whether he is Shuar or Achuar in what may be an effort to perpetuate his legend and the power it gives him **The American Folklore Society Newsletter**, 1989 *Newsletter*, 1988 **L'intimité culturelle** Michael Herzfeld, 2017-02-03T00:00:00-05:00 Dans cette édition française de Cultural Intimacy l'anthropologue Michael Herzfeld revisite l'idée d'intimité culturelle paradoxe qui se laisse percevoir lorsque certains individus rejettent les normes culturelles et les règles définies par l'Etat et cependant en temps de crise s'avèrent être les plus loyaux de ses citoyens Il emploie la notion de politique sociale pour délimiter les contours de l'identité culturelle en explorant la division entre les modèles officiels de la culture nationale et les expériences des citoyens ordinaires Herzfeld dévoile cette tension au moyen de la notion de nostalgie structurelle le moyen par lequel les gens utilisent les images d'une perfection perdue pour tenter d'élucider le triste état du monde d'aujourd'hui et en particulier la nécessité d'édicter des lois ou de leur résister Depuis la première publication de Cultural Intimacy les idées de Michael Herzfeld ont obtenu une large reconnaissance et plusieurs termes qu'il y a développé sont entrés dans le lexique anthropologique la nostalgie structurelle la politique sociale et l'intimité culturelle elle-même Dans cette édition française Herzfeld largit la discussion ce que l'intimité culturelle en est venue à signifier et il explore la manière par laquelle elle peut contribuer aux études actuelles sur les processus globaux et sur les forces qui leur résistent *Anthropology Newsletter*, 1998 *The Standard Periodical Directory*, 2001 **The Origins of Mexican Catholicism** Osvaldo F. Pardo, 2004 Offers a nuanced account of the evangelization in the Americas of the sixteenth century *Forthcoming Books* Rose Arny, 1992 *Cosmos, Self, and History in Baniwa Religion* Robin M. Wright, 2010-07-22 The Baniwa Indians of the Northwest Amazon have engaged in millenarian movements since at least the middle of the nineteenth century The defining characteristic of these movements is usually a prophecy of the end of this present world and the restoration of the primordial utopian world of creation This prophetic message delivered by powerful shamans has its roots in Baniwa myths of origin and creation In this ethnography of Baniwa religion Robin M Wright explores the myths of creation and how they have been embodied in religious movements and social action particularly in a widespread conversion to evangelical Christianity He opens with a discussion of cosmogony cosmology and shamanism and then goes on to explain how Baniwa origin myths have played an active role in shaping both personal and community identity and history He also explores the concepts of death and eschatology and shows how the mythology of destruction and renewal in Baniwa religion has made the Baniwa people receptive to both Catholic and Protestant missionaries *Subject Guide to Books in Print*, 1996 *Indigenous Cosmologies* Gloria Elizabeth Chacón, 2018-09-28 Latin America's Indigenous writers have long labored under the limits of colonialism but in the late twentieth and twenty first centuries they have constructed a literary corpus that moves them beyond those parameters Gloria E Chacón considers the growing number of contemporary Indigenous writers who turn to Maya and Zapotec languages alongside Spanish translations of their work to challenge the tyranny of monolingualism and cultural homogeneity Chacón argues that these Maya and Zapotec authors reconstruct an Indigenous literary tradition rooted in an

Indigenous cosmolectics a philosophy originally grounded in pre Columbian sacred conceptions of the cosmos time and place and now expressed in creative writings More specifically she attends to Maya and Zapotec literary and cultural forms by theorizing kab awil as an Indigenous philosophy Tackling the political and literary implications of this work Chac n argues that Indigenous writers use of familiar genres alongside Indigenous language use of oral traditions and new representations of selfhood and nation all create space for expressions of cultural and political autonomy Chac n recognizes that Indigenous writers draw from universal literary strategies but nevertheless argues that this literature is a vital center for reflecting on Indigenous ways of knowing and is a key artistic expression of decolonization **Books in Print** ,1991
