minority rights It is argued that minorities are more likely to feel co-ownership in the state if they have the opportunity to participate freely and effectively in all aspects of its governance and that sustained and meaningful engagement will guard against the sense of alienation and exclusion among minorities that often emerges in ethnically divided societies Taking as its starting point the two most important standard setting documents in the field the Lund Recommendations on the Effective Participation of National Minorities in Public Life developed by the Organization for Security and Cooperation in Europe and the Council of Europe's Thematic Commentary on the Issue of Political Participation of Minorities the Commentary locates the international legal entitlement to political participation within the wider context of the right to democratic governance It also considers effective participation in relation to the right to full and effective equality as well as the legal entrenchment of these provisions and implementation mechanisms Individual chapters then consider each of the principal mechanisms aimed at enhancing political participation ranging from procedures covering minority representation in political institutions to consultative mechanisms and autonomy solutions The Commentary draws on a team of experts all of whom are recognized authorities in this specialized area of minority issues *The Political Representation of Kurds in Turkey* Cengiz Gunes, 2020-11-26 Throughout the 1960s and 1970s Turkey relentlessly persecuted any form of Kurdish dissent This led to the radicalisation of an increasing number of

Kurds the rise of the Kurdish national movement and the PKK's insurgency against Turkey Political activism by the Kurds or around Kurdish related political demands continues to be viewed with deep suspicions by Turkey's political establishment and severely restricted Despite this the pro Kurdish democratic movement has emerged providing Kurds with a channel to represent themselves and articulate their demands This book is timely contribution to the debate on the Kurds political representation in Turkey tracing the different forms it has taken since 1950 The book highlights how the transformations in Kurdish society have affected the types of actors involved in politics and the avenues organisations and networks Kurds use to challenge the state Based on survey data obtained from over 350 individuals this is the first book to provide an in depth analysis of Kurdish attitudes from across different segments of Kurdish society including the elite the business and professional classes women and youth activists It is an intimate portrait of how Kurds today are dealing with the challenges and difficulties of political representation

The Legal Status and Perspectives of Ethnic Minorities in European States Magdalena Butrymowicz, 2022-03-02 The way we exist in society defines our place in its social structures and reaffirms our belonging identity and dignity Europe is a continent characterized by many internal conflicts and ongoing struggles inside societies The battlefield is society itself where state law clashes with ethnic law over the very identity of society Exploring debates from Scandinavia to Spain about the religious and political autonomy and freedom this book explains that the violation of the rights of ethnic minorities and indigenous peoples such as the Sami and Basque peoples remains a problem in Europe In addition to these political conflicts Magdalena Butrymowicz analyzes the legal and religious culture within minority ethnic structures themselves Ultimately this book raises timely questions about the balance between state control and legal autonomy for ethnic minorities across Europe advocating for a new definition of ethnic law as the right of ethnic minorities creating their legal and ethnic identity The book will interest anyone exploring the dynamic between European states and the ethnic minorities that live in them

Multicultural Odysseys Will Kymlicka, 2009-02-05 We are currently witnessing the global diffusion of multiculturalism both as a political discourse and as a set of international legal norms States today are under increasing international scrutiny regarding their treatment of ethnocultural groups and are expected to meet evolving international standards regarding the rights of indigenous peoples national minorities and immigrants This phenomenon represents a veritable revolution in international relations yet has received little public or scholarly attention In this book Kymlicka examines the factors underlying this change and the challenges it raises Against those critics who argue that multiculturalism is a threat to universal human rights Kymlicka shows that the sort of multiculturalism that is being globalized is inspired and constrained by the human rights revolution and embedded in a framework of liberal democratic values However the formulation and implementation of these international norms has generated a number of dilemmas The policies adopted by international organizations to deal with ethnic diversity are driven by conflicting impulses Pessimism about the destabilizing consequences of ethnic politics alternates with optimism about the prospects for a peaceful and

democratic form of multicultural politics The result is often an unstable mix of paralyzing fear and na ve hope rooted in conflicting imperatives of security and justice Moreover given the enormous differences in the characteristics of minorities eg their size territorial concentration cultural markers historic relationship to the state it is difficult to formulate standards that apply to all groups Yet attempts to formulate more targeted norms that apply only to specific categories of minorities eg indigenous peoples or national minorities have proven controversial and unstable Kymlicka examines these dilemmas as they have played out in both the theory and practice of international minority rights protection including recent developments regarding the rights of national minorities in Europe the rights of indigenous peoples in the Americas as well as emerging debates on multiculturalism in Asia and Africa *Democratic Representation in Plurinational States* Ephraim Nimni, Elçin Aktoprak, 2018-12-28 This book examines modalities for the recognition and political participation of minorities in plurinational states in theory and in practice with a specific reference to the Republic of Turkey and the resolution of the Kurdish question Drawing on the experience of Spain and Eastern Europe and other recent novel models for minority accommodation including the Ottoman experience of minority autonomy the Millet System the volume brings together researchers from Turkey and Europe more broadly to develop an ongoing dialogue that analytically examines various models for national minority accommodation These models promise to protect the state s integrity and provide governmental mechanisms that satisfy demands for collective representation of national communities in the framework of a plurinational state

Statelessness Mira L. Siegelberg, 2020-10-06 The post WWI crisis of statelessness induced creative legal thinking as officials and jurists debated cosmopolitan citizenship beyond the borders of sovereigns But by midcentury the state won out as the lone site of citizenship Mira Siegelberg uncovers the ideological roots of this transformation and its impact on the international order Political Theory and Australian Multiculturalism Geoffrey Brahm Levey, 2012 This book is the product of a workshop sponsored by the Academy of the Social Sciences in Australia and the Australian Government Department of Immigration and Multicultural and Indigenous Affairs T p verso

Russia and the Right to Self-determination in the Post-Soviet Space Johannes Socher, 2021 This book shows that Russia has a distinct approach to the right to self determination that sets it apart from Western States and from Soviet state practice Drawing on analysis of seven secessionist conflicts and a detailed study of Russian sources it traces how Russian engagement with self determination has changed over the past three decades Bundist Legacy after the Second World War Vincenzo Pinto, 2018-05-07 Bundist Legacy after the Second World War offers an account on post war Bund the most important Jewish political party in East Europe before the outbreak of the Second World War This subject area has attracted more attention in the last few years when a new generation of scholars is trying to assess the transformation of memory and the political cultural and pedagogical role played by the last members of Bund This volume aims to create a new Bund union after the end of historical Bund and help to answer the question What is to be done after the birth of Israel The volume is one of the first attempts to answer this crucial

existential and political question **A Global Law of Diversity** Nicolò Paolo Alessi, 2024-11-25 This book provides a global perspective on the accommodation of diversity within constitutional traditions considering the most innovative approaches and legal instruments of the Global North and Global South This field of study traditionally dominated by a Global North approach based on majority minority and rights based discourse is undergoing significant development The work thus assesses the appropriateness of the existing mainstream theoretical tools and concepts in particular minority and minority related concepts as well as rights discourse to grasp the ongoing evolution of this field of law A reconsideration of the traditional conceptual categories and the introduction of the concept Law of Diversity is proposed as a theoretical framework to grasp the ongoing developments in this area Among the models studied those that are referred to as emergent models for the accommodation of diversity in the Global North appear to be particularly in need of theoretical recognition To this end the theory of federalism is used to serve a rather unexplored theoretical function Federal theory is put forward as a theoretical instrument to frame and explain the emergent instruments for the accommodation of diversity as well as provide practical solutions for their development The book will be of interest to researchers academics and policy makers working in the areas of comparative constitutional law minority and indigenous rights law and federal studies The Open Access version of this book available at <http://www.taylorfrancis.com> has been made available under a Creative Commons Attribution Non Commercial No Derivatives CC BY NC ND 4.0 license

This book delves into National Cultural Autonomy And Its Contemporary Critics. National Cultural Autonomy And Its Contemporary Critics is an essential topic that needs to be grasped by everyone, ranging from students and scholars to the general public. The book will furnish comprehensive and in-depth insights into National Cultural Autonomy And Its Contemporary Critics, encompassing both the fundamentals and more intricate discussions.

1. This book is structured into several chapters, namely:
 - Chapter 1: Introduction to National Cultural Autonomy And Its Contemporary Critics
 - Chapter 2: Essential Elements of National Cultural Autonomy And Its Contemporary Critics
 - Chapter 3: National Cultural Autonomy And Its Contemporary Critics in Everyday Life
 - Chapter 4: National Cultural Autonomy And Its Contemporary Critics in Specific Contexts
 - Chapter 5: Conclusion
 2. In chapter 1, the author will provide an overview of National Cultural Autonomy And Its Contemporary Critics. The first chapter will explore what National Cultural Autonomy And Its Contemporary Critics is, why National Cultural Autonomy And Its Contemporary Critics is vital, and how to effectively learn about National Cultural Autonomy And Its Contemporary Critics.
 3. In chapter 2, this book will delve into the foundational concepts of National Cultural Autonomy And Its Contemporary Critics. This chapter will elucidate the essential principles that must be understood to grasp National Cultural Autonomy And Its Contemporary Critics in its entirety.
 4. In chapter 3, the author will examine the practical applications of National Cultural Autonomy And Its Contemporary Critics in daily life. The third chapter will showcase real-world examples of how National Cultural Autonomy And Its Contemporary Critics can be effectively utilized in everyday scenarios.
 5. In chapter 4, the author will scrutinize the relevance of National Cultural Autonomy And Its Contemporary Critics in specific contexts. The fourth chapter will explore how National Cultural Autonomy And Its Contemporary Critics is applied in specialized fields, such as education, business, and technology.
 6. In chapter 5, the author will draw a conclusion about National Cultural Autonomy And Its Contemporary Critics. The final chapter will summarize the key points that have been discussed throughout the book.
- The book is crafted in an easy-to-understand language and is complemented by engaging illustrations. It is highly recommended for anyone seeking to gain a comprehensive understanding of National Cultural Autonomy And Its Contemporary Critics.
