Nationalism, Imperialism, and Identity in Late Victorian Culture Steve Attridge, 2003 Irish Military Elites, Nation and Empire, 1870-1925 Loughlin Sweeney, 2019-08-05 This book is a social history of Irish officers in the British army in the final half century of Crown rule in Ireland Drawing on the accounts of hundreds of officers it charts the role of military elites in Irish society and the building tensions between their dual identities as imperial officers and Irishmen through land agitation the home rule struggle the First World War the War of Independence and the partition of Ireland What emerges is an account of the deeply interwoven connections between Ireland and the British army casting officers as social elites who played a pivotal role in Irish society and examining the curious continuities of this connection even when officers moral authority was shattered by war revolution independence and a divided nation **Steampunk** Claire Nally, 2019-06-27 What is steampunk Fashion craze literary genre lifestyle or all of the above Playing with the scientific innovations and aesthetics of the Victorian era steampunk creatively warps history and presents an alternative future imagined from a nineteenth century perspective In her interdisciplinary book Claire Nally delves into this contemporary subculture explaining how the fashion music visual culture literature and politics of steampunk intersect with theories of gender and sexuality Exploring and occasionally critiquing the ways in which gender functions in the movement she addresses a range of different issues including the controversial trope of the Victorian asylum gender and the graphic novel the legacies of colonialism science and the role of Ada Lovelace as a feminist steampunk icon Drawing upon interviews theoretical readings and textual analysis Nally asks why are steampunks fascinated by our Victorian heritage and what strategies do they use to reinvent history in the Owen Rhoscomyl John S. Ellis, 2016-11-15 Around the turn of the century Welsh readers thrilled to the heroic present stories of Owen Rhoscomyl Having been a cowboy frontiersman soldier and mercenary Rhoscomyl was as adventurous and exotic as his stories Roving the wilds of the American West Patagonia and South Africa before finally settling in Wales Rhoscomyl was a flawed hero who led a rough life that exacted a personal price in poverty delinquency and violence He identified deeply with the Welsh nation as a source of tradition legitimacy and belonging within a wider imperial world As a popular commercial writer of historical romance imperial adventure popular history and public spectacle he rejected accusations of national inferiority effeminacy and defeatism in his depictions of the Welsh as an inherently masculine and martial people accustomed to the rugged conditions of the frontier ready to advance the glory of their nation and eager to lead the British imperial enterprise This literary biography will explore the vaulting ambitions real achievements and bitter disappointments of the life work and milieu of Owen Rhoscomyl Heroic imperialists in Africa Berny Sèbe, 2015-11-01 From the height of New Imperialism until the Second World War three generations of heroes of the British and French empires in Africa were selected manufactured and packaged for consumption by a metropolitan public eager to discover new horizons and to find comfort in the concept of a civilising mission This book looks at imperial heroism by examining the

legends of a dozen major colonial figures on both sides of the Channel revisiting the familiar stories of Livingstone Gordon and Kitchener from a radically new angle and throwing light on their French counterparts often less famous in the Anglophone world but certainly equally fascinating Alternative Modernities in French Travel Writing Gillian Jein, 2016-06-19 Ever since human beings first travelled cities have constituted important material and literary destinations While the city has formed a key theme for scholars of literary fiction travellers modes of writing the city have been somewhat neglected by travel studies However travel writing with its attention to difference provides a rich source for the study of representational strategies and tactics in the modern city Tracing spatial practices of French travel writers in London and New York from 1851 to the 1980s this book contributes to a body of work that analyses travel and travel writing beyond the Anglophone context and engages a variety of travel writing in guestions surrounding French modalities for negotiating and establishing a nexus of meanings for life in the modern city One of the central tenets of the book is that in the way its spaces are planned encountered and represented the city is operational in the formulation of identities and ideologies and the book s guiding question is how travel and travel writing allow for the exploration of urban modernity from a perspective of exchange Bringing together the strands of theory context and poetic analysis this book examines travel writing as a spatial practice of the modern city engaging urban space in questions of nationality power and legibility and opening avenues for the exploration of urban modernity from a position of alterity where alternative imaginative geographies of the city might emerge

**New Crusade** Bradley Cesario, 2021-04-06 The period between the mid 1880s and the First World War was the high point of the navalist movement but the idea of navalism took many forms and meant different problems and different solutions to various groups within British society and the British government New Crusade examines one form of the British navalist movement directed navalism As opposed to the broader cultural conception of British naval power directed navalism consisted of a cooperative symbiotic working relationship between three elite and self selecting groups serving naval officers professionals naval correspondents and editors working for national newspapers and periodicals press and members of Parliament who dealt with naval issues politicians Directed navalism meant agitation for a specific achievable goal It was the bedrock upon which the more popular and ultimately more successful cultural navalism of fleet reviews and music halls was built Though directed navalism collapsed before the First World War it was extraordinarily successful in its time and it was a necessary precursor for the creation of a national discourse in which cultural navalism could thrive Its rise and fall is the story of this book War with a Silver Lining Gordon L. Heath, 2009-03-01 Gordon Heath's A War with a Silver Lining is a ground breaking analysis of why the Canadian Protestant churches enthusiastically supported the war effort Extensive archival research allows Heath to show how the churches concern for international justice the development of the nascent nation Canada the unifying and strengthening of the empire and the spreading of missions led to passionate and widespread support for the war effort Hamish MacCunn (1868-1916): A Musical Life Jennifer L. Oates, 2016-04-22 Hamish

MacCunn's career unfolded amidst the restructuring of British musical culture and the rewriting of the Western European political landscape Having risen to fame in the late 1880s with a string of Scottish works MacCunn further highlighted his Caledonian background by cultivating a Scottish artistic persona that defined him throughout his life His attempts to broaden his appeal ultimately failed This along with his difficult personality and a series of poor professional choices led to the slow demise of what began as a promising career As the first comprehensive study of MacCunn's life the book illustrates how social and cultural situations as well as his personal relationships influenced his career While his fierce loyalty to his friends endeared him to influential people who helped him throughout his career his refusal of his Royal College of Music degree and his failure to complete early commissions assured him a difficult path Drawing upon primary resources Oates traces the development of MacCunn's music chronologically juxtaposing his Scottish and more cosmopolitan compositions within a discussion of his life and other professional activities This picture of MacCunn and his music reveals on the one hand a talented composer who played a role in establishing national identity in British music and on the other a man who unwittingly sabotaged his own career Rorke's Drift and Isandlwana Ian F. W. Beckett, 2019-01-03 The battle of Isandlwana on 22 January 1879 the first major encounter in the Anglo Zulu War witnessed the worst single day s loss of British troops between the battle of Waterloo in 1815 and the opening campaigns of the First World War in August 1914 Moreover decisive defeat at the hands of the Zulu came as an immense shock to a Victorian public that had become used to easy victories over less technologically advanced indigenous foes in an expanding empire The successful defence of Rorke's Drift which immediately followed the encounter at Isandlwana and for which 11 Victoria Crosses were awarded averted military disaster and went some way to restore wounded British pride but the sobering memory of defeat at Isandlwana lingered for many years while the legendary tale of the defence of Rorke's Drift was re awakened for a new generation in the epic 1964 film Zulu starring Michael Caine In this new volume in the Great Battles series Ian F W Beckett tells the story of both battles investigating not only their immediate military significance but also providing the first overarching account of their continuing cultural impact and legacy in the years since 1879 not just in Britain but also from the once largely inaccessible and overlooked Zulu Literary Community-Making Roger D. Sell, 2012-06-12 The writing and reading of so called literary texts can perspective be seen as processes which are genuinely communicational They lead that is to say to the growth of communities within which individuals acknowledge not only each other s similarities but differences as well In this new book Roger D Sell and his colleagues apply the communicational perspective to the past four centuries of literary activity in English Paying detailed attention to texts both canonical and non canonical by Amelia Lanyer Thomas Coryate John Boys Pope Coleridge Arnold Kipling William Plomer Auden Walter Macken Robert Kroetsch Rudy Wiebe and Lyn Hejinian the book shows how the communicational issues of addressivity commonality dialogicality and ethics have arisen in widely different historical contexts At a metascholarly level it suggests that the communicational criticism of literary texts has significant cultural social
