Breaks Ben Aitken,2025-05-08 Not everything that glitters is gold which is why bestselling travel writer Ben Aitken went to Wolverhampton for the weekend Over the next year the author of A Chip Shop in Pozna and The Gran Tour visited the least popular places in the UK and Ireland for a city break as ranked by national tourism boards The motivation wasn t to take the biscuit or to stick the boot in but to seek out the good stuff to uncover the gems to have a good time By doing so he hoped to demonstrate that anywhere like anyone can be interesting and nourishing and enjoyable if approached in the right fashion i e with your eyes closed Ben stayed in a treehouse in Newry went skydiving in Milton Keynes and suffered jellied eels in Chelmsford He went curling in Preston to the football in Wrexham and had far too much craic in Limerick The result is a celebration of the underdog a hymn to the wrong direction and evidence that there s no such thing as a shitty break What s more by spreading its attention and affection beyond the usual suspects which are often overdone and overpriced Shitty Breaks promotes a less expensive and more sustainable brand of travel and tourism **Black British Literature** Mark

Stein,2004 In this fascinating book Mark Stein examines black British literature centering on a body of work created by British based writers with African South Asian or Caribbean cultural backgrounds Linking black British literature to the bildungsroman genre this study examines the transformative potential inscribed in and induced by a heterogeneous body of texts Capitalizing on their plural cultural attachments these texts portray and purvey the transformation of post imperial Britain Stein locates his wide ranging analysis in both a historical and a literary context He argues that a cross cultural and interdisciplinary approach is essential to understanding post colonial culture and society The book relates black British literature to ongoing debates about cultural diversity and thereby offers a way of reading a highly popular but as yet relatively uncharted field of cultural production With the collapse of its empire with large scale immigration from former colonies and with ever increasing cultural diversity Britain underwent a fundamental makeover in the second half of the twentieth century This volume cogently argues that black British literature is not only a commentator on and a reflector of

this makeover but that it is simultaneously an agent that is integral to the processes of cultural and social change
