## **Nationalist Ferment:**

Nationalist Ferment Marie-Jeanne Rossignol, 2021-01-29 This book was published in June 1994 by a French publisher and became the winner of the Organization of American Historians foreign language book prize The Nationalist Ferment contributes significantly to the renewal of early U S diplomatic history Since the 1980s a number of diplomatic historians have turned aside from traditional diplomatic issues and sources They have instead focused on gender ethnic relationships culture and the connections between foreign and domestic policy Rossignol argues that in the years 1789 1812 the new nation needed to assert its independence and autonomous character in the face of an unconvinced world After overcoming initial divisions caused by foreign policy Americans met this challenge by defining common foreign policy objectives and attitudes which both legitimized the United States abroad and reinforced national unity at home This book establishes the constant connections between domestic and international issues during the early national period The Nationalist Revival in France, 1905-1914 Eugen J. Weber, 2023-04-28 This title is part of UC Press s Voices Revived program which commemorates University of California Press s mission to seek out and cultivate the brightest minds and give them voice reach and impact Drawing on a backlist dating to 1893 Voices Revived makes high quality peer reviewed scholarship accessible once again using print on demand technology This title was originally published in 1968 The Emergence of Nationalist Politics in Morocco Daniel Zisenwine, 2010-09-30 The end of World War II intensified Morocco s nationalist struggle against French colonial rule with the establishment of the Istiqlal independence party and the Moroccan Sultan s emergence as a national leader In this book Daniel Zisenwine charts the rise of Morocco s leading nationalist party and illustrates the weakness of Moroccan political parties at the outset of the anti colonial struggle While Morocco today faces formidable challenges its political system remains profoundly influenced by the events charted in this book Drawing from a wide range of previously unpublished sources Daniel Zisenwine presents the background to the Istiqlal s establishment its initial actions and demands and an extensive discussion of its social activities aimed at mobilizing the Moroccan public during the anti colonial struggle **Women and the Nazi East** Elizabeth Harvey, Professor of Psychology Elizabeth Harvey, 2003-01-01 Examination of the role of German women in borderlands activism in Germany s eastern regions before 1939 and their involvement in Nazi measures to Germanize occupied Poland during World War II Harvey analyses the function of female activism within Nazi imperialism its significance and the extent to which women embraced policies intended to segregate Germans from non Germans and to persecute Poles and Jews She also explores the ways in which Germans after 1945 remembered the Nazi East *African Literature and the Politics of Culture* James T. Tsaai, 2013-11-01 This book essentially negotiates African literature as a veritable site of artistic and cultural production and situates it within the dynamic of postcolonial cultural politics It critically evaluates African literature as a contour of cultural contestation with the imperial politics of knowledge production about others and as an ideological strategy for

knowing them The book's main contribution to the critical discourse on African literature and culture inheres in the fact that politics constitutes the enduring concern of society as it re-shapes and over-determines discourses which have continued to remain crucial to societal engineering It however imagines the discursive existence as necessary for the evolving of a dynamic African literary tradition with an abiding fidelity to the verities of history The book is useful for literary scholars historians critics experts and students of postcolonial cultural studies as well as general readership interested in African studies

*Current History*, 1923      *Current History and Forum ...*, 1923      *Gha-ra-bagh!* Mark Malkasian, 1996 *Gha-ra-bagh* chronicles the initial stages of the first mass national democratic movement in the former Soviet Union The popular ground swell which came to be known as the Karabagh movement transformed the political consciousness of Soviet Armenians and led them to challenge the legitimacy of the Soviet system This book provides a rich and fascinating history of a pivotal year in Soviet Armenia and a deeper understanding of Armenia's present situation

*The Late Romantic Era* Jim Samson, 1992-01-10 *The Late Romantic Era* treats the period bounded by the 1848 revolutions and the outbreak of World War I It examines several musical dimensions of the bourgeois cultural ascendancy of the second half of the 19th century the growth of independent institutions of music making the consolidation of a standard classical repertory and the emergence of increasingly specific repertories of popular music professional and amateur Single chapters on particular countries or regions are framed by pairs of chapters on Vienna Paris and the German cities In an opening chapter Dr Samson places the later geographical surveys within a thematic context which embraces social and economic change political ideology and the climate of ideas

*The Nordic Way* Edward L. Killham, 1993 This analysis of the delicate Nordic Balance and the role it has played in recent history is an excellent introduction to the study of Soviet policy in Scandinavia It focuses on the history of mutual entanglement among the Slavs Germans and Nordic peoples in peace as well as in war The Nordic Balance meant that the NATO membership of Norway Denmark and Iceland was balanced by Finland's security relationship with Russia while Sweden's armed neutrality acted as a buffer between the Eastern and Western spheres of influence The concept embodied a tacit recognition by all parties that this balance was stable and that any attempt to tilt it would meet a corresponding reaction from the other side

**Saudi Arabia in the Oil Era (RLE Saudi Arabia)** Mordechai Abir, 2020-07-26 Saudi Arabia has undergone a rapid social and economic transformation When Ibn Saud declared the nation a unified kingdom in 1932 the majority of its population was nomadic and lived in a state of poverty or semi-poverty Now the processes of modernisation financed by the exploitation of the country's vast oil reserves have produced a prosperous and predominantly urban population However this social change has not been without its tensions the emergence of a rising middle class has called into question the monopoly of power of the House of Saud its involvement in the kingdom's economy and its oil and foreign policy while the rapid urbanisation of the rural population has eroded the traditional social structures and has not solved but in some cases promoted social division This book first published in 1988 explores the recent history of

Jankowski,1987-01-29 Throughout the 20th century Egyptian nationalism has alternately revolved around three primary axes a local Egyptian territorial nationalism a sense of Arab ethnic linguistic nationalism and an identification with the wider Muslim community This detailed study is devoted to the first major phase in the perennial debate over nationalism in modern Egypt the territorial nationalism dominant in Egypt in the early 20th century The first section of the book examines the effects of World War I and its aftermath which temporarily gave rise to an exclusively Egyptianist national orientation in Egypt Subsequent sections consider the intellectual and political dimensions of Egyptian interwar years Egypt Islam and the Arabs is the first volume in a new Oxford series Studies in Middle Eastern History The General Editors of the series are Bernard Lewis of Princeton University Itamar Rabinovich of Tel Aviv University and Roger M Savory of the University of Toronto The Religion of American Greatness Paul D. O. Mbadiwe** Hollis R. Lynch,2012-05-03 This book offers a comprehensive political biography of Kingsley Ozuomba Mbadiwe 1915 1990 a central figure in Nigerian political history for more than forty years Starting in 1936 as a protégé of Nnamdi Azikiwe then Nigeria's most renowned nationalist Mbadiwe himself by the 1950s became a frontline nationalist And next to Tafawa Balewa from the North who became Prime Minister in 1957 he was the most important figure in the Nigerian Federal Government between 1952 and Nigeria's first military coup in 1966 During this time he held a succession of important Cabinet positions and was Parliamentary Leader of the National Council of Nigeria and the Cameroons NCNC which was in a ruling alliance with the Northern People's Congress NPC In contrast his older prominent political contemporaries Azikiwe of the Eastern Region Igbo Leader of the NCNC Obafemi Awolowo of the Western Region Yoruba Leader of the Action Group AG and Ahmadu Bello of the Northern Region Fulani Leader of the NPC all carved out their political careers totally or largely at the regional level Throughout his political career Mbadiwe's focus was always at the national level Truly it has been stated that Mbadiwe was one of the founding fathers of the Nigerian State Nonetheless Mbadiwe's ambition for himself to lead Nigeria and for his nation to set it on the path to greatness faced insuperable difficulties In a country of widespread poverty high illiteracy and a grossly underdeveloped private sector there were fierce ethnic and regional conflicts for the control of governments and

resources leading to massive corruption and serious instability This in turn led to prolonged military rule twenty years in Mbadiwe s lifetime which was often more corrupt and repressive than civilian rule and was bitterly deprecated by Mbadiwe

Between Two Worlds: A Rajput Officer in the Indian Army, 1905-21 DeWitt C. Ellinwood, 2005-02-15 Diary of Amar Singh with annotations commentary and introduction by DeWitt C Ellinwood Jr      **The Nationalist Ferment** Marie-Jeanne Rossignol, 2003      **Indians in Unexpected Places** Philip Joseph Deloria, 2004 Despite the passage of time our vision of Native Americans remains locked up within powerful stereotypes That s why some images of Indians can be so unexpected and disorienting What is Geronimo doing sitting in a Cadillac Why is an Indian woman in beaded buckskin sitting under a salon hairdryer Such images startle and challenge our outdated visions even as the latter continue to dominate relations between Native and non Native Americans Philip Deloria explores this cultural discordance to show how stereotypes and Indian experiences have competed for ascendancy in the wake of the military conquest of Native America and the nation s subsequent embrace of Native authenticity Rewriting the story of the national encounter with modernity Deloria provides revealing accounts of Indians doing unexpected things singing opera driving cars acting in Hollywood in ways that suggest new directions for American Indian history Focusing on the late nineteenth and early twentieth centuries a time when according to most standard American narratives Indian people almost dropped out of history itself Deloria argues that a great many Indians engaged the very same forces of modernization that were leading non Indians to reevaluate their own understandings of themselves and their society He examines longstanding stereotypes of Indians as invariably violent suggesting that even as such views continued in American popular culture they were also transformed by the violence at Wounded Knee He tells how Indians came to represent themselves in Wild West shows and Hollywood films and also examines sports music and even Indian people s use of the automobile an ironic counterpoint to today s highways teeming with Dakota pick ups and Cherokee sport utility vehicles Throughout Deloria shows us anomalies that resist pigeonholing and force us to rethink familiar expectations Whether considering the Hollywood films of James Young Deer or the Hall of Fame baseball career of pitcher Charles Albert Bender he persuasively demonstrates that a significant number of Indian people engaged in modernity and helped shape its anxieties and its textures at the very moment they were being defined as primitive These secret histories Deloria suggests compel us to reconsider our own current expectations about what Indian people should be how they should act and even what they should look like More important he shows how such seemingly harmless even if unconscious expectations contribute to the racism and injustice that still haunt the experience of many Native American people today      **The Foundations of Ethnic Politics** Henry E. Hale, 2008-06-30 Despite implicating ethnicity in everything from civil war to economic failure researchers seldom consult psychological research when addressing the most basic question What is ethnicity The result is a radical scholarly divide generating contradictory recommendations for solving ethnic conflict Research into how the human brain actually works demands a revision of

existing schools of thought Hale argues ethnic identity is a cognitive uncertainty reduction device with special capacity to exacerbate but not cause collective action problems This produces a new general theory of ethnic conflict that can improve both understanding and practice A deep study of separatism in the USSR and CIS demonstrates the theory s potential mobilizing evidence from elite interviews three local languages and mass surveys The outcome significantly reinterprets nationalism s role in CIS relations and the USSR s breakup which turns out to have been a far more contingent event than commonly recognized
