

NATIVE PRAGMATISM

*Rethinking the Roots
of
American Philosophy*

SCOTT L. PRATT

Native Pragmatism

John Lachs, Robert B. Talisse

Native Pragmatism:

Native Pragmatism Scott L. Pratt, 2002-04-01 Pragmatism is America's most distinctive philosophy. Generally, it has been understood as a development of European thought in response to the American wilderness. A closer examination, however, reveals that the roots and central commitments of pragmatism are indigenous to North America. Native Pragmatism recovers this history and thus provides the means to re-conceive the scope and potential of American philosophy. Pragmatism has been at best only partially understood by those who focus on its European antecedents. This book casts new light on pragmatism's complex origins and demands a rethinking of African American and feminist thought in the context of the American philosophical tradition. Scott L. Pratt demonstrates that pragmatism and its development involved the work of many thinkers previously overlooked in the history of philosophy.

Storytelling Organizational Practices David M. Boje, 2014-06-20 Once upon a time, the practice of storytelling was about collecting interesting stories about the past and converting them into soundbite pitches. Now, it is more about foretelling the ways the future is approaching the present, prompting a re-storying of the past. Storytelling has progressed and is about a diversity of voices, not just one teller of one past; it is how a group or organization of people negotiates the telling of history and the telling of what future is arriving in the present. With the changes in storytelling practices and theory, there is a growing need to look at new and different methodologies. Within this exciting new book, David M. Boje develops new ways to ask questions in interviews and make observations of practice that are about storytelling the future. This, after all, is where management practice concentrates its storytelling, while much of the theory and method work is all about how the past might recur in the future. *Storytelling Organizational Practices* takes the reader on a journey from looking at narratives of past experience through looking at living stories of emergence in the present to looking at how the future is arriving in ways that prompt a re-storying of the past.

Embodying Pragmatism Wojciech Maleski, 2010 *Embodying Pragmatism* is the first monograph in English devoted to Richard Shusterman, an internationally renowned philosopher and one of today's most innovative thinkers in pragmatism and aesthetics. The book presents a comprehensive account of Shusterman's principal philosophical ideas concerning pragmatism, aesthetics, and literary theory, including such themes as interpretation, aesthetic experience, popular art, and human embodiment, culminating in his proposal of a new discipline called somaesthetics. As Shusterman's philosophical writings involve a dialogue with both analytic and continental traditions, this monograph not only offers a critical vision of contemporary pragmatist thought but also situates Shusterman and pragmatism within the current state of theory.

Self, War, and Society Mary Jo Deegan, 2017-09-08 George Herbert Mead (1863-1931) is a founding figure in the field of sociology. His stature is comparable to that of his contemporaries, Emile Durkheim and Max Weber. Mead's contribution was a profound and unique American theory that analyzed society and the individual as social objects. As Mead saw it, both society and the individual emerged from cooperative democratic processes linking the self, the other, and the community. Mary Jo Deegan, a leading scholar of Mead's

work traces the evolution of his thought its continuity and change She is particularly interested in the most controversial period of Mead s work in which he addressed topics of violence and the nation state Mead s theory of war peace and society emerged out of the historical events of his time particularly World War I During this period he went from being a pacifist along with his contemporaries John Dewey and Jane Addams to being a strong advocate for war From 1917 1918 Mead became a leader in voicing the need for war based on his theory of self and society After the war he became disillusioned with President Woodrow Wilson with Americans failure to support mechanisms for international arbitration and with the political reasons for American participation in World War I He returned to a more pacifist and co operative model of behavior during the 1920s when he became less political more abstract and more withdrawn from public debate The book includes Deegan s interpretation of Mead s early social thought his friendship and family networks the historical context of America at war and the importance of analysis of violence and the state from Mead s perspective She also provides illustrative selections from Mead s work much of which was previously unpublished

Reconstructing Pragmatism Chris Voparil, Christopher J. Voparil, 2022 Known as the bad boy of American philosophy Richard Rorty bears a complex relation to the tradition of American pragmatism Chris Voparil aims to provide a counterweight to the reams of criticism of Rorty s alleged distortions and misunderstandings of the so called classical pragmatists Peirce James Dewey Royce Addams He offers an updated interpretation of Rorty s rejuvenated pragmatism newly relevant for today that responds to and moves beyond the philosopher s critical challenges

Avatar and Philosophy George A. Dunn, 2014-09-04 James Cameron s critically acclaimed movie Avatar was nominated for nine Academy Awards and received countless accolades for its breath taking visuals and use of 3D technology But beyond its cinematic splendour can Avatar also offer us insights into business ethics empathy disability and the relationship between mind and body Can getting to know the Na vi an alien species enlarge our vision and help us to see both our world and ourselves in new ways Avatar and Philosophy is a revealing journey through the world of Pandora and the huge range of philosophical themes raised by James Cameron s groundbreaking film Explores philosophical issues such as religion morality aesthetics empathy identity the relationship of mind and body environmental and business ethics technology and just war theory Examines a wide range of topics from the blockbuster movie including attitudes toward nature our responsibilities to nonhuman species colonialism disability and communitarian ethics Written by an esteemed group of philosophers who are avid fans of Avatar themselves Explains philosophical concepts in an enjoyable and accessible manner that will appeal to all levels of readers With a new trilogy of sequels now announced this is the ideal entry point for understanding the world of Pandora for fans and newcomers alike

Globalization and Global Citizenship Irene Langran, Tammy Birk, 2016-06-10 Globalization and Global Citizenship examines the meaning and realities of global citizenship as a manifestation of recent trends in globalization In an interdisciplinary approach the chapters outline and analyse the most significant dimensions of global citizenship including transnational historical and cultural variations in its

practice foreign and domestic policy influences and its impact on personal identities The contributions ask and explore questions that are of immediate relevance for today's scholars including How does globalization in its current form present a new set of challenges for states non state actors and individual citizens How has globalization diminished expanded or complicated notions of citizenship What rights could exist outside the context of state sovereignty How can social accountability be imagined beyond the borders of towns cities or states What forms of political representational legitimacy could be productive on the global level When is it useful possible or desirable for individuals to identify with global political communities Drawing together a broad range of contributors and cutting edge research the volume offers chapters that seek to reflect the full spectrum of approaches and topics providing a valuable resource which highlights the value of an extended and thoughtful study of the idea and practice of global citizenship within a broader consideration of the processes of globalization It will be of great use to graduates and scholars of international relations sociology and global studies affairs as well as globalization

The Oxford Handbook of Jane Addams Patricia M. Shields, Maurice Hamington, Joseph Soeters, 2023 The Oxford Handbook of Jane Addams is a selective collection of original analyses offered by an international group of social and political theorists who have contributed to the burgeoning field of Addams Studies This collection pays particular attention to her contributions to scholarly fields of sociology and philosophy as well as to more professional disciplines of public administration and social work Furthermore this volume signifies Addams's global impact as scholars from all over the world contribute to the tapestry of her intellectual legacy

Toward a Pragmatist Metaethics Diana Heney, 2016-05-20 In our current social landscape moral questions about economic disparity disadvantaging biases and scarcity are rightly receiving attention with a sense of urgency This book argues that classical pragmatism offers a compelling and useful account of our engagement with moral life The key arguments are first that a broader reading of the pragmatist tradition than is usually attempted within the context of ethical theory is necessary and second that this broad reading offers resources that enable us to move forward in contemporary debates about truth and principles in moral life The first argument is made by demonstrating that there is an arc of theoretical unity that stretches from two key founders of pragmatism Charles Sanders Peirce and William James through the work of John Dewey and Clarence Irving Lewis The second argument is made by engaging with contemporary debates concerning the truth status of the judgments and assertions made in ordinary moral discourse as well as the role and nature of moral principles Toward a Pragmatist Metaethics will be of interest to scholars of American philosophy American intellectual history and moral and political theorists as well as anyone interested in the contours and demands of shared moral discourse

New World, Known World David Read, 2005 New World Known World examines the works of four writers closely associated with the early period of English colonization from 1624 to 1649 John Smith's Generall Historie of Virginia William Bradford's Of Plymouth Plantation Thomas Morton's New English Canaan and Roger Williams's A Key into the Language of America in conjunction with another

of Williams's major works *The Bloudy Tenent of Persecution* David Read addresses these texts as examples of what he refers to as individual knowledge projects the writers attempt to shape raw information and experience into patterns and narratives that can be compared with and assessed against others from a given society's fund of accepted knowledge Read argues that the body of Western knowledge in the period immediately before the development of well defined scientific disciplines is primarily the work of individuals functioning in relative isolation rather than institutions working in concert The European colonization of other regions in the same period exposes in a way few historical situations do both the complexity and the uncertainty involved in the task of producing knowledge Read treats each work as the project of a specific mind reflecting a high degree of intentionality and design and not simply as a collection of documentary evidence to be culled in the service of a large scale argument He shows that each author adds a distinct voice to the experience of North American colonization and that each articulates it in ways that are open to analysis in terms of form style convention rhetorical strategies and applications of metaphor and allegory By applying the tools of literary interpretation to colonial texts Read reaches a fuller understanding of the immediate consequences of English colonization in North America on the culture's base of knowledge Students and scholars of early modern colonialism and transatlantic studies as well as those with interests in seventeenth century American and English literature should find this book of particular value

Living with Animals Erin McKenna, 2020-11-15 *Living with Animals* brings a pragmatist ecofeminist perspective to discussions around animal rights animal welfare and animal ethics to move the conversation beyond simple use or non use decisions Erin McKenna uses a case study approach with select species to question how humans should live and interact with various animal beings through specific instances of such relationships Addressing standard topics such as the use of animals for food use for biomedical research use in entertainment use as companions use as captive specimens in zoos and use in hunting and ecotourism through a revolutionary pluralist and experimental approach McKenna provides an uncommonly nuanced account for complex relationships and changing circumstances Rather than seek absolute moral stands regarding human relationships with other animal beings and rather than trying to end such relationships altogether the book urges us to make existing relations better

Dance, Architecture and Engineering Adesola Akinleye, 2021-03-25 This book was born from a year of exchanges of movement ideas generated in cross practice conversations and workshops with dancers musicians architects and engineers Events took place at key cultural institutions such as the Royal Academy of Arts London and The Lowry Salford as well as on site at architectural firms and on the streets of London The author engages with dance's offer of perspectives on being in place how the ordinary person is facilitated in experiencing the dance of the city while also looking at shared cross practice understandings in and about the body weight and rhythm There is a prioritizing of how embodied knowledges across dance architecture and engineering can contribute to decolonizing the production of place in particular how dance and city making cultures engage with female bodies and non white bodies in today's era of MeToo and BlackLivesMatter

Akinleye concludes in response conversations about ideas raised in the book with John Bingham Hall Liz Lerman Dianne McIntyer and Richard Sennett The book is a fascinating resource for those drawn to spatial practices from dance to design to construction

Re-creating the Circle LaDonna Harris,Stephen M. Sachs,Barbara Morris,2011-12-16 A collaboration between Native activists professionals and scholars Re Creating the Circle brings a new perspective to the American Indian struggle for self determination the returning of Indigenous peoples to sovereignty self sufficiency and harmony so that they may again live well in their own communities while partnering with their neighbors the nation and the world for mutual advancement Given the complexity in realizing American Indian renewal this project weaves the perspectives of individual contributors into a holistic analysis providing a broader understanding of political economic educational social cultural and psychological initiatives The authors seek to assist not only in establishing American Indian nations as full partners in American federalism and society but also in improving the conditions of Indigenous people world wide while illuminating the relevance of American Indian tradition for the contemporary world facing an abundance of increasing difficulties Richard Rorty and the Problem of Postmodern Experience Tobias Timm,2019-07-05 Richard Rorty perhaps the most important philosopher of the past century refused to write meaningfully about experience due to his postmodern inclination to associate experience with a belief in objectivity and foundational truths Richard Rorty and the Problem of Postmodern Experience A Reconstruction explores the context reasoning and consequences of this resistance While for much of our history experience was valued for its potential to teach us about the world Rorty and his fellow postmodern thinkers encouraged us to doubt the narrative that we can use experience to make epistemological progress Rather than pursue universal truths about the world Rorty suggested that we recognize all of our beliefs about the world as being social constructions In his project to recover a concept of experience from within the framework Rorty has constructed Tobias Timm describes how classical pragmatist theories of experience are na ve about the problem of foundationalism He also explains how the most common phenomenological work lacks an active subject experience here is simply something that happens to us rather than something we actively seek to improve Timm demonstrates that despite Rorty s insistence that we talk about language instead of experience there are strong experiential elements in his work Rorty s romanticism and his optimism about the accomplishments of western culture are remedial to the pessimism of postmodern discussions about experience *The Blackwell Guide to American Philosophy* Armen T. Marsoobian,John Ryder,2008-04-15 The Blackwell Guide to American Philosophy offers the most ambitious survey to date of American philosophical thought Provides a comprehensive history of philosophical thought in America Brings together 24 newly commissioned essays written by leading scholars in American philosophy Covers all of the major eighteenth nineteenth and twentieth century philosophical movements in America including idealism pragmatism and naturalism Examines the major figures and themes in American philosophical thought Includes useful bibliographies *The Oxford Handbook of Religion and Economic Ethics* Albino Barrera,Roy C. Amore,2024

This innovative collection of essays draws together and compares the teachings of world and regional religions on the subject of economic morality

Theology and Game of Thrones Matthew William Brake, 2022-02-03 This book explores many of the theological and religious themes present in the Game of Thrones HBO television series and George R R Martin's A Song of Ice and Fire novels Written for academics yet accessible for the layperson the chapters explore themes of power religion and sacred institutions in Westeros Christian ecclesiology in the Night's Watch and the religion of the Iron Islands Augustinian notions of evil in the Night King and anthropology in the Seven Orientalism Hinduism and the many worldviews in the World of Ice and Fire and the series more controversial and disturbing themes of rape and death Theology and Game of Thrones will appeal to theology and religious studies scholars and fans alike as it explores these elements in Martin's complex fantasy epic

Some Pragmatist Themes David S. Clarke, 2007-01-01 In *Some Pragmatist Themes* D S Clarke shows the relevance of classical pragmatism to recent American philosophy He outlines pragmatism's two central claims and then demonstrates how these claims generate views on issues dominating contemporary discussions including the nature of truth the structure of moral reasoning and the social role of philosophy

American Philosophy: An Encyclopedia John Lachs, Robert B. Talisse, 2008-03-31 The Encyclopedia of American Philosophy provides coverage of the major figures concepts historical periods and traditions in American philosophical thought Containing over 600 entries written by scholars who are experts in the field this Encyclopedia is the first of its kind It is a scholarly reference work that is accessible to the ordinary reader by explaining complex ideas in simple terms and providing ample cross references to facilitate further study The Encyclopedia of American Philosophy contains a thorough analytical index and will serve as a standard comprehensive reference work for universities and colleges Topics covered include Great philosophers Emerson Dewey James Royce Peirce Santayana Subjects Pragmatism Progress the Future Knowledge Democracy Growth Truth Influences on American Philosophy Hegel Aristotle Plato British Enlightenment Reformation Self Assessments Joe Margolis Donald Davidson Susan Haack Peter Hare John McDermott Stanley Cavell Ethics Value Pleasure Happiness Duty Judgment Growth Political Philosophy Declaration of Independence Democracy Freedom Liberalism Community Identity

Feminist Interpretations of John Dewey Charlene Haddock Seigfried, 2010-11-01 This is the first collection of essays to evaluate John Dewey's pragmatist philosophy from a feminist perspective The variety of feminist interpretations offered here ranges from Jane Addams's praise for his collegial efforts to resolve the problems of the inner city to contemporary comparisons of his approach with Addams's own critique of capitalism as patriarchal In between are essays assessing Dewey's contributions to feminist theory and practice both in his lifetime and in regard to contemporary feminist approaches to education subjectivity objectivity and truth and social and political philosophy At a time when feminists are questioning and developing alternatives to the scientific value free inquiry advocated by logical positivism the myth of detached observation informing the epistemological turn rationalistic ethics and the model of an unattached nonrelational subject this book reminds us of Dewey's early and

passionate opposition to the same assumptions and his reconstruction of philosophy as a method of moral and political diagnoses and prognosis It has often been remarked that Dewey s pragmatism provides a genuine alternative to the usual masculinist biases of Western philosophy and the various essays in this book develop this claim more extensively Contributors besides the editor are Jane Addams Ana M Mart nez Alem n Paula Droege Marilyn Fischer Eugenie Gatens Robinson Judith M Green Lisa Heldke Ellen Condliffe Lagemann Erin McKenna Marjorie C Miller Elizabeth Kamarck Minnich and Shannon Sullivan

This book delves into Native Pragmatism. Native Pragmatism is a crucial topic that needs to be grasped by everyone, ranging from students and scholars to the general public. The book will furnish comprehensive and in-depth insights into Native Pragmatism, encompassing both the fundamentals and more intricate discussions.

1. The book is structured into several chapters, namely:

- Chapter 1: Introduction to Native Pragmatism
- Chapter 2: Essential Elements of Native Pragmatism
- Chapter 3: Native Pragmatism in Everyday Life
- Chapter 4: Native Pragmatism in Specific Contexts
- Chapter 5: Conclusion

2. In chapter 1, the author will provide an overview of Native Pragmatism. The first chapter will explore what Native Pragmatism is, why Native Pragmatism is vital, and how to effectively learn about Native Pragmatism.
3. In chapter 2, the author will delve into the foundational concepts of Native Pragmatism. The second chapter will elucidate the essential principles that need to be understood to grasp Native Pragmatism in its entirety.
4. In chapter 3, the author will examine the practical applications of Native Pragmatism in daily life. This chapter will showcase real-world examples of how Native Pragmatism can be effectively utilized in everyday scenarios.
5. In chapter 4, the author will scrutinize the relevance of Native Pragmatism in specific contexts. This chapter will explore how Native Pragmatism is applied in specialized fields, such as education, business, and technology.
6. In chapter 5, the author will draw a conclusion about Native Pragmatism. This chapter will summarize the key points that have been discussed throughout the book.

This book is crafted in an easy-to-understand language and is complemented by engaging illustrations. It is highly recommended for anyone seeking to gain a comprehensive understanding of Native Pragmatism.
