Native Canadiana Songs From The Urban Rez:

Indigenous Poetics in Canada Neal McLeod, 2014-05-16 *Indigenous Poetics in Canada* broadens the way in which Indigenous poetry is examined studied and discussed in Canada Breaking from the parameters of traditional English literature studies this volume embraces a wider sense of poetics including Indigenous oralities languages and understandings of place Featuring work by academics and poets the book examines four elements of Indigenous poetics First it explores the poetics of memory collective memory the persistence of Indigenous poetic consciousness and the relationships that enable the Indigenous storytelling process The book then explores the poetics of performance Indigenous poetics exist both in written form and in relation to an audience Third in an examination of the poetics of place and space the book considers contemporary Indigenous poetry and classical Indigenous narratives Finally in a section on the poetics of medicine contributors articulate the healing and restorative power of Indigenous poetry and narratives *Native Poetry in Canada*

Jeannette Armstrong, Lally Grauer, 2001-08-21 *Native Poetry in Canada A Contemporary Anthology* is the only collection of its kind It brings together the poetry of many authors whose work has not previously been published in book form alongside that of critically acclaimed poets thus offering a record of Native cultural revival as it emerged through poetry from the 1960s to the present The poets included here adapt English oratory and above all a sense of play *Native Poetry in Canada* suggests both a history of struggle to be heard and the wealth of Native cultures in Canada today *Ten Canadian Writers in Context*

Ying Chen, 2016-06-27 Ten years ten authors ten critics The Canadian Literature Centre Centre de littérature canadienne reached into its Brown Bag Lunch Reading Series to present a sampling of some of the most diverse and powerful voices in contemporary Canadian literature from Newfoundland to British Columbia Each piece is accompanied by a concise critical essay addressing the author's writerly preoccupations and practices The literary selections and essays will be of interest to engaged readers who want direction in analyzing these authors work as well as to teachers and students of Canadian literature *Transnational Canadas*

Kit Dobson, 2011-04-07 *Transnational Canadas* marks the first sustained inquiry into the relationship between globalization and Canadian literature written in English Tracking developments in the literature and its study from the centennial period to the present it shows how current work in transnational studies can provide new insights for researchers and students Arguing first that the dichotomy of Canadian nationalism and globalization is no longer valid in today's economic climate *Transnational Canadas* explores the legacy of leftist nationalism in Canadian literature It examines the interventions of multicultural writing in the 1980s and 1990s investigating the cultural politics of the period and how they increasingly became part of Canada's state structure Under globalization the book concludes we need to understand new forms of subjectivity and mobility as sites for cultural politics and look beyond received notions of belonging and being An original contribution to the study of Canadian literature *Transnational Canadas* seeks to invigorate discussion by challenging students and researchers to understand the national and the global simultaneously to look at the politics of

identity beyond the rubric of multiculturalism and to rethink the slippery notion of the political for the contemporary era

The Cambridge Companion to Canadian Literature Eva-Marie Kröller, 2017-05-27 This fully revised second edition of *The Cambridge Companion to Canadian Literature* offers a comprehensive introduction to major writers, genres and topics. For this edition, several chapters have been completely rewritten to reflect major developments in Canadian literature since 2004. Surveys of fiction, drama and poetry are complemented by chapters on Aboriginal writing, autobiography, literary criticism, writing by women and the emergence of urban writing. Areas of research that have expanded since the first edition include environmental concerns and questions of sexuality, which are freshly explored across several different chapters. A substantial chapter on francophone writing is included. Authors such as Margaret Atwood, noted for her experiments in multiple literary genres, are given full consideration, as is the work of authors who have achieved major recognition, such as Alice Munro, recipient of the Nobel Prize for literature.

Native Canadiana Gregory A. Scofield, 1996 Scofield's lyricism is stunning. Gets within the skin. Be careful. These songs are so beautiful they are dangerous. Native American poet, singer and storyteller Joy Harjo. These are poems that dig deeply into oral tradition in order to speak shattering truths of street life in the urban rez. *The Small Press Magazine*

The Routledge Introduction to Canadian Literature and Illness Jessica Duffin Wolfe, 2025-06-06 *The Routledge Introduction to Canadian Literature and Illness* considers the key literary and historical frameworks for reading stories about sickness. Transcending disciplinary boundaries, this book analyzes narrative depictions of major epidemics, disastrous injuries, mental and maternal health, medical assistance in dying and the curative effects of decolonization. This accessible and engaging guide illustrates how illness encompassing states of physical and mental disorder, injury and disruption provides structure and focus to many of the most significant works of English narrative published in Canada. Giving distinct consideration to Indigenous authors who may or may not identify as Canadian and whose representations of illness reflect centuries of colonial violence, this volume offers timely resources to think critically and originally about the Canadian canon for fruitful classroom discussion. Students of both literature and health humanities will find that this book deepens their understanding of literary portrayals of illness and the impact of narrative on concepts of affliction and healing.

Cultural Grammars of Nation, Diaspora, and Indigeneity in Canada Christine Kim, Sophie McCall, Melina Baum Singer, 2012-05-09 *Cultural Grammars of Nation, Diaspora and Indigeneity in Canada* considers how the terms of critical debate in literary and cultural studies in Canada have shifted with respect to race, nation and difference. In asking how Indigenous and diasporic interventions have remapped these debates, the contributors argue that a new cultural grammar is at work and attempt to sketch out some of the ways it operates. The essays reference pivotal moments in Canadian literary and cultural history and speak to ongoing debates about Canadian nationalism, postcolonialism, migrancy and transnationalism. Topics covered include the Asian race riots in Vancouver in 1907, the cultural memory of internment and dispersal of Japanese Canadians in the 1940s, the politics of migrant labour and the domestic labour scheme in the 1960s.

and the trial of Robert Pickton in Vancouver in 2007 The contributors are particularly interested in how diaspora and indigeneity continue to contribute to this critical reconfiguration and in how conversations about diaspora and indigeneity in the Canadian context have themselves been transformed Cultural Grammars is an attempt to address both the interconnections and the schisms between these multiply fractured critical terms as well as the larger conceptual shifts that have occurred in response to national and postnational arguments
