Nationalism And Democratic Transition The Politics Of Citizenship And Language In Post Soviet Latvia:

Nationalism and Democratic Transition Mark A. Jubulis, 2001 Nationalism and Democratic Transition explores the impact of nationalism during Latvia's transition from communist rule 1988-1991 and examines the post-Soviet efforts of Latvia to construct a democratic nation-state in a multi-ethnic context. While most observers have labeled Latvia as a typical example of a state promoting an exclusive form of ethnic nationalism, the author argues that Latvia's path to independence was characterized by a moderate, non-violent form of nationalism which sought to include non-Latvian groups in the struggle against Soviet rule.

Russian-speakers in post-Soviet Latvia Amnon Cheskin, 2016-01-18 Introduction Discourse, memory and identity, Latvian state and nation building, Russian language media and identity formation, Examining Russian speaking identity from below, The democratisation of history and generational change, The primacy of politics, Political discourse and identity formation, The Russian Federation and Russian speaking identity in Latvia, A bright future.

Russian Minority Politics in Post-Soviet Latvia and Kyrgyzstan Michele E. Commercio, 2011-06-06 The collapse of the Soviet Union suddenly rendered ethnic Russians living in non-Russian successor states like Latvia and Kyrgyzstan new minorities subject to dramatic political, economic and social upheaval. As elites in these new states implemented formal policies and condoned informal practices that privileged non-Russians, ethnic Russians had to react. In *Russian Minority Politics in Post-Soviet Latvia and Kyrgyzstan*, Michele E. Commercio draws on extensive field research including hundreds of personal interviews to analyze the responses of minority Russians to such policies and practices. In particular, she focuses on the role played by formal and informal institutions in the crystallization of Russian attitudes, preferences and behaviors in these states. Commercio asks why there is more out-migration and less political mobilization among Russians in Kyrgyzstan, a state that adopts policies that placate both Kyrgyz and Russians, and less out-migration and more political mobilization among Russians in Latvia, a state that adopts policies that favor Latvians at the expense of Russians. Challenging current thinking, she suggests that the answer to this question lies in the power of informal networks. After the fall of the Soviet Union, the Communist party, Komsomol youth organization and KGB networks were transformed into informal networks. Russians in Kyrgyzstan were for various reasons isolated from such networks, and this isolation restricted their access to the country's private sector, making it difficult for them to create effective associations capable of representing their interests. This resulted in a high level of Russian exit and the silencing of Russian voices. In contrast, Russians in Latvia were well connected to such networks, which provided them with access to the country's private sector and facilitated the establishment of political parties and nongovernmental organizations that represented their interests. This led to a low level of Russian exit and a high level of Russian voice. Commercio concludes that informal networks have a stronger influence on minority politics than formal institutions.

A History of the Baltic States Andres Kasekamp, 2017-10-26 In this key textbook Andres Kasekamp masterfully traces the development of Estonia Latvia and Lithuania from the northern crusades against Europe's last pagans and Lithuania's rise to become one of medieval Europe's largest states to their incorporation into the Russian Empire and the creation of their modern national identities Employing a comparative approach a particular emphasis is placed upon the last one hundred years during which the Baltic states achieved independence endured occupation by the Soviet Union and Nazi Germany and transformed themselves into members of the European Union This is an essential textbook for undergraduate students taking modules on Eastern or Central European History Communism and Post Communism the Soviet Union or Baltic Culture and Politics Engaging and accessible this is also an ideal introduction to the Baltic States for general readers

Nature and National Identity After Communism Katrina Z. S. Schwartz, 2006-11-26 In this groundbreaking book Katrina Schwartz examines the intersection of environmental politics globalization and national identity in a small East European country modern day Latvia Based on extensive ethnographic research and lively discourse analysis it explores that country's post Soviet responses to European assistance and political pressure in nature management biodiversity conservation and rural development These responses were shaped by hotly contested notions of national identity articulated as contrasting visions of the ideal rural landscape The players in this story include Latvian farmers and other traditional rural dwellers environmental advocates and professionals with divided attitudes toward new European approaches to sustainable development An entrenched set of forestry and land management practices with roots in the Soviet and pre Soviet eras confront growing international pressures on a small country to conform to current Western notions of environmental responsibility notions often perceived by Latvians to be at odds with local interests While the case is that of Latvia the dynamics Schwartz explores have wide applicability and speak

powerfully to broader theoretical discussions about sustainable development social constructions of nature the sources of nationalism and the impacts of globalization and regional integration on the traditional nation state *Central and Eastern Europe After Transition* Wojciech Sadurski, 2016-04-08 How have national identities changed developed and reacted in the wake of transition from communism to democracy in Central and Eastern Europe Central and Eastern Europe After Transition defines and examines new autonomous differences adopted at the state and the supranational level in the post transitional phase of the post Communist area and considers their impact on constitutions democracy and legal culture With representative contributions from older and newer EU members the book provides a broad set of cultural points for reference Its comparative and interdisciplinary approach includes a useful selection of bibliographical resources specifically devoted to the Central Eastern European countries transitions *Post-Soviet Civil Society* Anders Uhlin, 2006-03-20 The development of civil society has varied greatly across the former Soviet Union The Baltic states have achieved a high level of integration with the West and European Union membership while some regions in Russia lag far behind Now for the first time there is a comparative study of civil society and democratization across post Soviet national borders Acknowledging the enormous variation throughout the region the book offers unique data on developments in Russia Estonia Latvia and Lithuania Applying an innovative analytical framework derived from theories of democratization civil society social movements and transnational relations the researchers have formulated broader comparisons and generalisations without neglecting the specific post Soviet context The book provides a systematic comparison across sectors as well as nations and includes chapters on NGOs the state and conflict and transnationalisation Quantitative survey data is combined with qualitative interviews and case study research to both confirm previous findings about the weakness of post communist civil society and to qualify previous research Central and South-Eastern Europe 2004 Europa Publications, 2003 Comprises a general survey of the region country surveys political profiles of the region and information on international and regional organizations and research institutes **Nationalism, Ethnicity and Boundaries** Jennifer Jackson, Lina Molokotos-Liederman, 2014-11-13 Nationalism and ethnicity have become across time and space a force in the construction of boundaries This book analyses geographical and physical borders and symbolic political and socio economic boundaries and how they impact upon nationalism and ethnic identity Geographic and other tangible borders are critical components in the making and unmaking of boundaries However symbolic or intangible boundaries along national ethnic political or socio economic criteria are equally significant Organised into three sections on theory national and transnational case studies this book both introduces existing approaches to the study of boundaries and illustrates how it is possible to apply renewed boundary approaches to better understand nationalism and ethnicity in contemporary contexts Expert contributors in the field present detailed case studies on the UK Israel Estonia Latvia Ukraine and Kazakhstan and draw upon further examples from more than a dozen countries to provide a critical evaluation of the use of borders boundaries and boundary making in the study of nationalism and ethnicity This

book will be of interest to students and scholars of International Politics Nationalism Racial and Ethnic Politics Ethnic Identity and Sociology **Baltic-Black Sea Regionalisms** Olga Bogdanova, Andrey Makarychev, 2019-10-01 This edited volume focuses on various forms of regionalism and neighborhoods in the Baltic Black Sea area In the light of current reshaping of borderlands and new geopolitical and military confrontations in Europe's eastern margins such as the annexation of Crimea and the war in Donbas this book analyzes different types and modalities of regional integration and region making from a comparative perspective It conceptualizes cooperative and conflictual encounters as a series of networks and patchworks that differently link and relate major actors to each other and thus shape these interconnections as domains of inclusion and exclusion bordering and debordering securitization and desecuritization This peculiar combination of geopolitics ethnopolitics and biopolitics makes the Baltic Black Sea trans national region a source of inspiring policy practices and in the light of new security risks a matter of increased concern all over Europe The contributors from various disciplines cover topics such as cultural and civilizational spaces of belonging and identity politics the rise of right wing populism region building under the condition of multiple security pressures and the influence and regional strategies of different external powers including the EU Russia and Turkey on cross and trans regional relations in the area **Survival and Development of Language Communities** F. Xavier Vila, 2012-11-13 Too small to be big but also too big to be really small medium sized language communities MSLCs face their own challenges in a rapidly globalising world where multilingualism and mobility seem to be eroding the old securities that the monolingual nation states provided The questions to be answered are numerous What are the main areas in which the position of these languages is actually threatened How do these societies manage their diversity both old and new Has state machinery really become as irrelevant in terms of language policy as their portrayals often suggest This book explores the responses to these and other challenges by seven relatively successful MSLCs so that their lessons can be applied more generally to other languages striving for long term survival **East European Diasporas, Migration, and Cosmopolitanism** Ulrike Ziemer, Sean P. Roberts, 2013 Following the collapse of the communist regimes in Eastern Europe and the Soviet Union there were considerable migration flows the migrations and subsequent diasporas often having special characteristics given the relative lack of migration in communist times and the climate of increasing nationalism which had the potential of working against multiculturalism This book explores these migrations and diasporas and examines the nature of the associated cosmopolitanism *Cross-Regional Ethnopolitics in Central and Eastern Europe* Vassilis Petsinis, 2022-04-18 This book bridges the gap between academic researchers and policymaking experts working on the Western Balkans and those dealing with the Baltic States Within the frame of a comparative and cross regional approach Vassilis Petsinis generates new insights in subjects as diverse as how geopolitics shape the management of ethnic relations the variants of Euroscepticism opposition to immigration and LGBTQI rights the patterns of multi ethnic cohabitation as well as the endeavour by parties of the populist and radical right to embed

their platforms into the longer trajectories of ethno nationalism in the countries and societies studied Estonia and Latvia from the Baltic States Croatia and Serbia from the Western Balkans This work also assesses the extent to which the centrality of ethnic cleavages can be contested temporarily effaced or ultimately transformed by the increasing significance of the economy social welfare and transparency in multi ethnic societies The book adds a sound contribution towards updating and upgrading the study of ethnopolitics not solely across Central and Eastern Europe but as a whole The Organization for Security and Co-operation in Europe (OSCE) David J. Galbreath,2007-05-03 During the Cold War the two global superpowers were able to come together to resolve many issues of transparency and common challenges leading to a change in European and global security The OSCE covered the area formerly occupied by NATO and the Warsaw Pact championing the Helsinki Final Act which became a key international instrument to encourage peace and security Following the end of the Cold War the OSCE became a key institution positioned between the European Union and NATO focusing on furthering democracy protecting human and minority rights and encouraging military reform in a drastically dynamic region David J Galbreath sheds light on an institution that changed the face of global security during the Cold War and championed the rise of democratization in Central and Eastern Europe as well as the former Soviet republics following the collapse of the Soviet Union **Language and Identity Politics** Christina Späti,2015-11-01 In an increasingly multicultural world the relationship between language and identity remains a complicated and often fraught subject for most societies The growing political salience of questions relating to language is evident not only in the expanded implementation of new policies and legislation but also in heated public debates about national unity collective identities and the rights of linguistic minorities By taking a comprehensive approach that considers both the inclusive and exclusive dimensions of linguistic identity across Europe and North America the studies assembled here provide a sophisticated look at one of the global era s defining political dynamics Multilingualism in Post-Soviet Countries Aneta Pavlenko,2008 In the past two decades post Soviet countries have emerged as a contested linguistic space where disagreements over language and education policies have led to demonstrations military conflicts and even secession This collection offers an up to date comparative analysis of language and education policies and practices in post Soviet countries
